Forest of Secrets Linda DeMeulemeester

After nearly losing Sookie to a coven of witches during their student exchange to Sweden, Cat Peters has vowed to keep her sister as far from magic as possible. But when Cat and her friends are taken hostage and find themselves stranded in Headless Valley, it's clear they will need a miracle to get back home. Although they find an abandoned cabin for shelter, their supply of food and water is running out fast, their kidnapers are hot on their heels, and a sinister threat lurks in the loft of the cabin. Cat has to make an impossible choice--risk the group's chances of survival, or risk her sister, who may be able to summon help using her magical skills. But if Sookie opens the door to Fairy, what will be the cost?

I loved this book and how it took place in a different setting like the previous one. This book like all the others in the series made my shiver and was not a book I'd read again at night (been there done that). I enjoyed it immensely even though it ended with a cliff-hanger, which bothered me. All in all another great book to what I believe might be (unfortunately) the second last in the series.

I have been reading the Grim Hill series for a long time and this book was by far my favourite! It is jam packed with adventure and mystery and left me hanging with a million questions. Unfortunately the 6th book is most likely not coming out in 2012 so I have to wait a long time until the mystery clears up. Nonetheless this was a great book and the next book will not disappoint!

I actually am pretty disappointed with the sixth book because it STILL has not come out yet. I am honestly so tired of waiting

Emma says

It's an easy read and has a great ending

This book was excellent! The end really left me hanging and I couldn't take my mind off of it. I've been reading this series for a while and it really has me hooked. I love how no matter what, it's like adventure mixed with suspense, it kept me hanging off the edge of my seat when I was reading it!

I also really enjoyed how slowly, all these secrets are being revealed from the past which only makes me, as a reader, more interested in what is going on in the book.

Annie says

The ending was a SHOCK!

I can't wait until the next book come out!

OMB, I want to know what happens to Sookie & I definitely want more of Clive and Cat!
