Ann says

This is one of my favorite BL series. The romance happens with a minimum of angst, and the focus is more on their lives beyond their relationship, figuring out what they want to do and who they want to be, and finding support and inspiration from each other.

scarlettraces says

Tea for Two is a rush. it's full of active panels and characters whose energy snaps off the page - well, at least Hasune's does when he's pouncing. like almost all comic yaoi, not to be taken seriously, but it's delightful fun.
