## **Tickled Pink** Debby Mayne

Priscilla Slater shows up at her 20-year reunion as a national celebrity. Her hair salon dynasty has skyrocketed, and to top it off, she has her own line of hair products. She has become a huge success with the Ms. Prissy Big Hair line that lets women with the thinnest of locks get the coveted big hair look so popular in the South. Her classmates have finally come to terms with adulthood, but they're handling it with the grace of a Southern woman wearing white after Labor Day. It's just downright awkward! Asserting the maturity that her classmates have often lacked, Priscilla holds her head high. But she can't ignore everything. When she catches her mother in the arms of her former high school principal, Priscilla can't get out of town fast enough. Eager to get back to her more comfortable life, Priscilla runs head on into an ultimatum: Tim tells her they're not getting any younger as if she has to be reminded."

## From Reader Review Tickled Pink for online ebook

### Janna Ryan says

What a fun idea!!! Here is a set of 3 books that takes you through a 10 year, 15 year and 20 year class reunion with a batch of people (not necessarily friends...) that all went to school together. The cool thing is that we meet them in the first book and find out their personalities, who they were in high school, who they are now, where the drama in their lives is, and just why they feel the need to either stand up to who they were in high school or why they need to leave that behind. The "main" character is Priscilla who dropped out of college to own a hair salon that has turned into a chain. She is joined by a newer friend Tim, the only one who is a central character that actually did NOT go to school with everyone else. He just happens to be in love with Priscilla and will do anything to spend time with her including going to her high school reunions. Then there are all the secondary characters who lend lots of humor, drama and more drama to everything going on.

I absolutely loved following everyone over the span of 10 years... it's not often you get to go that far in the lives of characters you become friends with. These are contemporary novels that are lots of fun. I would definitely start at the beginning and follow the whole journey, don't jump in the middle. You will enjoy this series!

Tickled Pink brings us to the 20 year reunion and we get to follow up with the gang one last time. It is fun to see where everyone is at the end. Who is married, who is having kids, who is finally finding the right one, who is finally happy in business and ready to focus on the rest of life. I loved the way everything wrapped up, it was just so right. What a good ending to a fun series!

### Tina Wyatt says

Tickled Pink is the 3rd and final book in the reunion series. This book picks up 5 years after the last one. Priscilla Slater is now a household name and is a local celebrity of sorts. Her hair salons have expanded and her beauty products are being sold on tv. She has the career that she has always wanted but something is missing. She decides to go to her 20 yrs class reunion and catch up with everybody including her friend Tim .Even tho Tim went to a different high school he was her date for her last two reunions .She has always looked at him as just a friend. Tim has stood by Pricilla all these yrs. He goes and always ends up with helping with her reunions. This reunion is no exception. Laura and her husband Pete , Celeste and husband Jimmy and Trudy and her new beau will all be at the reunion. Pricilla will get the chance to chat up with all of them. How has her class mates changed? Will Pricilla figure out what is missing from her life? How will Tim fit in to her life or will he ? How will her classmates handle her new celebrity? I enjoyed this book. I like catching up with the gang again . I like seeing how the characters have grown and evolved. Each character went through some growing and major changes . I have enjoyed watching Pricilla's career developing and how things between her and Tim are going. I liked the fact that the author let us into the heads of these different characters and she gives us their perspectives . I think the author did a good job of wrapping up Pricilla's story. I like how everything turned out for her and how she figured things out.

Christian fiction
