# Stieg Larsson, Dead? or Fled?

*Martin Liss*

## **Stieg Larsson, Dead? or Fled?** Martin Liss

I read Stieg Larsson's trilogy, not knowing that Stieg was "dead". Once I read all I asked for more and someone said he was dead, I just got the freeze and thought, yeah sure, what a joke! So I started to do research about his life before his death and also about his books, his life and family after his death.

This book is a Fiction book, one has to understand that it is not based on any real proofs, but on a lot of suspicious persons' thoughts of Stieg Larsson.

Why was he such a secret person when he was alive?

Why did his Partner go to the editorial to get the books printed? She was as tired of the threats they lived under during his last 15 years. Why make it worse? Think of it, the trilogy is a suicidal work. A Requiem.

Now someone else (David Lagercrantz) is writing the continuation about Lisbeth Salander. Even if it will be a good book, I will not read it. I can not. I can not read a book that is written by someone else after what has happened with the real author.

I LOVE the books and the mystery around Stieg Larsson, dead or Alive, he has opened a new genre in the book shelf for me.

Stieg has inspired me to write as I never wrote before.

Read also my previous book:

The Mob Hunter #1: "Tea Gang, Changes Strategy"

coming up is also:

The Mob Hunter #2: "Check Gang, Washes stolen Money"

Long live Stieg and long live Charlie!

/Martin Liss

## **From Reader Review Stieg Larsson, Dead? or Fled? for online ebook**

### **Martin says**

Good  
different thinking.

Merged review:

I am amazed of all the questions around Stieg...  
Even though the book answeres a lot but still how could all this happen?

---

### **Martin says**

Otrolig historia, varje gång man hör talas om Familjen Larsson blir man mer och mer förvånad...

---

### **Erin says**

Very interesting book. Loved the Stieg Larson books and would like to think he was still alive, Very clever how Martin Liss figured out how he could have fake his death and disappeared.

---

### **Ginger says**

Did anyone proofread?

---

### **Martin says**

fantastiska aslöjanden...  
Vem visste allt detta om Stockholms liv?  
Stieg larsson satt verkligen inne med mycket farlig Information,  
Inte konstigt att han flydde...

---
