Aj's Serendipity Savannah J. Frierson

The last thing Greek Alejandro Melonakos expected to find when shopping for food for his restaurant was the love of his life, but that was exactly who he found when he spotted Black American Samara Grossman across the marketplace. Will he be able to convince her of his love and gain hers in return during her five days on vacation, or will his serendipitous find be all for naught?

Michele Hallahan says

So sweet!

I'm about to go and buy me a one-way ticket to Greece. I thought this was such a sweet, romantic story. Love at first sight, even if they didn't realize it at the time, it was so beautiful. Being a tourist, and a shy one at that, I could see Samara's initial caution. AJ understood how his attraction to her must come off, but he was persistent, and he hoped it would pay off. I loved the way he had respect for her innocence. It was also nice to see that she was receptive to his feelings for her. A few hiccups here and there but nothing major, nothing to take away from the beauty of their relationship relationship.

Savannah- Quad Motherin' Book Readin' Diva says

Another onw where I liked the guy but the girl was too stupid to breathe. I swear she "giggled into his chest" so much I'm pretty sure he fell in love with the top of her head. And the constant use of yhe word "buss" instead of kiss had me ready to scream.

The writing form is solid; Frierson clearly knows HOW to write. But the content was less than worthy.

Henrietta Hudson says

Second time much better!

I read this book several years ago when it first came out and was very disappointed at the ending. Those who read this book wanted to read their reunion ,wedding, and first time making love because throughout the book was you were waiting for that first time. We didn't want to read about them three years later into the marriage. I glad the mothers step in to resolve the situation. I liked A.J. and enjoyed reading the man's version of a love story. Thank you very much for doing this story over.

Rosalyn Leigh says

cute. near the ending of this book where AJ meets Samara's family is incredibly sobering and provides an eerily similar example to the way i feel about my own life at times. this lets me know that there are tons of young woman out there who don't know how to grasp concepts relative to self-confidence and believing in your self-worth, with or without companionship and/or strong familyhood.

Anino says

Please don't get me wrong... I love the way that Savannah J. Frierson spins a tale of Interracial Love, Lust, and Relationship Redemption...

But.... After reading this one for the 4th time, I am sensing a disconnect with the way that this tale was spun. Perhaps it has something to do with the overly descriptive passages about a curvy Chica and her body. Or perhaps it has to do with her Greek lover, and the way that he calls her "Precious.."

I don't know why I found myself annoyed with a few passages in the book.. I really don't. But what I do know is this...

This book is a fairly decent read, that is perfect for a lazy Sunday afternoon...

Giving this one: 3 solid stars...

Tony says

The main character AJ who tells the story is also a side character from an Aliyah Burke novel which is part of the MLT series, the main character from that novel Dimitri also appears in this book. This is really an enjoyable read, you won't be disappointed. On a side I didn't care for the Burke novel even though I enjoyed many of the stories in the series this wasn't one of them and didn't finish it. Ms. Frierson breathes new life into both of Ms. Burke's characters.

Shawnette says

Love at First Sight ----- 2.5 Rating

This is the first novel I've read by Ms. Frierson. "AJ's Serendipity" is a love at first sight romantic tale, which takes you on a brief tour of the beautiful Island of Greece. The characters, main and secondary, are interesting and I find their antics throughout are often amusing.~~~~~AJ is a handsome Greek restaurant owner, who is instantly attracted to Samara, a tourist from America who he spies checking out the local Greek marketplace. Although AJ admits Samara isn't usually his type, he still finds himself completely enamored with her and eager to spend the last few days of her trip being her personal tour guide. AJ is a bold and confident man, once he realizes what he wants he goes after it full force. He is determined to make Samara fall in love with him, marry him and make her mother of his children. I enjoy the way the author portrays Samara with such a sweet innocence. Samara is puzzled by AJ's attraction to her, she has difficulty believing this handsome and charismatic man can possibly have the slightest interest in her because she is not the tall slender model type that men like AJ usually pursue. AJ totally captures Samara's heart and teaches her to indulge in her own happiness for once and stop living for others! But is Samara capable of letting go and putting her trust in this very striking stranger, who is not only older, but also more experienced?!~~~~~This novel is a sweet, romantic "FAIRY TALE", which I found a little repetitive and slow at times. And I MUST also say that if my girlfriend hadn't given me this book, I don't think I would have purchased it myself; it's little too pricey for only 133 pages. However, I still think it's an okay read!

Ciana says

In a society where fat shaming is common practice, and our presidential nominee does so with no remorse, Frierson writes a story that discuss the issue directly. The protagonist AJ discovers a beautiful woman visiting his city, Athens, and attempts to pursue her. However the full figured woman, Samara, can't understand why a man as handsome as AJ would be interested in her simply because of her size. Our society is obsessed with this ideal of beauty, that comes in a small and thin package. Some of the women that do not meet this ideal, internalize shame and degrade themselves. In this particular story Samara's shame and degradation is fostered by her family, and it takes a trip to a foreign country and a foreigner's interest to help discover her own value.

***Dee's Reading Time Matters says**

What a sweet read with endearing heroine and hero. Frierson can tell a tale like no other!

Elizabeth says

Read it as a continuation of Dimitri's Moon. A great story. She's an exceptional writer.

Deloris says

This was a sweet story

RomReaderRev says**Cute**

However they were parts that were kind of boring and dragged. The lady cried too much and the guy was really excessive at the first family meeting.

Rita says

This was a sweet tale. I thought the heroine was a little too soft, tears for everything. There was zero steam. Could have been better.

👉 **Kaye ? says**

Kind of repetitive. And boring. I'm not one to stop reading a book after starting, regardless if I hate it. But I have too many on my list to waste my time on this. Sorry. It isn't horrible but there's other things in life I could be doing.

★**Codie Abibliophobic** ★ says

I'm gonna keep this short, sweet, and to the point. I really enjoyed this novel, and I love the fact that it was written from the male's side instead of the female's. AJ is the guy you wish you could meet because he is very debonair and zealous! Also you see great progression in the novel, which I love to see (read) in books. Also a couple reviews I read said that the words he (AJ) used to describe her were unrealistic but you have to remember the AJ is supposed to be Greek. Now I'm not sure how Greek men speak so I wouldn't be too quick to say that it is unrealistic. Wonderful love at first sight novel!

-Sorry if there are any grammatical and or spelling errors! I'm using my phone and it's just Uhh.
