Dangerous Revelations Lisa Jackson

Previously published in 1993 as He's a Bad Boy

Fall back in love with this fan-favorite from #1 *New York Times* bestselling author Lisa Jackson, now available in e-book alone!

Rochelle Tremont first met Jackson Moore ten years ago, after he saved her from a harrowing experience. But when a scandal drove Jackson out of town, it also left Rochelle's reputation destroyed, and her heart broken.

Now, an older Jackson has returned to Gold Creek, and Rochelle must visit her pain-filled past. Can she heal from the hurt she's experienced and, just maybe, learn to love Jackson again?

SimpleBrandy says

I really enjoyed both books in one. I thought it was a great easy enjoyable read.

Cataluna6 says

I'm not 100% sure how I feel about this book at the moment, I had a bit of a rocky start with the beginning.

I didn't buy Rachelle (our heroine), being ok with wet hugs just after being assaulted. I was also laughing at her amazing first time, where she soared all sorts of magical heights - several times - with our resident bad boy Jackson Moore, (our hero). I it was kinda a dick move on his part to keep going, even though he felt bad about 'taking advantage' of Rachelle.

I quite like both of the main characters, both likable enough, I was a little annoyed that Jackson felt the need to over exaggerate all the other negative aspects of the other characters, namely Roy Fitzpatrick - local asshat and our number one bad guy at start of the story. All his friends are similarly painted, none of Roy's friends have any redeeming qualities, even when we meet them 12 years later. This aspect of the story didn't feel real to me. I felt like Jackson wanted me to know these were the bad guys and so she made a list of things assshats do and made sure they had all those traits. I don't like being told how to feel about a character, I like to make up my own mind and I'm sure I would've come to the conclusion that they were not nice.

Overall, this was pretty predictable, I had an idea of who the killer was and I was on the money. That being said I did enjoy listening to it once I got past my issues, plus I always have such fun listening to these older Harlequin Loveswept titles. Would I read it again. No. But would I read the other three titles in the series. Yes.

Sep says

The hero deserted the heroine after she saved him from a murder rap by publicly admitting they spent the night together. He promptly leaves town and she has the horror of spending her senior year being called all kinds of cruel names by her fellow high schoolers and pretty much the rest of the town.

Fast forward 12 years. She is now a reporter but still hasn't gotten over him.

Despite my criticism of the couple, this is an exciting book. The plot is full of twists and turns and it kept me interested right up to the end.

Emma Maher says

Very well read. The plot was interesting. I couldn't put it down. I should of knew who the murderer was from

the beginning but I enjoy books that aren't too obvious. Its a light read and easy to get caught up in the characters. A good storyline.

Cynthia says

I enjoyed the story but the narrator was very monotone... I had a hard time getting past that!

JMV says

Very harlequin. Nice change from the intense reads of lately.
