Destroy All Monsters Sam J. Miller

A crucial, genre-bending tale, equal parts Ned Vizzini and Patrick Ness, about the life-saving power of friendship.

Solomon and Ash both experienced a traumatic event when they were twelve.

Ash lost all memory of that event when she fell from Solomon's treehouse. Since then, Solomon has retreated further and further into a world he seems to have created in his own mind. One that insulates him from reality, but crawls with foes and monsters . . . in both animal and human form.

As Solomon slips further into the place he calls Darkside, Ash realizes her only chance to free her best friend from his pain is to recall exactly what happened that day in his backyard and face the truth—together.

Fearless and profound, Sam J. Miller's follow up to his award-winning debut novel, *The Art of Starving*, spins an intimate and impactful tale that will linger with readers.

Dylan says

2019 is looking pretty good.

But all of these great books will most likely kill me at the same time.

Damn you, authors and your magnificent words.

Rebecca Roanhorse says

Laini Taylor meets John Green in this poignant young adult tale of parallel worlds and deep magic where trauma breaks but friendship heals. Miller offers no easy answers for fighting the all-too-real monsters in our lives but still allows space for hope, healing, and above all, bravery.
