Aspasia says

Not worth it!

Brooke Johnson says

3.5* the explanations were fairly well-detailed for such a small book, but I would have appreciated more images to illustrate each description. It's an okay book if you just want a general idea of palmistry, but if you're looking for in-depth analysis, this isn't that.

Debbie Muñiz says

Cute, good basic information for beginners

Matias Selzer says

Very small and cute book.

Great for beginners and for those who just want to know about palm reading.

However, the lack of pictures makes it hard to understand sometimes.

Ali says

Good book considering I still don't completely believe in bullshit

Jennifer Collins says

The fortune-telling kit comes in a handsome bookshelf box which pulls out to reveal the Palm Reading guide in a truly small book about 2.5 by 3 inches well written with about 145 pages. Also included is a deck of Tarot Nova cards and a complete guide for laying out, reading, and interpreting your cards.
