Until We Meet Again K.D. Robichaux

A Club Alias Crossover

Justin, Kenton, and Nico did their job—catching and putting away the trafficker who had been kidnapping young women all over the state of Tennessee. But with all the money the bastard made from selling women as sex slaves, and lawyers as dirty as his bank accounts, Javier Flores was set free.

Frustrated and out of options, the Nashville boys call me, Brian Glover, a BDSM club owner and mercenary.

After a couple of difficult missions, I'm ready to get back to what I'm good at—eliminating bad guys and making it look like an accident. Plus, I'll jump at any chance to spend time with Clarice, my best friend with benefits who meets me on all of my jobs.

Will this be the mission Clarice finally admits she wants more than friendship? Or will I have to wait... Until We Meet Again?

Kali McQuillen says

This author knows how to keep you on the edge of your seat with these novellas that she writes for Brian and Clarice. I cannot get enough of them!!! She always gives me what I want with these two but leaves me always wanting more!! I keep waiting for them to have their HEA but I can't complain too much because I get to see them in these novellas.

When Brian gets called to Nashville, he's able to meet up with Clarice. They're just what the other needs, just like always. I love how it is between these two. Flipping hot as hades and you can feel their friendship and love that these two have. I want to know why Clarice is the way she is and I'm already waiting impatiently for the next book!!!

Philomena Callan Cheekypee says

This is a story in the Kindle Worlds: Happily Ever After Alpha collection. Each book can be read as a standalone.

I was super happy to read of Brian Glover again. He's a totally hot alpha. We get the story of how he will do anything he can to get rid of pure badness in the world. We also read oh his relationship with Clarice. I really hope we read more about this couple. They are so good together and their scenes are so hot.

I'm really looking forward to reading more from this author.

Until We Meet Again is the very short novella that follows Brian and his best friend/friends-with-benefits Clarice. For me, this seemed more like we were getting dropped in the middle of an already ongoing story and I felt like I was missing information. Brian and Clarice already have a sexual relationship when this story opens up and by the end it doesn't change, which left me feeling unsatisfied.

I've only read a few of these Happily Ever Alpha novellas so far but the impression I got from how they were promoted and from the others I've read was that they would all feature the "Boom" that the *Until* series is famous for. So it was a little disappointing that I didn't even see a connection between these characters.

Maybe if I had read the Club Alias series and already knew these characters I would have felt different, but as it is I just didn't enjoy the brief encounters we saw that didn't lead to anything.

Five ??'s Worthy!!

Sorry no spoilers of any kind because I'm not the type that does that. So what can I say about this book? Well I can say this KD Robichaux has done it yet again! This book is absolutely awesome!!! I loved it and I loved how KD is able to get her readers hooked before they even finish the first page. She's definitely a mad story weaving genius! So yes you got it I most definitely recommend this book to anyone who's looking for a fantastic story to get lost in! If you haven't read any of KD Robichaux's books, well then what are you waiting for? Get busy because I can guarantee that you will not be disappointed in your choice!

I was lucky enough to receive Until We Meet Again as an arc and as a new reader of K.D. Robichaux's I was excited to dive in.

I really enjoyed this novella but I think I would have enjoyed/understood it a whole lot better if I had previously read the other stories connected to Brian and Clarice.

The story was hot and a quick read and I am definitely interested in finding out more of their story. I will be giving this a reread after I have caught up on all their other stories so I have a better understanding of the whole picture.

Can't wait to read more from this author.

We're met Brian before in the Club Alias Series By KD Robichaux and I've been intrigued about him and his friends with benefits, Clarice; which is obvious that these two are in love with each other but Clarice has walls up and doesn't admit what she really feels about Brian, so they stay as friends with benefits, and some BDSM play too :)

I liked the flow of the story and we also get to see some of our favorite characters from the Underground Kings Series by Aurora Rose Reynolds... yep, our man, Justin is in this story too, yay and by the way, I'm dying for him to get his own story too...

Brian was a great character and he's sort of a mercenary but he only eliminates the bad guys and he loves Clarice; they've been friends with benefits for years and still he waits for her to admit her love for him, the same love he feels for her, which it doesn't happen here, it made me disappointed because I really wanted these two to FINALLY be together as an official couple and have their happily ever after...

I think that's the only thing I didn't like about the story, which leaves me wondering when KD Robichaux will FINALLY give her readers, Brian & Clarice's conclusion and a HEA...

Overall, it was good, the main characters had great chemistry, great steamy scenes, it had action, and kinky scenes too ;)

Hopefully, we'll get to read more about these two when KD Robichaux writes her next stories and FINALLY takes us out of our misery and give Brian & Clarice their deserved happily ever after <3

This story releases on April 3rd, of Aurora Rose Reynolds's, HAPPILY EVER ALPHA KINDLE WORLDS :)

"My crazy girl. She lives for crime shows and serial killer documentaries. Sometimes I think she keeps me around just to be close to the action."

See, I knew there was a reason I bonded with Clarice, I love those shows too! Would it be wrong of me to admit that I'm not anxious for the author to write Brian's full-length story yet? I'm kinda sorta definitely addicted to these incredible novellas that feature Brian and Clarice having their hook-ups in different locations when he has a new mission to complete. I love the suspense and especially their version of **#StripClues** as they review the details of whatever case he's working on. I'm also addicted to the delicious anticipation of knowing that they will eventually admit they are more than **'best-friends-with-benefits'** and move to the next level in their relationship. But, I can wait, as long as these stories keep coming...

I can't tell you how much I love this cute couple. Yes, I know, Brian is a 6'8" tall badass mercenary and doesn't seem the type to be 'cute'. But when he's with Clarice, who's a foot shorter than him, their banter is adorable and in his eyes, she's an Amazon.

I may or may not have done a Google image search to do a little research of my own regarding a piece of BDSM equipment I'd not heard of previously. Let's just say that being 'educational' is another perk of these little **Club Alias** shorts. ?

I really really liked meeting Justin, Kenton, and Nico for the first time in this **Kindle Worlds: Happily Ever Alpha** novella and now I'm very intrigued to get to know them better once I figure out what books they are in.

As I've mentioned previously, it's amazing how much story K.D. Robichaux manages to cram into a novella. I enjoy them so much and never feel short-changed. They feel like a Hershey's Kiss, very satisfying. But when the full-size bar is finally offered, and Brian get's his own book... Well, the line forms here...

Marija says

What a great combination of love story about friends with benefits and little more than that and Brian's work as a Karma to bad people that deserves that.

This is a first story that I've read about Brian and Clarice but from the other comments I see that they have more than one "adventure" together. I'm going to read them all right away and I have my fingers crossed to read a full length novel very soon. Excellent incorporation of ARR characters into this story, specially

because I have a soft spot for Nico.

CoCoFierce says

I am a total fan of the Until Series so when I heard that several authors were doing their take on it, I just had to read it. I have never read anything by KD Robichaux but I loved the premise of this book. Here is a group of men, “Dom’s”, who are delivering Karma and peace to the families in which the justice system failed. What a combination!!!! I honestly didn’t feel like I needed to read the other stories in the series to understand this one. I would however read the other stories because Clarice seems like an interesting character. Clarice and Brian are I guess on and off again lovers, but always on when they need to satisfy an itch. This is a friends to lover’s type of love. However, Clarice is a little distant and Brian is just waiting for her to let him in a little further. Dealing with the subject matter I did enjoy the “strip” scene for evidence. And how can I forget that readers got to appearances with some of our favorite Alpha’s like Nico!!!! This is a short read BUT I felt like this was an unfinished story. Mainly from the ending. For me this story is just a taste of what’s to come from these characters. I honestly didn’t feel too much of a connection between Brian and Clarice maybe because the story was so short. I did like the mix of the mission and budding romance in the story. I just felt like more time could have been spent on the actual relationship. I did find it interesting the top, bottom switch. This was a quick read and enough to keep readers interested. Cannot wait for the next installment of this series.

4 star

I was pulled right into this super short story. The story has pain, naughty fun, and revenge.

If you have not read the below I would recommend reading them first if you want the full stories of the Until series by Aurora Rose Reynolds as these novellas take place in the same series:

Until November (Until, #1)

Until Trevor (Until, #2)

Until Lilly (Until, #3)

Until Nico (Until, #4)

Until July (Until Her #1)

Until Jax (Until Him #1)

Until June (Until Her #2)

Until Ashlyn (Until Her #3)

Until Sage (Until Him #2)

Until Harmony (Until Her #4)

This is small part of Clarice and Brian’s story. Brian and Clarice are best friends and lovers. Brian is in love with Clarice, but she hides her love. You get some pretty steamy sexy times with this story. You get a sneak

peek of this couple and the passion they feel for each other. But you don't get the full story. But you get some suspense and some covert ops stuff. This is all in Brian's POV.

I felt I could connect with the characters and the story was a great read.

I recommend this book if you want to read some sexy times.

Shari says

Even though I knew going in that this novella did not have a happy ending, I found that I still kept hoping for one. This was a quick, but good, steamy read. I want more of Brian. I want him to get his HEA. These two have quite the connection that I could just feel and I enjoyed the glimpse I got of their relationship. I loved how tall he was. He is definitely an Alpha male and could be close friends with the others. I liked seeing Kai, Justin, Kenton, and Nico in this story. It is always good to see old friends. I look forward to reading their story Kayla. This was a good addition to the Until Series world.

ARC received in exchange for an honest review.

Athena Stephenson says

Oh I love me some Brian! He is such a badass but has a heart of gold! Swoon ? I feel like we are getting closer and closer to Brian and Clarice being together for real and I AM HERE FOR IT!!! They have such a unique relationship and I feel like they bring out the best in each other and I love it! This novella was yet again fabulous! Can't wait for more! Great job Kayla!

Jennifer says

This might be the best Brian and Clarice novella to date. I feel that each story we read we are given little insights into their relationship and I hope that we will get their full story soon because I love their switch style. This is another great adventure mission with very sexy times between Brian and Clarice. KD Robichaux knows how to write an very quick story full of passion and on the edge of your seat adventure. This is a great addition to Brian's stories!

I voluntarily reviewed an advanced copy of this book.
