Late Summer Rain AubreyEatsHearts

It was pity that first made Dannie speak to him. She had known Ryan since she was a kid, but he had always been the popular Golden Boy, and she had always been the tomboy that didn't mind not having any friends. It was odd, she had thought, that all the popular kids who had once kissed the ground he walked on, didn't so much spare him a glance anymore, and it was this that made her sit with him that one faithful day and begin something that would only end up causing her pain.

SPOILERS

Late Summer Rain is a short romance tragedy story that was published on a site called Wattpad by the user AubreyEatsHearts. It starts off with a curious and adventurous tomboy named Dannielle (Dannie) who befriends a boy named Ryan who fell all the way down to the bottom of the social ladder because he shunned his popular friends. One day Ryan shows her a list that has "to fall in love" scribbled on it, which she finds peculiar. After they get let out from school and onto summer break, they hang out as much as possible and slowly, they find themselves falling in love with each other. One day, they confess their love with each other and very quickly after this sweet moment, she discovers that he has deadly terminal brain cancer. Dannie visits him in the hospital and Ryan confesses that he was going to die soon and that he never meant to hurt her. She asks him if he could go through chemotherapy to prolong his life, but he declines and says that he's ready to die because he has no regrets and he has fulfilled his bucket list (the list they read together at the beginning of their friendship). They spend the last moments of his life together and while they're at a carnival at the very top of a ferris wheel, he dies in her Dannie's arms.

I discovered this book while I was surfing on Wattpad for romance stories and decided to read it because of it's high ratings.

I finished this book because well, not finishing this without it eating at you is impossible. I completed this story all in one day because AubreyEatsHearts wrote it in such a manner that I couldn't stop. Also, this book was short and had me on my toes, making it really easy to finish.

I recommend this story to anyone who enjoys tragedy and romance, and especially my friends so we can gush and rave about it together. I also would recommend this to anybody who have trouble finishing a book because this story is short and very interesting.

Wow. If any short story deserves 5 stars then it's definitely this one. The ending is heartbreakingly beautiful.

The two characters: Dannie the tomboy, and Ryan the boy who "fell 50 feet down to the ground, from 'most popular' to something that was equal The Black Plague." Dannie isn't the usual shy or tomboy-ish girl who puts on this one "perfect" dress to impress this boy, oh no, she may put one on and the heels to go with it, but she trips, falls, and stumbles along the way (and ruins the dress). It's nice to read a book on Wattpad every so often that isn't so cliched, and this definitely isn't any old story, the twist at the end makes it all worthwhile. It will have you crying your eyes out.

But it's also very sweet, how the author used the white dove. Absolutely magical.

one of the **best** stories that I've read in Wattpad few years ago.
the bitter sweet love story.
just remembering it brings tears to my eyes.

" So promise me you won't cry anymore. I want you to move on. I want you to smile, live your life to the fullest and show me that strong personality of yours that i had fallen in love with. Know that i can hear you when you talk to me. Know that i try to catch your tears when you cry. Know that i'm watching over you even i'm not right there by your side. lastly, know that i love you."

Late Summer Rain was a story I found in Wattpad just a few hours ago. So, I was searching for stories and ended up with this one. And though, I gotta admit that when I looked at the book cover and the description myself I thought- Wow, this can be a fun read. So yeah, I read it anyways.

And when I read it, it was really nice. I was hooked from Chapter one to the end. The story itself was really beautiful and the chapters were well written. The plot of the story was also nice. Though it was not a one-hundred page story, I learned from it. It was amazing.

But the story...the story is another thing. It was beautiful. Reading it a while ago, I never really expected the ending that the author gave me. I thought of the ending as somewhat happy ending because that was how other stories were. But this book- it was amazing. I was really kinda crying at the end. It was beautiful at the most.

I love the characters most of all. Dannie, the girl who changed Ryan's life. Dannie, whom he had fallen for. And Ryan. Ryan, the guy who was ditched by his friends. Ryan, who fell in love with Dannie.

I really loved this story. So, so much. And I really didn't expect myself to like this story that much. But I did. And in fact I love it!:) This story seriously made my day! And I think it deserves 5 stars and a very looong review:) Kudos to the author. This was really amazing:)

This was such a good read! I loved the characters and the story so much. Dannie's not your typical girl and I loved that about her. She is a tomboy and is unapologetic about it, she doesn't mind that she doesn't have any friends because she is being herself. I also loved that she was witty and like to joke around with Ryan, tease him often. Ryan was a refreshing character from the stereotypical jock with his sweetness and "pretty face". He didn't let his illness ruin his time with Dannie, and went after what he wanted. I cried so much at the end but it was totally worth it.

Ryan and Dan are my TOP favorite couples. I cried harder than I cried for TFIOS. They were both going through the summer list and doing it together. They're OMFG together. I loved Ryan and oh god! Tears:-(ughh! Anyways wow loved it <3

Memberi bintang utk buku ini, hati dan pikiran musti duel dulu karena :

Kalau dari sisi cerita nya (a whole story), bagus bgt (mnrt aku), dr pertemuan, percakapan mrk, aksi-aksi tokoh utamanya (dannie dan ryan) asik buat diikuti. trus pendukung crita nya jg gak byk, jd gak pusing.

Tp terus terang buku ini mengingatkan aku bgt sama bk si jane harvey berrick - playing in the rain yg gw baca 2 bulan lalu, kedua cerita ini bener-bener mirip :

1. ada 10 list yg di bt oleh kedua author walo tdk semua sama tp yg plg bt mirip adalah list ke 10 : fall in love
2. pemeran tokoh cowok yg kena penyakit (lupa-lupa ingat tp rasanya penyakit nya jg sama)
3. judulnya aja ada mirip-miripnya : yg ini late summer rain yg itu playing in the rain.

Jd akhirnya gw makin penasaran, jgn-jgn slh satu dr mereka menjiplak yg lain dan tentu saja sy lgsg berpkran ahhh author wattpad ni sdh pasti yg jiplak, gmn gak, yg satu lg tu kan sdh author yg bk nya sdh diterbitin, sdh pasti lbh berkkelas dunk. Tp wow ternyata malah buku ini yg duluan publish di wattpad di bandingkan bk si jane tu. Nth knp y, dr awal emg kurang sk bc bk si jane tu (pnrh cb bc bk dia yg lain (gak nygantol dah di hati). Dan kalau boleh jujur y, cara penceritaan author ini lbh bgs dr si jane (duh gw jd menbandingin mrk, tp mau gmn yak, sapa srh jg critanya sama :p)

Namun ada hal yg buat gw bimbang wkt mau ksh bintang ma bk ini, pngn bgt ksh 1 atau 2 doank, krn knpppp... krn gw plg tdk suka "sad ending story", kejam bgt si pengarang tu hrs bt cerita yg sad ending gt. y dunia nyata tu sdh begitu kejam loh, y minimal jgn lg di wujudkan dlm buku mrk. Dan klo org blg ke w y jgn bc bk yg sad ending, lah gmn gw bs tau sad or gak, kan gak mgkn toh kita mau bc bk nanya-nanya ending, gak seru ahhh walo ada kalahnya aku sk jg si mau tny ending nya (org plin plan :p).

Hal yg membuat aku bimbang adalah surat yg di tulis ryan bt dannie pas di ending :

Sometimes in life Dannie, whether it's love or just a mere friendship, we find people who have the ability to touch our hearts. They come in our lives, share something special with us and then move on to share it with someone else. I don't know if I touched your heart Dannie, but I know you touched mine. So now you have to move on and brighten the lives of others, the way you did for me.

Jd y sutra lah, akhirnya aku putuskan utk ksh 3 bintang d, dan tetap penasaran dgn bk dia yg lain.

I read this on Wattpad one or two years ago. I was new then and I found 'Late Summer Rain', I finished it in two hours. By the end of story I was bawling my eyes out. For two days I was thinking about the whole story and slightly kinda depressed. I haven't read after that but it is my one of my favorite stories, just can't go through that again. It touched me.
Hats off to author! It's a must read.

Late Summer Rain Is a "Short Story" It can be found on Wattpad under the username by Aubreyeatsharts.

Dannie is a tomboy with not to many friends, and Ryan is a "pretty boy" who was on the top of the "popularity scale" but soon plummeted to an social outcast. The two sit together one day at lunch, Dannie having some pity on Ryan she finds it hard to believe that someone so "popular" could end up with no friends at all. Dannie stumbles upon Ryan's bucket list (things too do before summer ends) Dannie finds Ryan very interesting. Dannie and Ryan start the summer off together and commence Ryan's to do list. As the two grow closer together the summer starts to end. This summer is not going to be and unforgettable one for Dannie and Ryan, they find love, fun, and get to learn more of one and other. But sadly this summer would leave painful memories.

I read this book because a friend recommended it to me and the description seemed very interesting.

I finished this book because it wasn't long at all but the content was very heart warming.

I recommend this book to anyone who likes short books with romance, and if you like books with sadness in them.

Holy fudge, this book had me cry a river... Late Summer Rain is a story you can find in Wattpad. I found it when I was surfing for Romance and it was on #1 and I said 'Why not give it a try?' and to this day, I do not regret that decision. Definitely one of my favorite books!

The story revolves around Dannie 'the tomboy girl' and Ryan 'the school's It-Guy'. When I read the description I thought it was going to be one of that cliche story, but it didn't. Well, sort of. Sure, the ending was just as I expected but damn, it still got me crying like a wee baby. The story is well-written, the plot is there and it's beautiful. I remembered - distinctly, that I couldn't stop crying and thinking about it hours after I finished the book.

My favorite part of this book would be the one where Dannie and Ryan watch the meteor shower and of course, the epilogue. And here's one of my favorite lines from the book:

"I hope you can open your heart after I leave and fall in love again, deeper and more passionate than you've ever loved me."

Just prepare a box of Kleenex near you and you'll be fine, I hope:P

Earlier today, I searched "most well written watterpad stories" on the internet and a list came up and this book was among them. I'll admit I chose it because it was the shortest story within the list.

Such a well written story (if you don't count the few inevitable typos that I didn't mind all that much).

I would have given it 5 stars had it not been for the way that [SPOILER ALERT] Ryan dies. I hated how it happened and how Dannie reacted. It actually ruined the emotional impact it could have had. Nevertheless, I cried a fair amount.
