Kaitlyn Powell says

This book is based around Franklin getting lost in the woods after his parents told him not to go in the woods. I think Franklin is a popular character and having this book in the classroom would be beneficial based on the language and reading level, but it would definitely be an independent reading book and not a class read.

Shows the love that parents have for their children. I would recommend this book to young readers who want to read more challenging books with a lot of text and dialogue.

Franklin is Lost is about Franklin and his friends playing hide-and-go-seek. His parents told him to never go into the woods by himself, but he his friends went in so he did as well. He finds a great hiding spot and waits. His friends can't find him so they go home. (Rude) His parents freak out when Franklin never comes back. They go out to find Franklin and find him lost in the woods. This book teaches to listen to your parents and not give in tto the peer pressures from friends.

"Franklin is lost" is a great book to introduce the topic of listening to your parents and teachers. Franklin decided to disobey his parents request and ended up getting lost in the woods. By the end of the book Franklin learned that listening to your parents is very important. The Franklin series teaches very valuable lessons to young children. Highly recommend this book.

This was a good Franklin the turtle book. Franklin is told not to go into the woods but could go play by himself with his friends. He gets involved in a game of hide and seek and gets caught up in where he is going and finds himself lost in the woods. His parents are worried and then his friends start worrying about him. They do find him and he was glad they did because he learnt that he was scared and when he's by himself he has to pay attention more to what he's doing.

Ashley Wampler says

Franklin is told by his parents never to go in the woods when he is out playing. One day, during a game of hide and seek, Franklin disobeys and goes looking in the woods anyway. He gets lost, and becomes very scared. When he is finally found by his worried parents, Franklin realizes the importance of listening to rules and directions.

Joan says

Franklin the Turtle can slide down riverbanks, count forward and backward, zip zippers, and button buttons. He can visit Bear's house all by himself. But Franklin knows the rules and not venturing into the woods alone is one of the most important ones.

One day, he goes to Bear's house where he joins Fox and Bear in a game of hide-and-seek. But where was Fox hiding? And where has Franklin gone to search for his friend?

This delightful addition to the Franklin catalogue will keep young readers enthralled as the story spins out and Franklin learns a very important lesson.

Recommended.

Great childhood collection

Jason says

Franklin blatantly disobeys his parents and is rewarded with a double helping at supper. Also, the parental injunction is against going into the woods alone, but at the end Franklin declares he'll never even go in with a bunch of people, which makes no sense.

Taija says

I watched Eden's face as I read, and I could tell from her facial expressions, she was a little stressed for poor lost Franklin.

Slayermel says

I love to read the Franklin stories with the children at work. They are fun, quick reads that usually have a learning lesson or message in them. The pictures are bright and beautiful, and all the characters are animals.

This particular story is about Franklin wondering too far away into the woods by accident, even though his mother told him not to enter the woods. His parents become worried and have to search for him. Franklin hides in his shell because he's scared in the dark woods, he knows he's lost and hopes that someone will find him.
