Alice and the Queen's New Game Chad Prevost

Alice and the Queen's New Game is an interactive fiction joyride with dozens of choices, 30 endings, and 25 illustrations. Using elements from Lewis Carroll's original Alice in Wonderland and Through the Looking Glass, this new adventure takes Alice in new and surprising twists and turns. Help Alice achieve all Level 4 endings to become an Ultimate Adventurer.

Alice finds herself playing a game. Her fate is in your hands. No pressure.

Level 1: Bad Dream: Things go terribly wrong for Alice, or she doesn't even have an adventure, or she just wants to wake up.

Level 2: Good Dream: Alice manages to return home, and think back on her experiences with some pleasure and fondness.

Level 3: Sad Queen Alice: Alice becomes Queen, but is either cruel, or sad, or both.

Level 4: Good Queen Alice: Alice finds success and happiness. She achieves the highest possible life satisfaction.

Level 5: Ultimate Adventurer: Alice experiences all Level 4 endings.

From Reader Review Alice and the Queen's New Game for online ebook

Anna says

Some good ideas and a cute use of Carroll's style but some of the links are nonsensical, leaving the reader confused. There's no real sense of plot development, and each narrative is simple and short (if it actually connects and finishes).

Not what was hoping for.
