Karneval, Vol. 6 Touya Mikanagi

Two Lost Souls Trapped in a Carnival of Deception

When innocent country boy Nai sets foot in the sordid, cutthroat realm of the city, he might as well have painted a target on his own back. Kidnappers, murderers and desperados abound, waiting to take advantage of a boy guileless enough to believe blood is merely red water. Nai is looking for a friend who has disappeared leaving only an I.D. bracelet from the organisation named Circus, the country's supreme defence agency.

Sophie says

Nai and Yogi are seriously the most precious characters *ever* omg. *coughs* Right, with that out of the way.. I love this series and all its characters to bits. The plot continues to move forward at a good pace, but there's still always time for character moments. I really like the balance of it all. It's cute, and there's fanservice, but it's more like the cherry on top of the icing rather than just the... icing, I guess.

Ahh, I need the next volume to come out!!

Gabriela Paige says

That was intense and just so much fun! There are too many questions left unanswered! I need more.

Kai says

I wanna read vol7 so bad!!!

Quick review! (Running short on time)

This volume... prepare to be an emotional wreck because that's what seems to drive this series! DX I am completely in love with it but the mangaka really does love messing with the reader's head!

Artwork is fantastic!

Characters are so enjoyable... minus one. (I cannot stand Jiki. -_-")

Plot, though confusing at times, is action-packed and intriguing.

All-in-all, another well-rounded volume. There's even some funny bits towards the end which makes up for all the PAIN AND TORMENT you will go through in some of the chapters! *Sobs* Gareki! Yogi! My heart! *Slaps self* ... *Ahem*

Go on! If you've read all the way up to this point in the series, you might as well continue! It only gets better

from here... I hope! *Sobs some more*

Rena says

I am quite happy that the manga continues on farther than the anime did. I would be a little upset if I had to be cut off with Gareki leaving the ship again. He is getting qualifications to be able to work for Circus, so we know that he will make his way back eventually. Seeing him go through school is actually pretty cool. I am looking forward to how this story will continue.

What?

Yoreki

Hikaoru says

Eleska thought the girl from Circus loved Karoku so much that she'd risk her life just to see her. Her jealousy is actually amusing. Such a self-absorbed child. I am also in love with that slightly evil Jiki. It seems that he doesn't really need glasses. :/

And, at the end of the volume, Gareki is doing something about his insecurity. He's going to school. *twirl like Tamaki*

Mariah says

Attack on Kafka!!!

Quick review time yet again, guys~! So let's run through once more!

1. Hirato and Akari are still going at it and it's priceless. XD (Look for the bonus material at the end! One word: *EPIC*.)
