**Final Passage** Timothy J. Frost , T. J. Frost

What is the dark secret that Martin Lancaster's family seem determined to stop him uncovering? When Martin was eighteen, his father was tragically lost at sea during a transatlantic yacht race. Twenty-five years later, Martin discovers hidden logbooks in his mother's attic, and vows to find out the truth. His quest takes him racing across the Atlantic in the Columbus Cup, the world's largest-ever regatta, an event that becomes a personal voyage of discovery and disaster. On the Caribbean island of St. Lucia, with his enemies closing in, Martin must make one desperate final sea passage to discover the shocking truth about his family - and himself.

## **From Reader Review Final Passage for online ebook**

### **Vicki Tyley says**

A thoroughly enjoyable read, full of twists and turns. Great premise, well-drawn characters, and polished writing that flows.

The yachting setting plays a major part – a character in its own right. Fascinating. If a novel can inform as well as entertain, then for me, it's a winner.

Highly recommended. I look forward to reading more from Tim Frost.

---

### **Troy Lefman says**

Too many errors...

---

### **Karen says**

Just finished reading this book in one week. Great story line and a lot of twists and turns throughout the book that keep you guessing, just when you think you've figured it out another twist is thrown in. Great/happy ending!!

---

### **Lesley says**

Really enjoyed this book. Did a lot of sailing as a child and it brought back some wonderful memories. Very well written. Good story of family torn by secrets unshared.

---

### **Amy says**

This was a great story.

Well written, with only a one small issue; some of the story "jumped" in spots (from being "the story" then to being in the main characters thoughts) BUT, I think that confusion might have been from it being an ebook. I'm sure the spacing/text distinguished it better in print form.

Overall, this was a great book with a good twist at the end. I like happy endings.

---

## **Janet says**

Did not finish. Did not like the main character; perhaps his personality (risk-taker, always thinking tomorrow will be better, no attention to details) is the problem. Overdrawn at the bank, but he can't stop spending/losing money foolishly.

---

## **Kathryn says**

I really enjoyed this book. It had a minor flaw or two (and let's face it, most mysteries do) but was an enjoyable read. And, in the process, learned quite a bit about sailing! Thanks for publishing in ePub so I was able to read on my eNook.

---

## **Gail says**

Got this as a free book on my nook and started it because I didn't have anything else at the time. It turned out to be exciting with murder, mystery, romance, and drama. I was quite surprised.

---

## **Bonnie Luckey says**

I read this a couple years ago and really enjoyed it. A good mystery!

---

## **Jack says**

Escapist adventure taking place mainly on a yacht around the Caribbean and featuring one very unlucky PR man and his estate agent brother.

---

## **Brad's Reader says**

The premise of Final Passage is the main character, Martin Lancaster, is trying to figure out what really happened to his father - who was killed at sea while sailing. During his investigation, Martin is unable to find his father's logbook, a piece of evidence that would shed more light on the elder Lancaster's untimely death.

With that plot in the background, Martin goes about his life, running his own advertising agency and trying to get his daughter Alice on a straight path towards responsible adulthood. But his business is in trouble and he's unsure of his financial future. To complicate matters more, he owns a sailing yacht with his brother Ian, and they are supposed to travel to the Caribbean to race in one of the most prestigious sailing races in the world.

Martin's ad business begins to crumble and he's forced to sell out to an American company. He continues to

run the British office, and the company even sponsors Martin's upcoming sailing race. Martin and Ian fly to the Caribbean to meet an attractive young girl, Pippa (who happens to be the daughter of the man who bought out Martin's company) to sail in the race.

Near the end of the novel, there are so many unexpected twists and turns, I was unable to guess how things would end up. And by the last page, I was very surprised - but in a good way. Frost manages to masterfully thread all the plot needles at the end, leaving no unanswered questions. Unlike a lot of novels, Final Passage left me feeling satisfied. Even now I continue to mull over the story and the plot, wondering how Martin's life took a turn for the worse so quickly.

My favorite part of Final Passage, however, was how Frost wove the action with Martin's personal life. This made Martin a fully developed character, one the reader can sympathize with and root for without any false pretense. I've often found I love reading about a character's personal life. Even the small details of his/her work and home life can really draw me into the story.

Yes, I am recommending this novel to anyone who is looking for a good ebook to read.

---

### **Shelley says**

I read this one a while back and am just now getting around to reviewing it. I really liked this one. I would think I knew what happened and think I had it figured out and then it would throw me a curve ball and I was wrapped up in it again. It kept my attention and the actual storyline was interesting and held my attention.

---

### **Nina Vandewater says**

British author pens adventure thriller centered around a yachting race from the Canary Islands to Grenada in celebration of Columbus's 500th anniversary. Our hero is a nice mix of good guy and dumb cluck who has gotten himself in a world of trouble. This is a proverbial page turner and nice, very light summer reading.

---

### **Lori Henrich says**

Martin that he had everything going for him. He is married has a beautiful daughter and his own business. His biggest client shows up in his office to let him know they are withdrawing their business for another company. With this one event Martin's life goes into a tailspin. Everything starts to go wrong. Martin is also trying to find out the truth about what happened to his father and what truth the missing logbook might reveal about his tragic death.

This started out okay and ended okay, but the stuff in between didn't keep me wanting to continue. If it would have been for a challenge and the only book I could easily get for the challenge I would have given up and not finished the book.

---

**Janice says**

A great read. Would recommend.
