Ok read. **I liked first half of this book** when H was struggling for his feelings to h and overcame his sad past, and I liked to read how he and h became closer.

However, **I gradually lost interest of the last half part** because this book's focus turned to h's work case and some of H's cases. I knew a good book needed sth more than H and h's relationship, but I just felt that when H and h declared their love to each other already, this story seemed have no need to keep going. Besides, the case itself had no personal connection with h at all, just one of her job.

All I could say was that this book had potential but it would be better if it was shorter.

This was an absolutely amazing book! I love that Maryann's books are all connected together. They are a real joy to read.

Tony has a past that he has not been able to let go of for years. Because of his past he has been unable to love a woman he has wanted for a year. He continually fights his attraction to her.

Sherrie had to grow up fast. Her sister was all she had left and she felt she had to do anything to help her. Because of this she meets the man of her dreams. But he keeps her at arms length at all costs. She doesn't understand it and decides that after her sister passed away she would take her boss up on an offer to take a mini vacation to a cabin. What she didn't know was as there was a snow storm coming.

Will the storm bring them together or will they finally let one another go?

Great # 2 in this series (I do recommend reading # 1 first to fully appreciate everything going on).

Tony is the owner of Alvarez Security and the leader among his group of Alpha friends.

His story is tragic and literally makes you cry when you read it and everything that came to pass with it.

Sherrie is a great heroine who is smart, funny and unfortunately related to trouble that follows her around.

Tony is (from book 1) immediately drawn to the h and apparently they had met in a period of time that the details weren't in the books So he'd rescued her before. She feels like all he is doing is just constantly trying to save her.

It is a little too sweet for the person that doesn't have a sweet tooth in romance, but the story and characters are captivating enough that its easy to over look once you get into the story.

Overall the story is very entertaining, sexy and full of alpha goodness,

I loved this book and loved that all Maryann's books are connected together. Beautiful story of second chance. Can't wait for more of this series.

Once Tony woke up and gave life a 2nd chance I really fell hard for him. Sherry was very insecure in the beginning but thankfully she grew to accept Tonys love. I adore all the friends and how everyone is right there when needed. Sweetest epilogue ever

Tony is such a strong, confident man yet he is hiding from life after his heart is crushed. It was a joy getting to experience the true depth of emotion that Tony maintained, we know him as this tough military guy that keeps emotion out of his missions and is very focused and driven. When he rescues Sherrie, she puts a crack in the walls he's maintained to hide from life. As he tries to stay away we get inside his head to learn what happened to make him avoid love and happiness which is pretty horrific given his drive to protect. Will Sherrie ever knock down his walls? Sherrie loves Tony but he keeps pushing her away. She's survived a crazy childhood and then loses her last family member so she escapes to a cabin for the weekend for some solitude. What happens when Tony decides to follow? At the same time, Maryann Jordan gives a great suspense story that involves Tony and Sherrie and bringing in the crew we met in Gabe's book.

Another amazing story by MaryAnn Jordan. I was excited to read Tony's story. Tony is a gorgeous alpha male who runs a security business and he met Sherrie after he had to rescue her. Sherrie keeps finding herself in situations that require rescuing and Tony is the one to save her. They have a lot of chemistry but can he get let go of the past to move on to have a future with Sherrie. This is a beautiful love story with some suspense and mystery. It was one of those books that I didn't want to put down, I was hooked and looking forward to the next great book from Ms. Jordan.

I felt so bad for Tony, losing both his wife and child. I was happy he found love again took him a year to get his head out of his ass.

SOME SPOILERS

I usually avoid books where the H/h have a deceased love but a fellow goodreads friend (Gp - I'm looking at you ;)) stated in her review that it didn't seem as though he was still in love but more so was scared to move on because of his fear of losing again.

The ex was mentioned a few times but it wasn't overbearing so it didn't seem as though hero was settling so the deceased wife didn't bother me too much.

I enjoyed the first half of the book when the couple aren't yet together but clearly have feelings but once they got together (exchange the I love yous etc.) the book definitely dragged and to me got boring so I skimmed a lot.

my only problem was at some moment Sherrie self safe was just annoying

I loved writing this book. Two people, destined to be together, fight their feelings. Tony Alvarez is the owner of Alvarez Security but he is the second book in the series. Tony and Sherrie needed time for their story to unfold. I hope you enjoy it as much as I did writing it.

I was given an arc from the author for an honest review...

First thing I have been waiting for a while now to read about Tony Alvarez's story. Now I am in love with it... Maryann Jordan did an amazing job writing this story so much emotion and love... it was well written and I like how you could feel the love or the pain the characters were feeling just by reading it. It's a great book so far it's my favorite of the Alvarez Security series... I think I just found my new book boyfriend... my new favorite alpha....
