[Siren Everlasting Classic ManLove: Erotic Alternative Paranormal Romance, M/M, shape-shifters, sex toys, HEA]

Feeling alternately aggressive and disconnected, Nigel Durbin is having a hard time distinguishing what is real lately. The dangerously sexy shifter who comes to his rescue when his ex threatens him is very real, however, and Nigel just wants to rub all over the guy and purr.

His mate's scent hits Cayson Downs the second he walks into Daylight Café. Instantly, he knows without a doubt that he'd do anything, be anything that Nigel wanted. He'd failed once to protect the people he loved, but he vows not to make the same mistake again.

Of course, nothing is ever that easy. Strange things are happening at the paranormal prison where Cayson works as a guard, the inmates are turning up mysteriously ill, and Nigel's ex won't back off. Can Nigel and Cayson's relationship hold up under the strain? Or will they crash and burn when the truth is revealed?

Fun read, I definitely like the group of characters in this one. Looking forward to more!

Tj says

Cute read. I enjoyed the mystery and the characters. Nigel is socially awkward man. Cayson is a really interesting character. I think of the two Cayson is more interesting. The two get together easily enough but that is the only thing that seems to go easily at all. Fun story.

Christy says

Nigel's story was so cute. It was a little over the top in a few places but overall I really enjoyed it! Watching Cayson, the big Doberman, and Nigel, the little Siamese, butting heads was very funny. Overall a nice lighthearted story.

Just like the first one, this one was a good read. This book gives more of a storyline to what the conspiracy surrounding all the friends of Fantasy Creations is.

Gieliza says

3.5 stars!

A conspiracy theory has been uncovered. Exciting! And some more background on the guys. The tone is a bit darker than the first book but I'm ok with that. Still a cute series overall.

Naughty by Design is the second installment in the Sexually Awkward series. This time it's Nigel's turn to find love and his mate, Cayson Downs is fierce and protective, but comes with a bunch of secrets. Will Cayson's past threaten their future?

So far I am really enjoying this series by Gabrielle Evans. The characters are unique and have such diverse backgrounds that each book has a different tone and feel, yet keeps with the general plot of the others so that these could be read as standalones.

In Naughty by Design, the reader gets more in-depth to the mystery of who is threatening the guys in this series. We also get more world building, and without giving too much away, I found Cayson's back-story to be fascinating and compelling. Then we you add in his chemistry with Nigel, and the book nearly catches fire. Who knew paranormals so vastly different could be so hot together?

I think fans of Ms. Evans, the paranormal genre, and romance readers alike will find this series to be a pleasurable and riveting read.

Lisa says

These guys are too cute. A bunch of cat shifters owning a sex toy shop. Add in vampires and its a book made in heaven.

This book centers on Nigel and his mate Cayson. A nice mystery in the background and plenty if his friends as well.

A great series.
