## From Reader Review Rome's Revenge for online ebook

### Tia says

He meets her, he marries her for revenge and her money and then just as he is about to drop her, he realizes that he is in love with her. Despite both their grandparents wishes, they stick together.

From what I remember is was an okay book but not all that interesting.

### Diah Didi says

Duh, sebetulnya ide ceritanya sih bagus.

Si Rome ini ditodong bapaknya (eh, atau kakeknya ya?) buat ngedeketin anak/cucu saingannya. Istilahnya, dengan 'menghancurkan' si cewek, saingannya juga bakal hancur karna si tokoh cewek ini anak/cucu kesayangannya.

Yah, kurang lebih gitulah.

Tapi endingnya nggak banget. Waktu si kakek/bapaknya si tokoh cewek dan si tokoh cewek akhirnya tau, cuma berdasarkan omongan Rome yang bla bla bla, si cewek percaya. Blah!

### Jasbell76 says

I won't read it again. I think it is one of the most unromantic books I have ever read... :/ I didn't feel any love between the main characters. When I finished it, I felt sad, sad and sad!

XX

### Tonya Warner says

Rome d'Angelo is being blackmailed by his own grandfather to further a family feud. His beloved vineyard is in jeopardy if he does not woe and the desert his grandfather's arch-enemies granddaughter.

Cory Grant knows she is not desired for her appearance, but for her money. Finding out a fiance had only made love to her to get closer to her money, the Ice Maiden routine she maintained worked to keep men away. Rome was not having it. He saw past the routine, seeing the vulnerable, desirable woman beneath.

Cory is wary of the feeling Rome raises in her. Can she trust herself and him? Rome knows Cory will be hurt when the truth comes out, but he has fallen in love with her, and despite their grandfathers, wanted her for life. Can they still be together when the truth is revealed?

A very nice story. Well written. Very enjoyable.

### **Colleen says**

I actually enjoyed this book. Sure, some parts of it were silly, but what do you expect from a Mills and Boon novel?

It was humorous and intriguing and didn't go down the road of many M&B books by dragging out a certain small pathetic point or glossing over it in a matter of seconds after having it blow all out of proportion.

---

### **Kiki says**

2.5 really, nothing exceptional. Hero is not a jerk though.

---

### **StMargarets says**

Heroine is an heiress to a family fortune. Her grandfather is in a feud with the illegitimate Italian hero's grandfather. If hero wants to keep his winery in Italy afloat, he has to seduce the heroine as some sort of payback for his grandfather losing out on a business deal.

Heroine's self esteem is destroyed after her boyfriend turned out to be a fortune hunter. While no longer a virgin, she is very inexperienced. She is also a bad dancer, clumsy, thin, with no dress sense.

Hero is hot, Italian, and finds himself sexually attracted to the heroine from their first glance across a ballroom. He then arranges "chance" meetings as the heroine resists and he pursues.

The H/h eventually have sex after being caught in the rain and have to wait for their clothes to dry at a country inn. They both fall in love, with all the angst on the hero's side, since he has pursued her for false pretenses.

The ending is abrupt – but at least the confrontation with both grandfathers is on page. Turns out the heroine has been playing the stock market and she is more than able to keep the hero's winery afloat – even if she is disinherited. Hero's grandfather washes his hands of all of them. Heroine's grandfather appears to want to make amends.

This was more of a courtship story than a revenge story since the hero is smitten from the start. It's a little slow going at times.

### **Chantal ♥? says**

I can't believe I have read this book again it was so bad and boring the first time that I had successfully blocked it out of my mind and not until the stupid ending did I remember it. Omg long story short grand fathers of hero and heroine have a feud over the heroine grandmother and then make the grandson manipulate the grand daughter for the money. And he seduces her not really attracted to her in the first place and then they have sex. Not her first time for sure and yes it was not as good as most of Sara Cravens books so just forget the whole passion thing here if the story had been good I would have given it more. It's just too stupid and boring.
