An Insane Love 3 Bianca

Taiwan has finally gotten her freedom and her life back, or so she thinks. After learning more about Frank and his troubled life, she becomes more connected to him than ever. Romero is not one who likes to lose. Romero is not backing down and will do whatever he has to do to get Taiwan back, even if it means taking away the people that she's closest to.

Frank's childhood trauma is coming back to haunt him in more ways than one. The last straw is when his trauma causes him to almost hurt someone who he cares about deeply, prompting him to go underground to handle his business and get himself together. When he finally has a grip on his life, another dark secret is revealed, changing his life altogether.

Rubee finds herself devastated after the sudden disappearance of Bash. Kade, fed up with feeling like Rubee is confused about what she wants, makes the decision easy for her. Will Rubee get it together before she loses the best thing that has happened to her and Raylee?

In this explosive, drama-filled finale, devastating secrets are revealed, family ties are severed, and love is put on the line.

Simply Amazing

I have always been such a huge fan of Bianca and I didn't think that she could outdo herself again but she has. The characters in this series were completely different then the ones in previous books even though she used some the old characters. I loved the growth of Frank and Taiwan's relationships. It was great seeing the brotherhood between Frank and Mayhem. I laughed cried and was mesmerized during the entire book. As a fan I say thank you for sharing your gift with us. This was another Hit !

Great Read need a little bit more

As always Bianca you brought us an awesome book Frank is a one man army by himself this book had me on the edge from beginning to end Frank, Taiwan, Kabe, and Rubee finally got their happy ever after I just hate that they wasn't able to make Alex, Bash and Kharisma pay for the things that they did but maybe that left room for a spin-off because I could never get enough of these characters. Keep up the great work Bianca looking forward to your next book.

AMAZING!!!

Emotional rollercoaster!! Frank is INSANE! But you have no choice but to love him! He's perfectly flawed and I love it! This entire series- Mayhem Love and Insane Love was everything! I can't even find the perfect words to describe how great this book is! The storyline is something that I've never come across. The character are real and raw! To read your very first book to this book is crazy! The growth is phenomenal and INSANE! Can't wait to see what you have in store next!! Greeeeeeaaaaattt book B!

If I could give more than 5 stars, I surely would. Girl, I loved the way you wrapped this series up. Your art of storytelling and writing is so dope. I love all your work. Each read for me keeps getting better and better. Its like a fine wine that gets better with time. I absolutely loved it.

Greattttttt

I loved everything about this series I love Franks and mayhem's friendship it was real and true I like that he was a little off I like that he what about to be played with she took his friendship with Mayhem and his left the bellies very seriously I'm happy that he found love I'm finally happy that he was able to go to therapy and finally got a child of his own

Chimere Farris says

Loved it cant wait till the next series????

Frank was definitely off his rocker but he was basically a product of his environment. Im glad he finally learned unconditional love from the Baileys and Taiwan.

Dee Cherry says

Frank had serious love for Taiwan even when his mental was out of whack. I was glad he learned the truth about his devastating past. Romero deserved what he received. Good ending to series

Regina Ricks says

Definitely An Insane Love

They say love is a helluva drug and after reading this I know it to be true. Being told no or being rejected doesn't sit well with everybody and some will go to great lengths to get what they want. Ain't nothing like a good alpha male to take control and have your back no matter what. Every angle they tried didn't work and the action keep coming making it impossible to put the book down so I didn't. I finished it in one sitting. Looking forward to what's next!

Tenika says

Ain't nothing like brotherly love!!!

Frank is a certified psychopath. His kidnapper parents turned him into that. His mammy tried to place the blame on Taiwan for him being in the situation. She can't blame nobody. I love the bond that him and Mayhem. Frank needed therapy. I love Kade for coming to Rubee uncle and aunt in a respectable way. Rubee was at a loss for words. Then she found her voice to speak up for herself. When they told her dad, he didn't have any words about the situation especially about her being so young expecting her second child. He surprised her by giving her away to Kade.

EXCELLENT

This series was nothing short of amazing. But then again, why wouldn't it be with Bianca behind the pen. So sad that this series has come to an end, i wish it could continue but these characters have definitely grown alot since we were first introduced to them in the Malice Love series. I feel this series was special because we really got to see and understand Frank on more levels than one. He's been through a lot and with that it took a lot of patience to deal with him. I've always loved his bond with Mayhem and through whatever circumstances he knew Mayhem was going to be there. So happy he and Taiwan have finally got the happiness and family they deserved and he's seeking help to be a better man. Rubee finally came to her senses and decided that Kade is the man for her. I do wish that Bash, Alex, and Kharisma would have been dealt with but who knows maybe their time is coming in another book(hint, hint?). Anyway, great job Bianca on another best seller. Highly recommend reading this series.

What can I say!!!!!!

Where do I start, Romero underestimated Frank and it cost him dearly. Mayhem I love how hard he rode for him, his psyche was really messed up. Serenity her patience and love for Frank showed us just how determined she was. Kade he bossed up on Rubee and got his family. I'm digging the ending, you left it open for possibilities.....

Vernell Howard says

Sensational Work!

I thought Mayhem was the best series under your belt, but I have to say, Wow! An Insane Love series by far is the best in my book and then come the Mayhem series. Girl your series in general, hell your writing to me is superb. This story reminds me of growing up in the hood in the the nineties, watching friends, family friends and family live out their destinies the way they saw fit and exactly how they play out in my head

when reading this stories. I can relate to all of the characters except Frank. I met some insane men almost of his caliber, maybe one sixth of my life, but Romero said it best Frank is definitely more D-I-A-B-O-L-I-C-A-L than he is. Loved It! Great movie in my head. ReneeG ?

Tatasha Phillips says

WOW, I love me some Frank and the Bailey's!!! I am so glad I waited until book 3 was out before I read book 2. I hated it had too end so soon!!!

Regina Farris says

This was a nice way to end this series... Again you brought it all with this book Bianca... You just kept bringing the crazy with the twist and the turns, ups and downs and I could not get enough... Poor Frank, he just could not catch a break... He was trying to be good yet he kept getting drawn back into that dark place... Taiwan was his peace of mind... His Serenity... Yet because of what Alex did to him it was hard to open all the way with her... Then on top of that we had Romero that was so desperate to get Taiwan back that he started a war with Frank... Yet I think that Romero underestimated Frank... Frank was well trained so he was always ready... Then he did the last and final straw to Tiawan and this really set Frank off... Then the chase really was on and we had a battle to see who was going to end up with Tiawan... Tiawan just wanted to be with Frank no matter what... She knew what he was capable of and she knew a little bit about his past... And all she wanted to do was truly love him... He kept doing all that he could to punch her away... But she kept fighting... Then one finally move from his parents and he just snapped... He was ready to just give up... But Mayham was not going to let him do this alone... they were brothers and he had to show him how strong their bond really was... Then finally after all of that Taiwan stepped in and really proved why Frank was really needed... Then we have Kade and Rubee... These two had a lot of work to get through in order to make it work... But in the end it was all worth it... Now to see what is next in the line up of books from Bianca..
