BLOOD FEUD WITH A VAMPIRE

There is a vampire stalking the night! Normally ten-year-old teacher/magician Negi Springfield would have no problem dispatching such a villain, but this vampire has a magic-enhancing partner--and worse, the vampire is a student in his own class! Now he must find a partner of his own, but with a class full of beautiful girls all vying for the position, it won't be an easy task. Add in Negi's old friend, a skirt-chasing, wisecracking weasel from Wales, and the nice orderly chaos of Negi's life turns into a hilarious melee of sirens and sorcery!

This volume really made me realize, THE MAIN CHARACTER IS 10.

He acted so mature and with so much confidence, I didn't give the reality of his age too much thought. Yet, his consistent crying and "running away" seemed to take away from the previous volumes. I enjoy his character very much, but if he continues to skimp out on his duties because he's scared, I'm not sure how much more of these volumes I can take. It really emphasizes how terrified he really was, but still. He HAD defeated a dragon, and collected 200 spells. He should be capable of fighting someone.

Also, the idea of finding a "partner"? I understand his logic, yet suddenly deciding after turning down his crazy class of females... Slightly irritating.

I guess I'm still enjoying this series though, despite the character changes. :)

I liked this volume, but I'm not sure I really like Chamo the animal ally that appears... But I loved the action in this volume!!

Caroline says

Chachamaru's and Evangeline's history is revealed, which was pretty interesting to read in this volume. I liked the deviation from the normal in this volume, and I hope the series continues with the trend of being less like Love Hina and more of its own thing.

Jeffrey says

A difficult volume to get through that introduces a stereotypically annoying pervy animal sidekick without reducing any of the skeevy fan service.

The friend who loaned me this series promises it'll get better. I really hope it does. For the moment, I remain merely disturbed.

i watch the anime version :

Nuemiel Mangas says

Abandono el manga. No me va el rollo de las "braguitas" a todas horas.

Daniel says

Nastavljamo sa upoznavanjem ucenica ali ovog puta imamo malo vise tenzije plus dosta akcije tako da mnogo vise drzi paznju nego prethodna knjizica.

Harriet says

This volume has a lot of funny bits and action. I liked finding out more about The Thousand Master. Just wish there was less naked.

Peter says

Dull volume-long plotline.

Miss Ryoko says

This one is my favorite so far- we learn about some of the more mysterious students in the class...and they become even more mysterious. A vampire is on the loose and seeking revenge...on Negi! This installment was very interesting! The story just took a exciting twist!

Kaya says

It's OK!

Conan Tigard says

Negima!: Magister Negi Magi just gets better and better. I loved how Negi finally had to start using his magic both to defend himself and for attack. I also liked that he had to pick a partner that will help keep him safe while he is using his magic.

Once again, the artwork is top-notch, the storyline is quick and fun, and the adaptation by Peter David is the best of all the manga series that I have read.

As a surprise, Negi also has a new friend. I am not going to give it away here, you will have to read the book to find out who this is. Needless to say, you will love this new character. Look closely at the book cover and you may see him.

I liked how this entire book was basically one long story, instead of a lot of different short ones. It made the story flow together well.

Overall, Negima!: Magister Negi Magi - Volume 3 is another excellent book in this manga series and I cannot wait to read about more adventures in Negima!: Magister Negi Magi - Volume 4.

I rated this book a 9 out of 10.

Setsanata says

In this volume, Negi finds out that his student Evangeline is the vampire that's been biting the students. Now they must face off in a battle of good VS evil in this suspenseful volume that will urge you to read on!

Kosma says

This volume makes me mostly feel like it's funny, but it contains a lot of action, which makes it even more interesting. I think that my favorite part is the actual Negi's fight with Evangeline. Negi does pactio with Asuna, which gives him opportunity to distract Chachamaru and fight Evangeline directly. I really recommend this book to everyone who likes good manga.

I read this volume about 4 days ago and I really liked it.

The author wants me to feel like it's a funny book, but he wants me to feel like it's a little serious sometimes.
