Trulock's Posse

Trulock's Posse Robert R. Peecher Jr.

In a territory overrun with bad men, ordinary men sometimes have to stand up for what's right.

The Garver gang has just gunned down the town marshal.

Now a 12-man posse must chase the bandits through the White Mountains of Arizona.

If the Garvers can reach Profanity, they may never see a hanging rope.

Deputy Marshal Jase Trulock wants to see justice done and avenge the murdered marshal.

If his posse can overcome dangerous country, an outlaw town of desperadoes, and their own fears, the Garvers will hang.

Some in the town have the sand to see justice done, but others lack the courage.

In "Trulock's Posse," the author of "Too Long the Winter" and "Redemption at Two Rivers Station" tells the tale of a poorly-led posse of ranchers and businessmen who find themselves on the trail of violent outlaws.

Each man must decide for himself how far he's willing to go in the name of justice.

If you enjoy high-action Westerns where you can taste the trail dust in your teeth, smell the saddle leather, and hear the crack of the Winchester, you'll love "Trulock's Posse."

So buy "Trulock's Posse" now, cinch up your saddle, and let's get on the trail of the Garver gang before they get to Profanity.

THE TRAIL TO PROFANITY

A bunch of men consisting of farmers, lawyer and a blacksmith with his son. All these men of different backgrounds have joined together to hunt the Graver Brothers and Issac Jones, a man named Valdez who murdered the town's sheriff. A lot of the men in the posse were also witness to the shooting of the Sheriff in the saloon. The Sheriff knew his limitations as a gun fighter be knew the town's men would have his back, well it didn't happen that way. It was all about who held the upper hand and how the Garver Brothers took their time sipping their liquor as the Sheriff's life bubbled away. They wouldn't let anyone go for the Doctor and these brothers were nothing but men who had no respect for the law or themselves, they were raised that way, there father who was a man whose background was a no nonsense person and he was brutal with his sons other men avoided him. His son's will have the same ending of their lives as their father, death by hanging..Turlock's posse personalities run the gamut while out on the hunt, he, Turlock knew he couldn't really depend on them and some of the men should have stayed home. You won't be disappointed with the outcome nor will you get bored. This posse will remind of those you've seen on television or movies. "Hang Them High, The High Country, Knox Bow." Well these are some of movies, I may have made up the names, but at least you'll know what am writing about. Great plot, characters including the horses were all good...Adios Amigos

A really good read

This had a really good story line. Very hard to put down. Will look to read more books by this author.

Slow and wordy

The first half of the book drags on and on. The second half is much better. There were a few math and logistical errors and Leo.
