Drawing Dangles: Lettering and Art with Charms Olivia Kneibler

If you like coloring, tangling, or lettering, you'll love to dangle!

Dangles are a beautiful and whimsical new art form for people who love coloring and tangles. By adding charms and pretty embellishments to letters and artwork, you can make your own dangles. With 50 projects in the book, you can add stunning patterns and color to dangles, personalize your dangles with charms that are unique to you, and create dangle words from the dangle alphabet in the book. Dangles are a perfect way to accentuate your stationary, invitations, lettering, and more.

Katy says

LOVE this book!!! So easy to understand and am so excited about learning to letter with so much more panache!

Vivian Wiltshire says

Another fun art book. I do travellers notebooks layouts and I found I was able to use some of these dangles as accents on my art pages. It was so much fun. The instructions were great and easy to follow and found myself wanting to use them on every page. I took this book from my library but my have to now purchase it to have on hand! Gave this book 4 out of 5 stars!

Allison N says

This is a great 144-page book of inspiration for anyone who loves drawing. If you love drawing and decorating art with whimsical letters, you will just love this book from Quarto Knows. The step-by-step process that Olivia shares in this book are great. She will be able to make your own decorative letters and dangles in no time. This book opened a new line of creativity with my 11-year-old daughter. She is drawing 'fancy' letters on everything now and is loving it. She calls them "fancy" because of the Dangles that you learn to make on each letter.

This is a great book, I love how it examples what exactly a dangle is. It shows you have to make dangle letters, dangle words, shapes, and more. Throughout the book, the letters are colored to give you an idea how to put colors together. This is a great drawing book for young and old. I myself enjoyed this book and my 11-year-old daughter loved learning new techniques.

* I received this book for free in exchange for my honest review. All opinions are my own*

Barbara says

This book gave awesome creative ideas for Dangles in my Zentangles!! I started Bullet Journaling this year and this idea will tie very nicely into the decorative lettering for the months and for additional items in the journal. This book allows for simple designs to add flair to any lettering and design. I might even try it around a photograph. The design possibilities are endless.

Kat says

Great book!

Jackie says

This book will inspire you to be more creative with your lettering. Easy to read with clear examples.

Sue says

OMG, these dangles are so cute, and so ACCESSIBLE!! I loved being able to make a dangle, and have it turn out almost exactly like the book. So many of these books make it look so easy, but when you really get to it, are much harder than they look (future “learn to be an artist” authors take note!). This one makes you proud of what you’ve copied, AND makes you feel like you could do it yourself. I love this book. And I’m hiding it from my kids, so that they don’t know that I didn’t doodle this fabulousness into existence.
