Twist of Fate Rachael Anderson

****This story was first published in the All I Want holiday romance anthology****

When a postcard meant for Kenzie winds up in Ty's mailbox, Ty's faced with a decision. Should he tell her that her fiancé is breaking up with her and let it ruin her favorite holiday, or should he do what he's wanted to do since he met her - make a move and hope that he can win her over before she discovers there won't be a wedding after all?

Jennifer Schultheis says

Twist of Fate was such an awesome holiday read. Rachael Anderson did a great job with this story. I connected with both of her main characters and had a real interest in their lives. I loved how both of their names were similar only flip flopped. The guy's name is Tyler McKenzie and the girl's name is Mackenzie Tyler. I thought that was really cute and different. Not only do they both have similar names, but they live in the same apartment building, where their mail gets mixed up frequently.

Tyler has real feelings for Kenzie and has since he moved into the building. Only problem is, she's engaged to be married, so Tyler is stuck in the friend zone. Kenzie's fiance is in Madagascar but sends a postcard meant for Kenzie telling her he can't marry her because he met someone else. Tyler intercepts the postcard and decides to wait until Christmas is over to give Kenzie the bad news. This is also the perfect time, to see if he can win Kenzie's heart.

This is a really sweet read that will leave you with a satisfied smile on your face. I will definitely be checking out the rest of Rachael Anderson's books.

I received an ebook copy of this book in exchange for an honest review....and honestly, this book is fantastic and I will be re-reading it again.

Gail says

Wow! What a heartwarming novella. I enjoyed every minute of it. Ty (Tyler McKenzie) and Kenzie (McKenzie Tyler) live in the same apartment complex. The mailman keeps mixing up their mail because of their names being similar and their apartment numbers are also similar #102 and #201. So that is how the two of them meet. Ty falls for Kenzie right away but finds out she is engaged to be married to Brad. Brad is over in Madagascar helping the less fortunate. One day he sends Kenzie a postcard breaking up with her because he found someone else. Kenzie thinks he is on his way home so they can get married. Of course the postcard ends up in Ty's mailbox. Ty decides he does not want to run Kenzie's Christmas and he keeps the postcard hoping he can win her over. Will Ty be able to win Kenzie's heart or will he lose her to Brad? Read the book today to find out how this all ends. You will not be sorry.

CaliGirlRae says

Friends to loves? Check! Heartwarming romance during the winter season in time for Hallmark Christmas Movie season? Check! Adorable Geeky hero? Check!

How much do I love this novella? SO much! Kenzie and Ty played off each other so well that you couldn't help root for them to get together. Ty is adorably geeky and even though he bored Kenzie's elementary class to near tears, I loved how passionate he was about software programming, to the point that he made a reference later on in relation to how he got to Kenzie's heart. SO awesome. I liked that Kenzie was hesitant to break things off with her fiance and even when she started having feelings toward Ty, she wanted to be

faithful and honorable. Both characters were likable with awesome chemistry. I found myself smiling at the end when they got together.

There's also an interesting subplot involving Ty's estranged mother which not only makes this a story about love but also about forgiveness and compromise. If you're in the mood for a wonderful heartwarming story, do yourself a favor and pick up *Twist of Fate* to read with your hot cocoa. I'm a bonafide fan of Rachael Anderson now. After adding her works to my TBR list, I'm glad I started with this one and can't wait to read more of her other books as well as the other All I want Holiday Romance anthology books. I highly recommend this read!

Kathy says

This is a delightful romantic comedy. Ms. Anderson has an enjoyable writing style. She develops likable, believable characters. Mackenzie Tyler lives just one floor above Tyler McKenzie. Although Mackenzie is engaged and in a long -distance relationship, she and Tyler develop a great friendship. When the mail carrier mixes up some of their mail, the conflict begins. Mackenzie intercepts a letter from Tyler's mom and accidentally reads it. When Tyler finds out about the letter, he asks Mackenzie to just throw it away unread. Mackenzie invites Tyler's mother to come for a pre-holiday visit and Tyler hits the roof. Tyler intercepts a postcard from Mackenzie's beloved and the "games" begin. As Christmas approaches, along with the date her fiancé is to return, Tyler becomes somewhat of a Grinch and Mackenzie takes it upon herself to get Tyler into the Christmas spirit. If you like light romantic comedies, this is a great one.

***I received a free copy of this book for an honest review. The above opinion is solely my own.

Leona says

ok, but not great. I recognize this is a novella, but I would have liked it to be richer and with more depth.

Tressa (Wishful Endings) says

4.5 stars

This was my second time reading *Twist of Fate*, but the first was when it was included in the All I Want Anthology. I didn't realize I had already read it until I got through the first couple of chapters and recognized that the heroine's first name was almost the exact copy of the hero's last name. I remembered it being a really fun and sweet story and so I didn't mind reading it again.

I pretty much swallowed this one up. I loved how Ty tried to work through Kenzie's resolve and get her to fall in love with him even though she was supposedly engaged to someone else, someone Ty felt didn't deserve her. I loved Ty's eccentric mother. She added some conflict and livened up the story a little. I also loved Kenzie's family and their knowing looks. My favorite part would have to be towards the end when Ty desperately tries to rectify things with Kenzie. It was sweet, fun, and lovely. This one definitely made me melt. *Twist of Fate* was an enjoyable Christmas romance that I'll be reading again.

Kathy * Bookworm Nation says

Yay! I was excited when I saw this today. This novella was originally published in the All I Want holiday anthology and was my favorite of that collection. Ty accidently received a postcard for Kenzie in his mailbox, from her boyfriend who is dumping her. He has always liked Kenzie and wants to date her and now has a decision to make about what to do with the postcard. This was a fun holiday read, although it can be enjoyed any time. I really enjoyed the characters and plot. Highly recommend, like any of Rachael's books!

Leslie aka StoreyBook Reviews says

a very enjoyable romance novella....but then I can't think of anything I didn't like by Rachael Anderson!

I thought it was an interesting twist to give the two main characters the same name but in reverse. It made for a great twist as to how they met and the fun times they probably had getting to know each other, especially with the mix up in their mail.

Even though it is a novella, the story is well written and does not leave you wondering if anything more could have been included.

Kathy says

I read this a couple years ago when it was released as part of an anthology and loved it. Last night I was in the mood for something cute, clean and Christmassy and saw this on my Kindle. I started rereading and remembered exactly why I loved it so much.

Twist of Fate is a novella about 100 pages long. Short enough to read in one sitting but long enough to let you fall in love with the characters and feel satisfied by the end of this fun story.

Highly recommend to anyone in the mood for a fun squeaky clean Christmas romance.

Melissa says

This was a cute quick read. Had some fun elements that made for a quirky, fun Christmas story. It was a perfect length for a short story with good character development and a complete story.

Sylvia says

I loved this novella! It was funny.. It was sweet.. It had me caring for the characters either cheering or bopping myself on the head for their actions. While the story happens to take place in part during the holidays, I would not label it as a holiday book. The story can be enjoyed all year long.

Shauna says

A super cute, super quick read!

Sometimes in the hustle and bustle of this season you just need to take a time out and delve into someone else's Christmas plans.

Mackenzie Tyler lives in APT 201...

Tyler Mackenzie lives in APT 102...

And sometimes the mailman mixes up their mail!

Tyler (Ty) gets frustrated with Mackenzie (Kenzie) when she reads his mail from his mom.

But when Ty turns over a postcard in his mailbox meant for Kenzie the words are right there and he can't help reading it.

When he realizes it is a break-up notice from Kenzie's fiancé who is overseas...

Ty has a decision to make~

Should he give it to Kenzie and possibly ruin her Christmas holiday...

OR...

Could he use this "twist of fate" in his favor and get Kenzie to fall in love with him without him having to be the 'rebound guy.'

ADORABLE STORY!

PERFECT for Christmas break!

Rose Vidette says

A copy of this book was given to me in exchange of an honest review

I really enjoyed this novella! Even tho I was meant to read only scary books this month, I couldn't resist reading this one.

This is the story of Tyler McKenzie and Mackenzie Tyler (I totally loved that they had the same name, only 'flip-flopped'), they both live in the same apartment complex and sometimes their mail gets mixed up. Ty has always liked Kenzie but can do anything about it since she is engaged. Everything changes when one day Ty

accidentally receives a postcard for Kenzie from her fiancé, who is in Madagascar and is also dumping her. Now, Ty has to decide if he's going to tell her about the postcard and ruin her Christmas or hide it from her.

I really liked Ty. I thought he was very sweet. And Kenzie was adorable. This novella was really cute and funny. I would recommend it to anyone!

I also enjoyed liked Rachael' writing and I will definitely check her other works.

~~(I'm really bad at this review thingy so please be patient with me lol)~~

Kelly says

I love Christmas stories with all the festivities, lights, hot chocolate, snow, cutting down Christmas trees, fireplace and stories of romance. This story fits the bill!

The story is light, sweet, romantic and has a hint of family issues that we all have. Lately, the stories out there are dark and are just too full of language and sex that I am going crazy and need stories like this one.

It is so cute to have a story with two people who have the same name but in opposite order; Tyler McKenzie and Mackenzie Tyler! They live exactly a floor apart. Their mail gets mixed up often and that is how they started to get to know each other. Then they became best friends. Ty always felt more for her but Kenzie was off limits since she was engaged to someone else in Madagascar.

Ty gets a postcard meant for Kenzie one day from her fiancé! It was a breakup note. Ty kept it for now to see if he could get her to fall for him and keep her holiday happier. Ty has a big formal event for work and Kenzie volunteers to go with him since he seems to avoid everything. When they go and see each other in their formal attire, sparks fly and Kenzie doesn't know what to do with these feelings she is having for Ty. She doesn't act on it and she starts to back away. Now what do they do? And Ty still has to give the postcard to Kenzie.

The only thing I didn't like was that I wanted more of them!

You have to read it to find out yourself because it is a sweet happy uplifting story that leaves you smiling and sighing at the end!

If you are looking for something to get you in the mood for Christmas, here it is, all wrapped up in 100 pages!

If you love meddling mothers, fun Christmas activities, homemade hot chocolate, third grade teachers, computer programmers, then this book might be for you!

Heidi Robbins (Heidi Reads...) says

This story had such a fun premise and I'm a sucker for guys with a secret crush. The characters and scenes are great and it was a sweet romance and entertaining read.
