Her Bull Rider's Baby

Genevieve Turner

Her Bull Rider's Baby Genevieve Turner

Can one wild night in Vegas become a lifetime of domestic bliss?

Liliana Merrill learned to love the rodeo with her ranching family. Now heading their stock operations, she attends an event where she gets the ride of her life from the sexiest bull rider she's ever seen. But one pregnancy test later, she discovers that what happens in Vegas doesn't always stay there...

Up-and-coming Brazilian bull rider Adriano Silva has been careful to avoid entanglements during his time in America. The money's great, the fame fun, and the ladies enticing, but he plans to head home once he's won a championship. That is, until he gets a call from the one woman who tempted him like no other...

Lil is determined to raise the baby on her own. Adriano is resolved to be the father he never knew. He'll show Lil he's got what it takes to tame her—if she doesn't tame him first...

Paige Turner says

I enjoyed reading Her Bull Riders Baby. The author wastes no time jumping into the book. We immediately find out that one week in Vegas has created new life for Adriano and Lil. I'm glad the author didn't keep her pregnancy a secret. I liked the attentiveness of Adriano. I thought he was areal sweetie.

Lil was a no nonsense kinda women. She knows what she wants in her career and her men. I liked her sassy and feisty personality.

Despite the they are initially together because of the baby they are both committed in making this relationship work. I liked watching the pair fall in love .

While I enjoyed the book, there isn't much more than 2 people trying to get along. Also, some characters and storylines could have been expanded. They were written about in the beginning. then forgotten by the end.

I was given an ARC for a honest review.

Angel Hatfield says

Liliana /Lil is from a long line of ranchers and is very loyal to her family. Lil is a no nonsense type of person. Lil had a fling with Adriano and soon after found out she was pregnant with his child. Adriano wants to finish this year's bull riding season win next season and then go back to Brazil to take care of his sick mother. Lil has to tell Adriano she is pregnant as it is the right thing to do. When Adriano hears Lil is pregnant he is on a plane to see her. Adriano never really knew his father and no child of his was not going to know Adriano. Lil can be very stubborn and is afraid of emotional intimacy. Adriano is closed up at the beginning when he first learns he is to be a father but as time goes on he is very happy about his future child. Both Lil and Adriano have plans for the baby after it is born. Adriano wants to take his baby back to Brazil with him. Lil wants to keep the baby with her and the baby be raised like she was raised. Then Lil and Adriano spend time together each believing that they can change the mind of the other about the baby. Lil has a bull breeding operation she is responsible for so her life is on the family ranch. Adriano can also be very stubborn and loyal especially to his mother and Brazil and now his future child.

I liked this story a lot. Things started right away no holding back. I liked how Adriano immediately stepped right up . the story was very funny at times. I laughed how both Lil and Adriano thought they were right and knew the best thing to do. Of course to want exactly opposite what the other did. Just a good all around read.

I like the twists and turns of this story especially with Lil and Adriano. I recommend.

I received an ARC of this story for an honest review.

Cathy Geha says

Wow! Another wonderful book from Genevieve Turner! I thank her for the ARC to read and review and look forward to any book she may write in the future!

Lilliana has family history, money and a job she loves. She has been a bit of a wild child but is suddenly grounded by an unexpected pregnancy. Contacting Adriano, the baby's father, is not easy and neither is their relationship as it unfolds. Adriano and Lilliana are stubborn know-it-alls who think they are always right and know what is best. How they grow and learn to compromise, share and communicate is wonderfully explored in this story. This book made me smile, wish I had a dancing partner like Adriano and remember what it was like when expecting my first child. A great story and oh so much fun to read!

Louann Shumate says

Great book

Very good book ,I could not put it down. I read book one and two in the same day .

Sara Archibald says

I received this book as an ARC.

I could not put down this fantastic read! It has a story that will grab you and keep you interested and entertained all the way from the beginning to the very end. You will fall in love with Liliana and Adriano! This book is a must read, there is no doubt about it and once you do, you will be hooked and will have to read everything else by this Genevieve Turner if you already haven't started reading her books.

Liliana Merrill loved setting up her bull-breeding operation and also loved being a little wild. The last thing she expected was to have a wild good time with sexy bull rider Adriano Silva and wind up with a bun in the oven.

Adriano Silva an up-and coming bull rider all he wants to do is help his family by saving up and being the best bull rider. What he wasn't expecting was to hear from the one woman who tempted him to forget his plan and fall hard. When he got the news he was going to be a father he was on the next plane to see her. He wasn't going to not be there for his child since he never truly knew his father. Will the two butt heads on everything or learn to compromise and fall in love not lust with each other?

Copy courtesy of Netgalley

This is a fast paced no nonsense book. The beginning scene is a positive pregnancy test. There are no secret baby or long separations that tend to happen in unplanned pregnancy storylines. Lil told Adriano as soon as she found out. He didn't hesitate to step up. The two them had different ideas about custody but decided they could work it out. They were both very strong willed characters and it made for some fun dialogue and scenes. Adriano is alpha, a little chauvinistic and possessive. Lil is independent and used to doing things her way.

Jonna says

Awesome story!

Heather Andrews says

Being right all the time isn't as fun as Adriano thought, "oh," Dr. Young said, wagging a finger, "and no horseback riding." Lil blinked as if blinded, then burst into tears. And Adriano found out that being right wasn't quite as sweet as he'd thought it would be." Adriano can be caring, "his own blood pressure skyrocketed. "Is she all right?" he demanded. "Should she be admitted to the hospital?" I liked this book.

Isha Coleman says

Liliana and Adriano have to face off against a lot. Heritage, pride, careers and a surprise pregnancy are just a few of the obstacles they are faced with. Although I am relatively new to Ms. Turner as an author, the stories that I have read by her are centered around a family unit that works, loves and grows together. The common denominator is love. Whether familial love or romantic love the lessons learned play a part in shaping the dynamic of this ranching family. I received an ARC of this story in exchange for an honest review.

Jonna says**Her Bull Rider's Baby**

This was very good book. I had a hard time putting it down. I love the way they made everything worked out for their family. Thank you awesome story.

B.E.Love says

After a weekend neither Adriano or Lilli could forget they both went their own ways. Now Lilli has a positive pregnancy test and knows she has to tell Adriano the news. Adriano has a plan finish this years bull riding season, win the championship next season and then go back to Brazil and take care of his sick mom and family. Lilli wasn't he plan but she is one person he can't forget. When Lilli tells Adriano the news of her pregnancy both have plans for what they think the future should be. Adriano taking his baby back to Brazil and Lilli to keep her baby and raise her the way she was raised.

Spending time together both decide to pick who their baby will live with together knowing they will each be able to convince the other that living with them is best. What neither Adriano nor Lilli planned was the feelings that come along with getting to know each other better and the love that grows. When each begin to

hope the other may feel the same and that they may have a future they both realize the future isn't guaranteed.

I liked this book its really sweet with some cute and hot thrown in for good measure. I'm a sucker for a good pregnancy book and this one is just that. The conflict that arises just added to this book as well as the growth of our characters. I loved Adriano he is stubborn and possessive and he knows what is best, but this all comes from love and wanting the best for Lilli and their baby and Adriano learns a lot along the way.

Lilli is also stubborn which actually balanced them both out, she is strong and sweet. This book was just one of those books you fly through because you enjoy it so much. This book simply hits all the spots I was hoping it would when I read this books description. I highly recommend this book.

*Thank you NetGaller and Penny Bright Publishing, LLC for this ARC copy for my review.

Brandy Painter says

3.5 stars

The books in this series are fun quick reads. I really enjoy reading about the contemporary descendants of the characters in Turner's historical series (though I like that series better overall). These books are shorter and I think the character development suffers a bit as a result. I did very much like both Lil and Adriano as they are presented. Their conflicts were realistic as was his reactions to the situations he finds himself in given his Brazilian culture. I enjoyed how much both of their histories and heritages meant so much to them and how they wanted both passed on to their daughter. I was kind of frustrated by the end and wanted to just yell at the book "HAVE A CONVERSATION ALREADY!!!" When I am at that point in a romance novel, it means I've definitely reached my limit for the characters' shenanigans.

I will say that if you hate baby stories, you may want to avoid this one. The baby is the center of the plot and features strongly. There are doctor's appointments and visits to baby stores. I know that is a deal breaker for many readers so fair warning going in. :)

Socalgal5 says

Her Bull Rider's Baby is a fun, sexy, and moving romance. It delves into the two lives of Liliana and Adriano. Liliana comes from a long line of ranchers in Southern California. Her family has built an empire that includes bulls. Liliana is in charge of that program and has started it from scratch. Adriano is a bull rider from Brazil. He has come to compete in the US to win and earn as much as he can and return to Brazil. When Liliana and Adriano meet, intense sexual sparks were immediate.

Liliana had my heart from the beginning. She goes after what she wants. She does not apologize for past relationships. She does not put limits on her abilities. She is fiercely loyal to her family and likes herself. I have read many books lately where the heroine's do not seem to like themselves. So it is refreshing to read a heroine who is comfortable with whom she is and likes who she is. However, Liliana is not without faults as well. She can be incredibly stubborn and let's her fear of emotional intimacy dictate some of her actions.

I really liked the evolution and changes of Adriano. He starts off as just an incredible male physical specimen (which he is, don't get me wrong!). At the beginning of the pregnancy, Adriano is closed off and very myopic. It was at this point that it was difficult for me to see him as the hero. Once the story got involved in his back-story and when he finally opens up, he becomes a truly fully developed hero. I love his loyalty to his family, to Brazil, and to his child. Also, he is a great dancer! Yeah!

Though I had some issue with how Liliana and Adriano were trying to split the custody of their child, I liked how all the ups and downs of their relationship let them get to know each other and how they worked together. They both had weaknesses and strengths. They had to learn to compromise, which was hard with two incredibly stubborn individuals. The writing was extremely fluid and descriptive. The story had funny moments, fantastic sexy times, some profound sadness, and great joy. Once again, the Las Morenas series keeps me intrigued and wanting more (**cough** Josh's story **cough**).
