Hopeless Realm A.K. Koonce

The fae world isn't fueled by magic. It's fueled by fear.

The Hopeless realm isn't at all what Zakara expected it to be. And neither is she. The powers of the Eminence are hard to harness and she needs them now more than ever.

Survival of the human world suddenly depends on her.

But more dangers lurk in the realm than they realize.

This is book three of a reverse harem series. Recommended for readers 18 and over.

Joanne says

Wow!!

Another great instalment in the hopeless series. Kara and her 3 fae loves fighting for the mortal realm against an unexpected enemy and not everything is as Kara thought it would be. Can not wait for the fourth and final instalment of the series.

Sydney says

UGHHHHHHHHHHHHHHHHHHHHHHHHHHHHHH, why am I still reading this series? Am I going to read book four?

YES!

SJ says

Book three and it's getting more exciting! Ryder and Kara are the only two to make it through the waters into Fae, nothing is going to plan

Full of excitement and drama with twists and turns galore, well written, I am loving this series and look forward to book four

Tracy Hoyt says

Hopelessly in Love with this series!

Aaah! You! You did it again!!! I knew it! Nefarious is the perfect word for you! Gah! The further I get into this series, the deeper I fall in love with Zakara, Darrio, Ryder, and Daxdyn! I was terrified to start this as the characters are separated initially by space and realm. I worried for the Brothers, but I also loved the growth in her relationship with Ryder, their friendship, and the chemistry! Wow! We learn more about Zakara, and who she is meant to be in this book. There is definitely action and tension in this book, I was afraid to turn the pages at so many points! What I truly loved, though were the new connections she made, and the potential of a new beast in her corner! Yay! Once again, I was left hanging with questions, but there is a total surprise reveal at the end that will change quite a few things! The future is looking quite ominous and daunting for our travel weary crew, but there is also promise, as well. Maybe all isn't as hopeless as we think? Although, I am scared for the next book and what will come, I loved the relationship growth and connections in this book. I will soldier on beside these beautifully, imperfect characters, and wish and hope that they get the happy ending they all deserve!

Denise says

Hopeless Realm might be my favorite book in the series (yet). And I mean this is the best way possible: each book in this series is better than the last (something I wasn't sure was possible, they're *that* good)! In Hopeless Realm, we finally get to see Ryder open up a bit and Kara takes full advantage to form a friendship with him. Dax and Darrio meet back up with Ryder and Kara and together, the four of them solidify a plan to take down the great evil plaguing the realm(s). I loved watching her relationship with each man unfold and grow. Hopeless Realm has mystery, answers, more questions, suspense, surprise, intrigue, and, of course, steam. I seriously cannot wait for the next book in this series!

Rachael says

A super quick read, better than the second. It picks up in story and there's more character development and more spice ????? again, these books are definitely for adult readers who don't really want to do a ton of thinking ?

Jessica Robbins says

*I received an ARC copy of this book which I voluntarily chose to write an honest review for.

Book three in the Hopeless series. Things are really getting serious for Zakara now. After getting her powers she is still fleeing for her life with Ryder while the twins gave them a chance to escape. Both are injured and have to recover. Being trapped together leads to some interesting fireworks as she tries to keep him as a friend only. I was loving the personal development going on and the focus in inner feelings so they could be worked out instead of ignored. There is lots of suspense to the arcing story line as well to keep the reader totally hooked even after the other guys catch back up. The end was amazing with a nice surprise that I really did not see coming. I cannot wait to see what happens next with this group I consider this series a must read for fans of the genre. I really loved it so I give it 5/5 stars.

Laura says

1.5 I'm not really liking the series but since I started it I now have to finish it.

Book Addict says

Book three in this series does not disappoint and like the first two books really drags the readers attention into the story! By this stage in the series I am so invested in following Zakara, Darrio (my favourite), Dax and Ryder that I Hoover these stories so quickly and am left wanting more each time!!! In this book we get to see the connection between Kara and Ryder develop while they are separated from the brothers. We also start to learn more about Kara and how she fits, but I still have so many questions! I absolutely loved the little cliffhanger of an ending and can't wait to see how this develops in the next book! I love Rio choosing Kara over all others and publicly admitting his feeling! I cannot wait for book 4...I need more of these four great characters! Highly recommended...do yourself a favour and get into this series!

Cat- Lee says

Another thief MC, Rh. I enjoy it and some parts were quite entertaining, funny even but I felt like the series was rushed.

Jaime (Two Chicks on Books) says

Well shit! What am I supposed to do now? The wait for book 4 is gonna suck! I swear each book in this series gets better and better! I loved seeing the Hopeless Realm and find out what Kara really is! Also the sexiness got ramped up and it made me a happy girl!!!

Autumn Miller ~ autumnbookreads says

4.25 Stars

I really liked this installment in The Hopeless series. It was fast paced, constantly had my attention, and always had my laughing. The problems I had with the previous book was resolved and I enjoyed this book a lot.

I didn't like Kara at the beginning of this series. I thought that she was extremely cocky and I thought that her pride would be her downfall. I am happy to say that my opinion on her has changed and Kara has certainly grown on me. She makes some decisions that I would never make, but I think that only makes her character more intriguing to me. I never know what she is going to do and that is a highly entertaining aspect of her character.

I would say that this was Ryder's book. I complained in the last book about the development of his and Kara's relationship. I said that they hadn't really spent a lot of personal time together. I was really hoping for their connection to grow and that is exactly what I got in this book. I got the development I wanted and all of the fireworks that come with that. It was highly entertaining and fun to watch.

Overall, I really enjoyed this book. The cliffhanger at the end wasn't completely shocking, but that didn't take away from my reaction to it. I am having a lot of fun reading this series and I will be continuing it with Hopeless Sacrifice .

Ashley Johanson says

Again like my other review, it really is sooo short nothing happens in this storey. There could be so much more explored in this new realm but it feels too rushed. I feel like the author is going for 4 books but they could have just made it into 2 really awesome books. To me there is so much that needs to still happen I don't know how she will fill it all in the next book.

Mary Lee says

Just gets better

It just keeps getting better and better. Yes, I think the author could give us more character and world building. I'm not even terribly sure what the guy hair colors are. Know their eyes. I think this may be a flaw in writing first person. You are limited to that point of view quite literally and this character doesn't spend much time thinking about her world, the face world or other people. Despite these things, I can see the writer getting better the further she gets into the series. I think if she works on those things I mentioned, she could be an outstanding g writer.

Tiera McMillian says

I'm done with these I barely finished that last one. These books lack something intrinsic. I gave them a shot hoping it would get better but it just doesn't. Save your self...!!!
