## **Love You To Death** Melissa Senate

When did Abby Foote's life become an episode of *Law & Order*?

First, a former boyfriend (who dumped Abby in the most humiliating way imaginable) is found murdered the day his engagement is announced.

Then two other ex-boyfriends report attempts made on their lives right after breaking up with her. Coincidence? Detective Benjamin Orr, of the Portland Police Department (and Very Probing Questions and Incredibly Delicious Face), doesn't think so. Neither do Abby's friends, family, coworkers and other exes—who are suddenly shaking in their shoes. Soon everyone is sucking up to her as though the Abby they know and supposedly love to death is capable of poisoning their drinks....

Is someone trying to frame her?

Who? And why? She has to find out fast. Because by-the-book Ben is bound to break her heart.

Which makes him next on someone's list...

## From Reader Review Love You To Death for online ebook

### KurdishBookworm says

Abby is such an imbecile, how can she let her stepmother treat her like that? And Olivia's husband too, If they didn't want her around (thinking she is a killer) she should've stay away from them, saying they are her family. C'mon girl that woman stole your father and left your mom in a desperate situation in her most sensitive time.

Also that stupid police got to follow her around in case she tries to kill someone else (does this even make any sense?) it was so absurd.

About the end

I Thought the killer was Benjamin, didn't expect that ending even though it wasn't that rare.

Giving 3 stars because I'm not used to low rates~~~ what a sweetheart am I :P

### Sharon Mariampillai says

#### Actual Rating: 3.25

This was a funny little crime mystery contemporary romance. I thought it started out slow, but progresses as the story went on. I thought that story was inventive because the main character, Abby, has the worse luck with guys. So when one of her exes turns up dead, she is the number one suspect. This is when she gets reacquainted with Ben Orr, a detective and former classmate.

The characters are great. Abby was funny, cute, but sometimes she annoyed me as well. Ben was the hot, smart detective who was also funny and sweet. I thought they had great chemistry. I just wish there was more about Ben's past. I thought the character development was great too. The characters were engaging to read.

I thought this book was funny, sweet, and loving. It has a feel of Law & Order to it, and I found that engaging. I hope to read more books by Melissa Senate. Recommended to chick-lot fans who also like mystery. Overall, a great read.

### Sherri Bryant says

Could Abby Foote's day get any worse? She already has the worst luck with men and discovers that her ex-boyfriend has been found murdered. The cop investigating the murder happens to be the guy she had a major crush on in high school. She soon learns that attempts were made on two other exes and she is the prime suspect for all three crimes. It's bad enough that you're being investigated by your high school crush for crimes you did not commit, but adding insult to injury, he doesn't even remember you! Your family claims they believe in your innocence but they start acting strange, don't want you around your newborn nephew and even insist you be accompanied by a police escort to your bridesmaid's dress fitting for your sister's wedding!

I completely understand that Ben is just doing his job, but I started to get annoyed at his insistence that she “could” have done it and “it’s possible” instead of not appearing to look at anyone else as the suspect. Even when there’s evidence that someone Abby knows is committing the crimes, Ben still asks Abby if she planted it! If it wouldn’t have made her situation worse, I would have cheered Abby slapping him a good one!

The list of possible suspects is large. It could be anyone starting with the dead ex-boyfriend’s new fiancée, to Abby’s family, to her co-workers and even her friends. Sadly, everyone seems to believe it’s Abby and people are walking around on eggshells around her, which I found highly insulting, but there isn’t much to be done to help the situation except prove her innocence. It was next to impossible for me to figure out who did it as I was likely to believe any of the people in Abby’s life were capable. When the culprit is revealed, I was surprised and a little disappointed that I didn’t pick up on it sooner.

The story moved very slowly for me until Ben starts to entertain the possibility that someone close to Abby could be responsible for the crimes. By then I was pretty frustrated at Abby’s insistence of innocence falling on deaf ears and more agitated that there were no signs of interest in Abby coming from Ben, except as a perp. Probably a good thing as there is a killer watching and Ben could have ended up on the killer’s list of targets.

Overall, this was a good book. I really enjoy the mix of chick-lit and mystery. As frustrating and annoyed I was at the lack of passion in this story, I have to applaud Ben’s ethics and integrity. Fortunately, he steps up when Abby finds herself face to face with the killer so all ends well. I recommend this to fans of both the chick-lit and cozy mystery genre that are looking for something light to read and don’t mind the lack of passion and romance for our heroine.

### **Sara says**

I really enjoyed reading this book. If you're currently dating and had a string of bad dates or relationships, this book is highly entertaining. A little bit of mystery, lots of humor and a little romance all tied into one easy, fun read.

---

### **Collette says**

Being a big chick-lit fan and Red Dress Ink fan this book was right up my alley. It was a cute story about a girl who was being framed for the murder and attempted murder of three of her ex-boyfriends that dumped her in horrible ways like catching one in the bedroom at her birthday party with a woman's lips attached in the midsection. Ouch!! Not a fun way to find out about the other woman!

Anyway the hunky detective that refuses to believe she is innocent is non-other than her high-school crush that didn't even know she existed back then.

It wasn't as witty or as funny as some chick-lit I've read but the plot was good and the who-done-it ending was a surprise.

## Gülay Cansever says

ç?t?r çerez tad?nda bir kitap. gece ba?lad?m ve ?imdi bitirdim. katil kim diye bir türlü elimden b?rakmad?m. okumas? kolay, puntolar büyükçe ve sat?r aralar? geni?çe :) ve katil de ben ?oook ?

---

## P?nar says

??te bir bizimle de?ilsin yazar? daha. Hakk?nda hep iyi ?eyler duydu?um yazarlar?n kitaplar?n? okumasam m? acaba? Yani acayip s?k?c?, zor bitirdi?im bir kitap oldu bu. Böyle bir durumla bir daha kar??la?mak istemiyorum.

Tabii ki renkler ve zevkler tart??ılmaz ama bu karakterlerle bu kitab? sevmem imkans?zd?. Bir insan bu denli pasif olamaz ya. Resmen her söyleneni ve yap?lan? yuttu, sineye çekti. Kusura bakmay?n ama böyleleri 'iyi' de?il 'enayi' oluyor.

Erkek karakter Joe vard? bir de, k?z? her f?rsatta bozmaktan zevk alan. Zaten k?z?n lise a?k? olmas? d???nda romantizmin bir temeli yoktu. Yok yazarc??m, bunu ele almak sana birkaç beden büyük gelmi?. Sen daha güvenli sularda yüz bence.

Redaksiyon mu? Sizce? Kötünün iyisi diyeyim, siz anlay?n efenim

## Carlos Alonso-Niemeyer says

I keep a list of book recommendations with me. Someone had recommended this book to me a while ago. I don't remmember but I have a few guesses.

I bought it for my Kindle, which prevented me from looking at the book cover.

After the first chapter I started to worry. In the second chapter I started to get angry. By the third chapter I was, quite frankly MAD!!!

If I ever find out who played this prank on me, he or she is going to get it.

This is a chick book. All fluf. Its the equivalent of having a yogurt ice cream at McDonalds.

There are some sexy and quite graphic sexual scenes, but the book is definately a thumbs down.

Unless you like soaps in the morning and good morning america, RUN away from this one.

## Aparajita Mukherjee says

Abby is a prime suspect in the murder of one of her ex-boyfriends, and she is also being accused of attempting to murder two of her other ex-boyfriends. But she is an extremely sweet, caring, generous person and it almost broke my heart by the way most people treated her. Her jackass good-for-nothing ex-boyfriends, her step-family, her colleagues at work, almost all of them deserve a seat in hell, including the hot Detective Benjamin Orr, who of all people should have understood her. Only a handful of people stood

by her side. Even the killer, in spite of being criminally insane, is better than her step-mother and step brother-in-law. Even before the murder mayhem, her life was miserable enough, and she was constantly being stepped upon by almost every person she loved. Their lack of trust in her is heartbreaking. The ending did very little to ease the pain I felt for Abby throughout the book. At least, being a prime suspect got her a promotion and made some awful people quake in their boots for being nasty to her.

---

### **Gaby says**

I had high hopes for this book the blurb made it seem really interesting and it sort of was as I finished it in 2 days. However I was bored with the love interest, heck I had to go back because I forgot what he looked like since Abby only ever mentioned his dark eyes. Ben had potential to be really interesting he was a cop, he was Abby's high school crush, he never said he thought Abby was innocent. But he was boring. I only really finished this book because I thought Abbey was interesting.

---

### **Lili says**

I was bored out of my mind with this book, just wanted it to be over!

Abby is soooo stupid!, she's a doormat for all of her boyfriends (if the author expected me to feel sorry for her it didn't work, she deserves everything that happened to her for being so dumb), her "family" treats her like crap all the time and she allows it!

The police officers were totally unprofessional with her and she didn't say anything... but the worst of all was the way she kept thinking like a teenager all the time, no wonder every guy ditched her!

Yeah yeah, she's in love with her high school classmate... but she's not in high school any more, she's 28!

The only good thing about this book was the bad guy, I never new who the killer was until the end... and that didn't make a lot of sense either.

---

### **Sarah Hadd says**

The reviews for this made it sound pretty awful, but I surprisingly really thought it was fun. It wasn't Shakespeare, it was simple, but a fun and quick summer read.

---

### **Kellie says**

This started out slow, but it got better as it moved along. I enjoyed it. I had my suspect early on, but when he became too obviously a red herring, I decided on someone else. (And I was right!) There's indication that the author is going to write another mystery with the same main character; I look forward to it.

## Min Li Li says

Dün otobüsle eve dönerken okumaya ba?lad?m kitaba.Ve ummad???m bir ?ekilde beni yan?ltt?.Güzel anlamda tabi.Bu kadar iyi olaca??n? beklemiyordum.Konu olarakta kurgu hem tahmin edilebilirdi hem de farklıyd? bence.Mesela katilin kim oldu?unu tahmin etmi?tim ama böyle bir konu nerden akl?na gelir insan?n.Böyle insan? fazla s?kmadan,kafa yormadan okutan kitaplardan biriydi.

Abby'nin üvey ailesine sinir oldum,o konuda çok pasif gördüm onu,hiç sesini falan ç?kartmad? yapt?klar?na.Ben olsam ileti?imimi falan keserdim direkt. \*-\*

Bu kitaptan sonra yay?nlanan di?er kitab?n? da okudum tabi. :D

---

## ?lkim says

Fena de?ildi, çok ucuza a101den ald?m ve kötü ç?kmad?. San?r?m bir kitab?n? daha okumu?tum yazar?n pek de bir ?ey beklemiyordum. Zaman geçirmelik biraz da komik bir kitap.
