Embracing Him C. Shell

Sometimes the thing you try the hardest to ignore is the one thing you need the most. Jessica Grayson met CEO, Alex Harlow working at his magazine and fell head over heels. But he was everything she had learned to distrust—rich, handsome, and alpha—and when he betrayed her, she walked away. Determined to move on, she's dried her tears and trashed the ice cream cartons, ready for whatever comes her way. Alex Harlow has never met an obstacle he couldn't overcome and that includes winning back the feisty make-up artist who challenges him at every turn. Using every tool at his disposal, he manipulates the playing field to keep Jessica close until he can earn her trust, all while dealing with his wife-in-name-only. His secrets run deep, but with his heart on the line, he'll go the distance to prove his love for her is real. When outside forces step in, Alex and Jessica must not only fight for their lives, but for the happily-ever-after they both crave.

SueBee★bring me an alpha!★ says

Targeted release: May 10, 2013.

Indy says

Can't help but be a bit harsh here....the editing/grammatical errors of the first two novels CONTINUE in the third, and after so many reviews made mention of them previously, really disappointed author didn't take the time to listen to them.

This might be the worst third novel in a trilogy I have ever read. It was short, so needed to tie up a lot of loose ends in a prompt manner, but it did so without logic. What I felt when reading was that this author excels at writing sex scenes, she really kept me throughout the series with her writing there, but in between all of those scenes is a very poorly written storyline and plot that is not held together well at all. Examples: new bodyguards introduced into the story (names, sit down for dinner with them, anticipating as supporting cast as such), barely mentioned after that; trip to amusement park - nothing was ever described; attacker - caught (no response from Alex despite his anger prior); just very very underdeveloped details.

I think the author has good concepts, just needs some mentoring on making the most of them. Beta readers are your friend! :-)

C. Shell says

I hope everyone likes the final installment of the Harlow Series. Writing this series has been a fun journey and I hate to see it end but look forward to the next chapters in Jane's and Jax's lives....coming soon

Lucy Baldock says

I saw some of the twists coming in this book but not all of them and the cliffhanger made me want to read the next book straight away! I like the story so it's a shame the grammar and spelling mistakes keep occurring because it ruins it.

Mellisa Demille says

I am really beginning to dislike cliffhangers. I love this series, I wish that book three was out !!!
Great read as always, amazing storyline with major surprises . Buckle your seat belt to take a ride , its so

worth it.

Courtney says

The idea of the story is a good one; and I'm sure I will read the next book in the series as well, simply because I just can't not know how the story ends. I just wish it had more originality in the situations. There are scenes that felt like they were taken straight out of other books that I've read. I also felt that some of the conversations seems very unrealistic and felt contrived. I found myself saying, "seriously? Who says that?"

Honestly, I am someone who has a really hard time giving a poor review...especially when I actually like the story. Giving less than 3 or 4 stars breaks my heart because I understand that these authors put everything into writing these books that I love so much. BUT for the love of God - the editing and proofreading in this book is awful. There are a few times when I had to stop reading, because I was so frustrated. Even for a self-published book (which I prefer); I truly feel that there is not a good excuse for constant errors in grammar, missing words in sentences, or words that make absolutely no sense at all. This is just my 2 cents, as it makes me sad to regret purchasing something that someone has put so much time, effort and heart into creating.

Lisa Balli says

I happend to come across this series by accident but OMG I'm so glad that I did. I loved the story of Alex and Jessica. I couldn't wait to read this one. Loved the Alpha male in Alex (I mean what's not to love about a sexy alpha male!) and how Jessica just couldn't turn away from the sexy beast. There were twist and turns and when you thought you had it figured out Wham! It turns out to be completly different! The only thing that I can say that I don't like is the fact that this series has come to an end. Great job!

Tara TUG says

I really enjoyed this book.I finished it about an hour ago and I'm still sitting here wondering Wth happened.I like reading a book were the characters make you smile one minute and yelling at them the next.I wanted Jess to find her backbone and stand up to Alex one minute and the next minute thinking of asking Alex to marry me.I actually highlighted my first sentence in a book Ever.

Zakirrah BookBlogger says

Don't even know what to rate this..1, 2, 2.5? or just 0 stars?

So I started this book thought hey I read first 2 books, might as well finish it off and hope its good..

So last book ended when Jessica was attacked and this book starts where she is at hospital. There was no detail as to what the fuck happened it was all very vague..

The story continues aswell as the grammatical errors which drove me up the wall

There were parts that I didnt expect and for a moment I was like ooh it might just get good but no..it finished

Check out my blog for more reviews!

Sandy says

Loved this series! Loved the way C. Shell wrote Jess and Alex, together and apart. But this last instalment, left me wanting more.

I liked Jane a lot more in this book then I did in the past two! Wished there would have been more of an interaction, between Jax, Jane and Jess, loved the chemistry between them. LOVED the few chapters from Alex's POV's. Wish there was more. My disappointment in this book was it being too short, I would have liked the story to be a little more developed!

And the twist at the end!! DID NOT EXPECT THAT!!

Sad to see this series come to an end ... would read more from this author!

Keri says

Talk about a cliffhanger. I need the third book to be released soon! I have to find out how things end up for her and Alex.

Stephanie says

This one was EVEN better than the first. Still some annoying minor editing issues, but one HELL of a cliff hanger! You thought the first was bad...just you wait! For all that is holy in the world that should just not be allowed! I hope the last book comes out ASAP!

April Brookshire says

OH HELL NO

It's not cool that the heroine is willing to take whatever the hero can give (her own words).

SPOILER ALERT!!!

And he isn't even going through a divorce, he is legally married. No matter how much she wants to ignore it, she is his mistress. You can't be anything else to a married man, no matter the circumstances or excuses.

PLUS! Lexy working at his company? OH HELL NO AGAIN!

He is way inconsiderate and she needs to tell him to call her when he's no longer married.

The Cliffhanger?

Very suspenseful. I'm just a little impatient to find out who's attacking her. The football player? Her ex-fiance? Can't wait to find out.

C. Shell says

I loved writing this book almost more than I did the first one. I enjoyed watching Alex and Jessica mature and learn to trust in each other.

Marsha Garcia says

I would have to say i couldnt even put down this book i had to see what happend next!!! every part in this book had me on my feet what happens next who is the one whos after her i had never would of thought it was herrr !!!!! wow !!!! shocker but in all i loveedd this book and im very sad that this is the last one :(
