Jean says

I thought it was quite good though the climax build up started later than normal- Ali Sparkes's other books started off quicker. I hate Catherine! She's so evil.

These books get harder and harder to put down! Ali Sparkes has done a really good job with them. I can't wait to read the next one!

Rex Tshimuanga says

cool book. love the cross france trip. to much parasites

Adelaide Robinson says

My favourite of the original five books. I love the amount of detail that went into choosing the COLA gemstones and how the motif carried on throughout the later books. Plus, we get Luke back, which is a huge bonus.

Julia Phillips says

Nice development in the Shapeshifter series. All of the books were well written with good plot development and great characterisation.

Roberta says

Giving up on this series now, it's all getting too conspiracy type plot lines for me.

Tjala says

Much better than the last one: less predictable, more exciting and interesting and a better storyline. A good cliffhanger ending!!
