Overlord Jerry Ahern

It's a perilous world after the fiery apocalypse of World War III, and John Thomas Rourke--ex-CIA Covert Operations Officer, weapons specialist, and survival expert--pursues his arch-enemy Vladmir Karamatsov into the strife-torn, blackened wilderness of mainland China and a rendezvous with certain death.

Karamatsov, in possession of devastating gas that transmutes normal men into homicidal, blood-crazed animals, is determined to use it to seize control of the vast Communist Chinese nuclear arsenal that survived the hell-fire destruction of the Night of The War.
