The World Since 1945: A History of International Relations Wayne C. McWilliams , McWilliams, Wayne C. / Piotrowski, Harry McWilliams, Wayne C. / Piotrowski, Harry

Thoroughly updated throughout, this new edition of *The World Since 1945* traces the major political, economic, and ideological patterns that have evolved in the global arena from the end of World War II to the present day. The book provides not only the background that students need in order to understand contemporary international relations, but also new material about politics around the world. Among the current issues covered in this edition are the impact of the ongoing global recession, China's growing role in the world economy, the unchecked nuclear arms race, NATO's eastward expansion, the wars in Afghanistan and Iraq, and the escalation of the Israeli-Palestinian conflict. Beautifully written and student friendly, *The World Since 1945* has made its place as the text of choice in scores of introductory IR and world history courses.

From Reader Review The World Since 1945: A History of International Relations for online ebook

Anam Zahra says

Being a student of International Relations, I found this book disrespectful, distracted, and full of tunnel visions. I respect "every religion" and promote interfaith harmony. Unfortunately, in the name of freedom of expression, the authors have insulted the basic moral values especially by adding a complete chapter named, "Militant Islam". Like seriously? Just on the basis of few, you cannot blame the whole religion. It is the highest level of barbarism and ignorance. Remember, because of Ku Klux Klan you cannot say or coin "Militant Christianity". Authors should respect every religion, including Islam. And they should write rationally, not emotionally.

Note: the book is much opinion oriented, not good for general study.

W.T. says

Remarkable historical content! I didn't realize how important this class was to me until it was over. This text is another inexhaustible resource.

Meenakshi Iyer says

A blow-by-blow account of a battered, bruised world after WW II. Exhaustive and interesting, it coerces the reader to look for a fuller and more objective understanding of the issues that continue to roil the globe. It reminds us that our political history is not just a mere representation of facts, but brims alive with controversies and conflicting ideas.
