A lovely book, but sadly it's one of the books the school system has assigned for kids at an age when they're too young to understand or simply process what they've read.

Çocuk kitaplarını okumayı çok seviyorum. Küçükken köyde büyüdüğüm için bizimde atımız vardı. Kitabı okurken kendi çocukluğumdan çok fazla referans ile karıştırdım. Çok dokunaklı çok güzeldi!

Wayward Child says

One of my favourite books while I was in elementary school. I didn't get the ending then, but, once I did, I had to re-read it, just to soak in all the beauty depicted in the novel.

Norah Una Sumner says

The first time I read this book, I was just ten years old.
One of my favourite books from my childhood.

Medash Kr?evina says

Ne daj bože nikome.

Adisa Behram-Nikolic says

Dirljiva pri?a o dvanaestogodišnjem de?aku i njegovoj ljubavi prema ždrebetu koje je nazvao Bela Griva. Pri?a o prijateljstvu i poverenju, šta ono donosi i šta se doga?a kada se ono izgubi.

Brigitta says

This is by far my favorite book of all time. Ever since I was little I have read this book over and over. I think it is a highly underrated book for horse lovers. Sure the ending is... suggests something darker but it was like other books of it's time. Definitely a must read for horse lovers.
