Never play the game without an Ace up your sleeve.

During her years of finding and selling artifacts on the arcane black market, Tarot reader Sara Wilde has made a bona fide killing. Now, as the recently appointed head of an ancient Connected syndicate, she's forced to take a truly deadly role in the war on magic.

Within the House of Swords, every blade cuts deep. Usurpers and claimants attack from all sides, while the Magician's insidious pull on Sara becomes ever more twisted and beguiling. As she struggles to strengthen her position and manage her new, unwieldy abilities, Sara discovers her greatest challenge yet: a master warrior determined to deliver the syndicate and everyone it protects to its mortal enemy. Bolstered by an unexpected Ace and a mystical sword, and faced with a round-the-world race to outmaneuver friends and foes alike, Sara's future balances on a merciless edge.

The cards can cut both ways when you play ACES WILDE.

Very interesting and excellent book! Sara has a new role to play involving houses and swords. Her trip to hell to get the Magician has her hiding something from the Magician and not accepting the results of it herself. Nigel has an interesting role with the houses. Sara must accept her role as head of the house and fight for it as well. A past nemesis will affect many of her decisions. The book ends with a very interesting twist. Read and enjoy as I am off to read the next in the series!

Oooh, this series!

Admittedly some bits bore me (generally the history associated with the treasure hunting) but the actual treasure hunting itself? Well, that bits fun. Very Indiana Jones/Lara Croft only with tarot cards. But really, for me, it's Sara and the Magician, and that chemistry they have burning between them. Please tell me that reaches boiling point soon..?

And then that bit at the end. Need book 6!

Ken Liljengren says

I don't believe it!!!

This book was even better than book 4!

Now, I don't want to wait for book #6 for too long.

Thank You Ms Stark

Mesmerizing

Action suspense and twists with a splash of sexual tension between the characters. What more could you ask for..... the next book in the series of course. Jennifer Stark delivers

So... I'm a bit torn about this book. There was mostly good in this book (hence the 4 stars) but there were some things that really bugged me.

What I found most annoying was the extreme overuse of idioms, particularly from Nikki. Nikki also has a bad habit of cracking jokes and using innuendo at the most inappropriate times.

I also wasn't a big fan of Armaeus. I get it, character development and all, but I found myself rooting for Brody in this book, even though I know it's never going to happen.

There were also several times where I just had no idea what was happening (like the showdown with Gamon's usurper and multiple magical episodes - for lack of better word - with Armaeus).

But I do like Sara. And I think the world is enthralling and unique. Overall I really did enjoy the book and am very excited to read the next.

Et bien ! Enfin un gros changement dans cette série, il était temps !

J'ai bien apprécié ma lecture et j'ai hâte de voir ce que ça va donner pour le futur.

Quand on arrive aussi loin dans une série d'urban fantasy, en général c'est qu'on apprécie le personnage, sinon on a largement le temps d'abandonner pour se consacrer à autre chose. Mais néanmoins j'avoue que je trépignais un peu sur cette série. En effet, malgré mes bonnes lectures à chaque fois, j'avais vraiment envie que la situation générale bouge un peu et qu'on sorte des intrigues indépendantes pour se consacrer vraiment aux personnages.

C'était déjà un peu le cas dans le précédent où l'héroïne avait eu un gros choc qui l'avait un peu réveillée et fait changer. Mais ici on a enfin LE changement qui à mon avis va tout changer. Enfin ... "A mon avis" parce qu'il a vraiment lieu sur la dernière ligne du tome du coup on n'a vraiment que la donnée brute pour l'instant, on ne sait pas ni comment ni pourquoi ni quel seront les conséquences concrètes de ce changement majeur. En voilà un cliffhanger qui donne envie de se plonger dans la suite au plus vite.

Et donc ce tome entier sert en fait à faire évoluer la situation vers ce changement.

Pour en revenir à l'histoire ici nous suivons Sara qui ne sais pas trop quoi faire concernant la Maison des épées. Techniquement elle en est à sa tête mais avant ça elle va devoir passer toute une série d'épreuves pour tester sa force et combattre les lieutenants de la maison à l'épée.

Mais Sara n'a aucune connaissance en combat à l'épée du coup elle est un peu perdante au départ. En fait son but est surtout de trouver un remplaçant adéquat pour le placer à sa place.

Mais elle entend parler d'une épée ancienne, un artefact qu'il lui faut posséder car chaque Maitre de la maison avait sa propre épée à sa taille. Ça tombe bien vu que son métier est justement traqueuse d'artefact. Elle se lance donc à sa poursuite, tout en étant sous le feu des attentats à sa vie car apparemment quelqu'un n'est pas heureux de la voir prendre cette position ...

En fait depuis le début Sara se place toujours sur le coté de la scène. Elle est le personnage de l'ombre, celui dont on ne fait pas vraiment attention car il ne dirige rien et qui se contente d'aller la ou on lui dit. Les événements des tomes précédents ont vraiment fait évoluer la situation de façon à ce qu'elle en arrive la, vraiment sur le devant de la scène, dans le rôle principal.

Et ça Sara elle n'aime pas du tout ! Elle aurait largement préféré rester à faire son petit métier tranquillement, voyager sans se soucier de l'argent, à la solde de personnes très riches. Ne pas avoir de responsabilités écrasantes, ne se soucier que d'elle même tout en faisant ce qu'elle aime et ce pourquoi elle est douée. La belle vie quoi.

Mais malheureusement, elle n'a plus le choix. Enfin si, elle peut toujours justement trouver qui peut la remplacer. Mais justement le problème est de trouver qui. Elle découvre le personnel et les lieutenants de la maison dans ce tome. Mais le souci c'est que vu tout les attentats dont elle est victime, elle sait qu'il y a au moins un traître parmi eux. Du coup elle doit vraiment le démasquer parce qu'il serait vraiment trop dangereux de confier une Maison aussi puissante à quelqu'un à la solde de l'ennemi.

En conclusion je dirais que ce tome était vraiment très sympa. C'est sur que c'est un tome de grosse transition pour notre héroïne qui doit changer pour survivre. Du coup tout évolue vraiment et ça fait plaisir, j'attendais ça depuis un moment.

16.5/20

Still strong

Still full of twists surprises and passion. Love how the friendships, Alliances and bonds form. Evolution of both characters and story line are part of this series interest

Complete Surprise

So I as not expecting to enjoy this book as much as I did. I actually already put this series in the " No longer will be reading". But that is before I read this book. The other stories to me dragged so much and when there was important information/ revelations given it was just one and done. Never brought up again like it existed. That pissed me off because what is the point of giving is new information to the story if you were not going to run with it. So yeah suffice it to say I as beyond done. But this book took a turn. We got to explore Sara trying to figure out what she wanted to do with the "inheritance" she received from Soo. The trials, the betrayal. I actually loved it all. The Magician of course was available for the sexual tension. But this book was not all about him and Sara. Sara is no longer running from problems. She is taking a bigger role in he fight against evil. We see little clues about what maybe entail for Sara and her growing powers. Cannot wait for the new book in the series in December. Def a must read.

[Why is Brody flirting with an old asian woman? Is Nigel interested in Nikki now or Sara or neither? Why was it implied if it goes nowhere? Why act like in previous books Brody didn't want Dixie but Sara and then negate it thoroughly and go the opposite direction? Did Armeaus do something to Brody's mind that it changed so much? (hide spoiler)]

Natasha Chowdory says

YAAAS! Sara becoming the Head of the House of Swords was unexpected but totally perfect. Because I thought she was going to ascend to the Council but I like that she's still fighting for everyone. The concept of the Aces is brilliant and I love how that has played out with us getting to see some old friends. I find the council quite tedious so anything that isn't them is perfect!

My Thoughts

Aces Wilde is the FIFTH installment in author Jenn Stark's Immortal Vegas series. This story actually picks up Two weeks after the end of Wicked and Wilde. Protagonist Sara Wilde finds dangerous artifacts, lost things, including people, using her Tarot Cards. She is one of the more successful artifact hunters in the world and works mostly for the Arcane Council led by the sexy, arrogant, and devious Magician.

French & English reviews

Encore un tome addictif x)

Ce que j'adore dans ces livres, c'est qu'on commence toujours l'aventure dans un pays étranger, façon Indiana Jones =D Je suis fan ><

Enfin, Sara évolue dans ce livre et commence à être autre chose qu'un personnage restant sur le côté des intrigues et des guerres ... J'ai hâte x)

En fait, je ne pensais pas dire ça un jour mais j'aime bien Nigel finalement =D J'aimerais bien qu'il serve de compétition à Armaeus (c'est un peu trop facile pour lui avec Sara ><) (même si je suis une grande fan de leurs moments privilégiés)

J'aime beaucoup Death, je ne l'imaginai pas du tout comme ça et j'avoue que j'ai eu un coup de coeur x)

La fin ... AHHHHHHH

~~~~~

Another addictive book x)

What I adore in these books is that one always starts the adventure in a foreign country, in a Indiana Jones kind of way =D I SO love it x)

Finally, Sara "grew up" in this book and began to be something other than a character remaining on the side of intrigues and wars ... I'm so looking forward for more x)

In fact, I didn't think I'll say that one day but I finally like Nigel =D I would like him to compete with Armaeus (it's a little too easy for him with Sara >< Even if I am a big fan of their privileged moments)

I like Death very much, I didn't imagine her at all like that and I confess that I had a new favorite x)

The end ... AHHHHHHH
