A Wild Night's Encounter C.J. McLane

Careful what you do in the dark - someone may be watching!

A WILD NIGHT TO REMEMBER

Beautiful young Laila is dragged to one of those hormone-crazed frat parties by her friend Ashley. When Ashley disappears into the alcohol-induced, half naked throng, Laila is forced to find somewhere to disappear herself.

Laila tries to hide, which would have worked out brilliantly if it did not give her a front row seat to an orgy. The heated atmosphere tempts Laila to privately join in. But by doing so, she puts on a show of her own. And who has a front row seat to her display?

When the handsome yet arrogant daredevil Eric invades her solitude, things go from steamy to downright embarrassing. Could the night get any worse? Will it haunt Laila forever? Eric has a proposition that might change her perspective, but is she willing to accept?

Jessica says

this book really leaves you hanging for the next one

Goge (BARRONS) le Moning Maniac, says

3.5?

What the hey. So I read it and why I like this so much is because of the hero.... WHAT THE FUCK IS WRONG WITH ME that I'm attracted to guys who annoy the shit out of me? Damn it's like all the freakin time I'm pulled by their annoying irresistible charms. They're annoying but I see them as annoying, witty, cute.. I refuse to compliment them! And here I thought I was a sadist. I must be a masochist for liking this kind of self-torture.. That just makes me sad.

Anyhoo, I'm not in love with (view spoiler)

What caught my attention and made me stamp this book with 3.5? stars is because Eric and Laila's interactions caught me and held me. I think Laila matches him well. It's rare for me to find an annoying hero. He's refreshing, intriguing, juvenile (I appear to have a thing for juvenile men, ex. Gwenvael from G.A. Aiken, the way they craft their words appeals), witty, wily, annoying.. interesting. I'm amused and charmed. I want more.

Monique says

What can i say?? I liked the characters, even the obnoxious ones. It was a fun,short read. Definitely will bring me back to see where it goes from here. I'm the curious sort so i will have to read the next one.

Rayna says

Sex:1 When trying to write erotica I hear the good authors tell me you need to show your audience not tell them. Use all your senses to make the reader want to keep reading. Well that did not happen here. There were to many pages of non-dialogue and telling of a story. I didn't feel any need or flush, that I normally get when reading erotica. The point of erotica is to titillate. This made me annoyed.

Plot:1 What Plot. The teaser book behind this one had more plot and I don't read horror or suspense. Yes I know erotica doesn't have plot sometimes. Its like a porn movies with a script. But sometimes you get one that has both and it rocks. Just not this one.

Overall Enjoyment: 1 No enjoyment what so ever. I think this is a perfect example of what not to do when writing. Use the interactions between character or even the environment to move the story along. I want my

30 minutes back.

Audrey says

There was nothing about this book I liked. I will not be picking up the next book to continue the story.

Maria says

Well... too much college issues.

Jessica says

I wish it had been longer!

A??ela W. says

Laila is dragged to an infamous frat party by her good friend Ashley. And like always, Ashley disappears in the crowd and Laila is left alone, well not really alone, but you get the point. So, like all the frat parties, there are drunk people a plenty, so Laila decides to make herself scare from the drunk cavemen. Sounds like a good idea until she ends up having a VIP seat with a great view of. This was the whole concept of this book and it was too short.

Mya says

the ending sucks

Jenny Bynum Black Words-White Pages says

Wild is exactly what this book was too. It is addicting and is sure to arouse your libido as it did mine. A great and recommended read for erotica lovers.

CAUTION: READER DISCRETION ADVISED

Big says

Blah! Vanilla ice cream has more spice. This story reads like a teenage boy's wet dream. The best part is when the guy jumps in the pool at the beginning of the book. After that it's all down hill. The characters are unremarkable as are the sex scenes. The storyline had no substance. You know the story is in trouble when there are several orgies and they all come off as boring.

I would have been better off trying to read the bubbles in a bucket of paint.

Cinthia says

Not bad for a short book about a college frat party. Has the potential for more or to be left where it is.

Deborah says

This is a quick funny read about a young lady who meets a young man at a frat party . After seeing and possibly taping what she was doing, blackmailed her into having breakfast with him. Enjoy I did.

Shelly Wainwright says

Not sure on what I think about this book. I went into this hyperactive story and got excited and then....nothing. Then I continue reading and get excited again and then nothing again. It was a good short read but still unsure about this one. I would suggest this book as a quickie...but there is more to the series. This is NOT a standalone read.
