The Darkest Champion Bard Constantine

The saga that began with the Eye of Everfell continues with the kingdom of Leodia in chaos after their beloved king's murder. Fallen knight Marcellus Admorran is missing, having been transformed into the dark and powerful Reaver. As the land is smothered by winter, Nyori Sharlin tries to protect Eymunder, the powerful artifact that might be the key in the struggle against the immortal king that pursues her. Her companions are the Huntsmen, warriors that dare to battle the akhharu, but at least one among them may be a traitor.

In the Forbidden City, Alaric Aelfvaldar gathers his people together to prepare for war against the forces of men. Yet infighting and deceit threaten to topple his fragile alliance before the battle has even begun.

And in the east, the vindictive warlord Valdemar Basilis musters the greatest army Leodia has ever faced. In the end, only the force with the darkest champion may survive.

Brilliant follow up to *The Eye of Everfell*.

Amazing diverse group of heroes/heroines, epic journeys, well built lands and one heck of a battle to finish it up.

Looking forward to book three.

I won a copy through the Goodreads First Reads program and bought a copy for my Kindle

More epic fantasy!

Get lost in this epic fantasy. Drown happily in its complexity. The worldbuilding is fantastic, the characters, invested. This series reminds me of the greats in the genre. DEFINITELY worth the price of admission, unless you don't like book addiction!
