32c That's Me

Chris Higgins

32c That's Me Chris Higgins

Jess has it all - gorgeous boyfriend, the lead in the school play (Lady Macbeth in Macbeth) and Ali, her dependable best friend. Then her mum is diagnosed with breast cancer and Jess's world is turned upside down. No-one understands what she's going through. Jess soon realises that maybe having it all isn't what really matters.

Abby says

A very touching book, made me cry. Very well written. Definetly reading a book by this author again.

Chlo says

really good book. Explains in dept about Jess's life her class is putting on a play about Macbeth suddenly Jess's mum is diagnosed with breast cancer Jess's life is turned upside down. Really good will be getting more books by this author

Moti says

this book isnt actually dodgy even though it looks like it

Michaela says

such a touching book

Thea says

I like this book but I don't like the fact that it has swearing in it and some parts are rude and just wrong.

Katie says

This book needs to be read by more people! It's a lovely cancer book and I definitely would recommend to pretty much the whole world(the people that liked tfios).

Chloe says

After reading this book I came to the conclusion that it was just an average read. Yes, it was entertaining but I didn't find myself captivated by the story. The storyline seemed to be quite predictable and the characters frustrated me. I thought it was relatable for teenage girls, so that's the audience I'd recommend this to, and dealt with some real life dilemmas very well! :)

Fay says

I received this book as a gift along with several others and I loved fact it was an easy to read story that combined real life issues.

Jessie Wolf says

I remember reading this book when I was younger and enjoying it but it didn't resonate with me quite so much as it did now. A lot of things have happened in my own life that have made me connect with this book on almost all levels, and I think it is very well written in expressing all of the issues that this book touches on excellently. I also think it is very important for a book aimed at younger people like this to show a reality that isn't perfect, where 14 year olds drink and have sex, because, let's face it, that is what happens and it shouldn't be ignored or not spoken about. I think this book is very good at not portraying these characters as too innocent or immature to understand what is happening which some books can do.

Sumayyah says

wowwww!! Jess's mum has gone through a lot of things. she discover she has breast cancer. Jess is the lead in the school play playing lady Macbeth. her boyfriend is Macbeth how cool is that. but things turn upside down . it was said that whomever is lady Macbeth their lives is gone mad. which is exactly true. mum has got cancer. dad has and affairs with muss Taylor. Ali has an affair at the beach with Jess's boyfriend. well things aren't the same anymore. they are still friends but she cant believe what has happened. Jess will never trust Ali again. but you know what the worst thing is? dad moves in with miss Taylor. such a creep soo dumb and sad on Jess's mum.this book made me upset i love Chris Higgins books!! what a sad ending.

Sophie Cox says

A gripping story about how Jess' life can turn from being perfect into a tragic mess in the space of a day. We follow Jess through the year as she has to deal with her life falling apart. We follow Jess' story and the book makes the reader want to find out if everything will be alright in the end.

Holly Ellis says

I thoroughly enjoyed this book as a teenager. I really got into the book, could not put down and I was so very invested in the characters. Chris Higgins' touching and delicate, yet humorous take on tackling a loved one having cancer was something I definitely needed to read about at a young age.

Mared Owen says

It kept me hooked =D

Cat says

3.5 Quite predictable but a good book none the less

Lightbaby says

I would definitely recommend this book! Reading it as a teenager, I had no expectations but I remember it being heart-felt and knowing myself, I may have shed a tear or two. I would most definitely re-read this book. If you want something light, easy to follow and understand this is the book for you!
