Pam Lowery says

Ever since looking her daughter, local vet, Sydney Harper has kept busy with all work and no time for anything else. New doctor in town, Nathan Jones is a single dad to six year old Anna and dealing with a health diagnosis of MS that has him only thinking of his life with his daughter. It is coming up on the anniversary of her daughter's death and Sydney always has trouble sleeping at that time, so she goes to the doctor to get some sleeping pills to help her rest. She is sent in to see the new doctor, the very handsome new doctor, who made her feel things she hadn't felt in years. He did not know the situation, and told her maybe she needed warm milk to help her sleep, well, that didn't go over too well. He gives her the prescription she asks for after he reads her chart and finds out about Olivia, her daughter. Sydney isn't too impressed with the new doctor, no matter how good looking he is. Nathan thought she was one of the most beautiful women he had ever seen and he felt terrible about just "writing" her off and he wants to apologize. Anna has a pet rabbit who has an accident and they need Sydney's help. He gets to mend fences with her and asks her out for coffee. This starts a road of friendship for them, because that is all he feels he can give her because of his diagnosis. There small town of Silverdale celebrates Christmas big time and both Sydney and Nathan work on the committee for the festivities, but it was going to be held on the anniversary of the day Olivia died. Sydney and Nathan had gotten closer and they both were feeling like they just might be able to make this work, Sydney loves Anna. Watch as these two people work through their problems, their pain to get to the love on the other side. Oh, it's an emotional ride, but a great one, enjoy!

This is an emotional and moving story one that will keep the reader engaged from the first page it is so beautifully written and crosses all of the boxes for an amazing story but make sure you have the tissues at the ready.

Sydney Harper is the local vet in the village of Silverdale she has lived here all of her life but has been through such a heart breaking experience one that no one ever wants to go through and for her Christmas time has not been good for the past few years, but maybe that is about to change with the new doctor in the village.

Dr Nathan Jones is a single Dad with a medical condition he has moved to the village of Silverdale to give his daughter Anna a god life and start work in the local practice and one of his first patients is the lovely vet Sydney and there is an instant attraction but Nathan is wary of getting close to someone he has Anna to think of but he does know he needs to help Sydney where will this lead?

Truly I cannot recommend this story enough MS Heaton has written a story that will stay with me for a long

time to come, to see Nathan Sydney and Anna become close through some ups and downs and to see the love shining through the sadness will bring joy to these deserving people and to the reader the ending is fabulous and will get you teary and then smiling sit back and enjoy.

Christy Kate McKenzie says

After the loss of her only child, and the subsequent meltdown of her marriage, Sydney has learnt to be alone—maybe too well. Sydney fills her days with work and memories of her little girl, refusing to let anyone help her move on. And refusing to celebrate Christmas without her daughter.

When the mother of his daughter walked out on them both, Nathan knew his number one priority had to be raising her alone, especially since his health has effectively taken him out of the dating game. He likes Sydney, but he won't risk his heart, or his daughter's, to another woman who may just walk away, especially at Christmas.

Circumstances in their small village bring Sydney and Nathan together more often than they'd like, and both begin to wonder if it is possible to love after loss. Maybe, just maybe the magic of Christmas will help both move on from their past and consider a future... together.

I love this book! Anytime you give me a damaged hero, I'm likely to fall for him, but add in a woman who has been strong for too long and I'm hooked. Louisa writes beautifully flawed characters who you can't help but care for throughout their emotional journey. I cried tears for them both—happy and sad. As the story approached Christmas, it is pure magic.

If you love Christmas romances the way I do, you won't want to miss this one!
