A Very F***ed-Up Christmas Tale

J.A. Kazimer

A Very F***ed-Up Christmas Tale J.A. Kazimer

From the author of CURSES! comes a very f***ed-up version of the Dicken's classic, A Christmas Carol.

She's not your fairy godmother's Scrooge.
And this ain't no wonderful life.

On Christmas Eve, Little Miss Muffet sat on her tuffet, plotting the murder of yet another husband, when along came a spirit with some bad news--tonight she will be visited by three ghosts.

According to the spirit, Miss Muffet, VP of Dastardly Deeds at New Never City's Villainous Union, must change her fiendish ways or else suffer a fate worse than curdled curds. As the bell tolls one, she begins her journey through her wicked past as a very short orphan, her depraved present, and a future terrifying enough to make her toss her gingerbread cookies.

Can she change? Better yet, will she?

Shannon says

Kazimer has done it again. Who doesn't love a little dip back into New Never City, especially at Christmas time? When you get fed up with all the god-resting merry gentlemen and the stress of spending, it's time to laugh at loud at this twist on an old holiday classic. Kazimer's wit shines through as she follows a certain muffed-lounging, saddle-shoe wearing, tiny blondy with evil tendencies that Scrooge would never dream of. I highly recommend this for a quick, fun escape.

Gidg says

Another Gigglefest

Another winner by J.A. Kazimer. I believe this was the fourth book of hers that I've read and enjoyed with a smile on my face. From the start I grinned, giggled, smirked, and rolled my eyes. The only negative thing is the editors failure to check and correct for grammatical errors. Nothing pulls me out of a good reading flow than seeing misspellings or wrong words or tense or even an unnecessary added word. As an example: Choose instead what should have been Chose or the word Know should have Now. Other than that I found the read fun and look forward to reading more from this author. If you are a fan of fairy tales, some wicked adult humor, and a twisted look at your childhood story characters then this the book for you.

JENNIFER says

Another great book by Kazimer

If you are looking for a hysterical spin on a Christmas classic then this is it! Great book that had me chuckling from start to end.

Synopsis/blurb.....

She's not your fairy godmother's Scrooge.

And this ain't no wonderful life.

On Christmas Eve, Little Miss Muffet sat on her tuffet, plotting the murder of yet another husband, when along came a spirit with some bad news--tonight she will be visited by three ghosts.

According to the spirit, Miss Muffet, VP of Dastardly Deeds at New Never City's Villainous Union, must

change her fiendish ways or else suffer a fate worse than curdled curds. As the bell tolls one, she begins her journey through her wicked past as a very short orphan, her depraved present, and a future terrifying enough to make her toss her gingerbread cookies.

Can she change? Better yet, will she?

My take.....

In getting into the Christmas spirit I downloaded this Amazon freebie from an author who has sat on the Kindle a while but not yet been read.

Forty-odd pages and a skewed interpretation of Dickens's A Christmas Carol.

Opening line.....Little Miss Muffet sat on her tuffet, in front of a picture-perfect scene of orphans starving in the snow.....

Well you kind of get a feel for the main character and the direction things will go right there.

Later on.....

"Muffet, tonight you will be visited by three ghosts -".....

"I love a ghost foursome as much as the next girl -"

Entertaining and another notch on the scoreboard, though I would hazard her prose may not be to everyone's taste.

There was enough there to have me wanting to read more from the author in the future, which is just as well. Stolen Kidneys, Dead Hookers & Other Nursery Crimes awaits.

3.5 from 5

J. A. Kazimer has her website here.

Carolyn Kay says

If you like twisted fairy-tales mashed with Christmas stories, this story is for you. So many childhood characters can be found in this villainous twist on "A Christmas Carol." I loved every twisted page of it. A must read for those with unconventional senses of humor.

S.J. Reisner says

Funny, unexpected, and brilliant.

DeAnna Knippling says

Another fun addition to the series. Disclosure, I edited on this - and kept having to get up and walk away because I was giggling.

Little Miss Muffet sat on da tuffet, counting her profits and gains...

John Saros says

Very entertaining adult version of the classic 3 spirits visiting on x-mas eve.
