**His Gift** Ashlee Price

**This Christmas, I'm going to win her back. For good.?**

The moment Jordan's doe eyes met mine, I knew I had to have her.  
Hard not to when a gorgeous woman stumbles into your life.  
After I claimed her sweet innocence, we lost touch and I focused on building my fortune.  
Seeing Jordan while I was taking a holiday break in a small town was an unexpected surprise.

She's everything I want in a woman. ?  
Kind. Smart. An amazing mother.  
But she's different now.  
Her guard is up.  
She can pretend to hate me all she wants but she can't deny our magnetic attraction.  
And her son? He sure does look and act a lot like me.?

This holiday season, she needs me more than ever.  
A snowball of expenses doesn't help.  
It's obvious that her son needs a father figure.  
And don't get me started on her brother.  
Let's just say we couldn't have gotten off on any more of a wrong foot.

**I didn't expect to feel this way.**  
**All I know is I'm sure I don't want this to end.**  
**When we're alone, I'll make her body tremble with pleasure.**  
**I'll make her mine.**  
**Despite the odds stacked against us.**  
**After all, I have a special gift for her.**

## Shelly Wolf says

This is an amazing story,,,,, I really couldn't put this book down,,,,,

Lance Abram is a alpha billionaire who has a business partner named Michael,,,, he has an office in the same building of Kevin Watts, a CEO of a gaming company that takes alot of Lance's ex-employees for his video gaming company because Lance is such an a-hole to people in general, his employees and all people,,,, and now he has a female in his sights and he's bound to have her for himself,,, he just knows her name is Jordan,,,, he doesn't use any protection and doesn't even think to be considerate and pull out,,,,,

Jordan Watts had a boyfriend, Arthur who is now an ex-boyfriend because she caught him with an old friend of hers,,, she decides to go to her brother's company Christmas party to have some fun and forget Arthur but ends up having sex with a guy who she only knows by Lance,,, and they never used protection and a few weeks later, she finds she's pregnant,,,, Kevin, her brother, finds out she is pregnant and knows whose fault it is,,, he rushes to the office and gets in an accident,,,,,

Now,,, you know there's going to be a baby,,, she has a little boy named Claus,,,, will this little one ever know his daddy,,,???, will Jordan ever figure out what the dad's last name is,,, and how will Kevin be after his accident,,, well, there are answers for all of these questions and more, in this book,,, I was really happy with this book,,, I just couldn't put it down,,,,,

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

---

## Beth says

A Christmas party with business rivals, an innocent young woman, a young man on a mission lead to an acting on impulse moment. Virginity gone, no protection used, and no information exchanged before leaving - except for first names.

A couple of weeks later Jordan is finding out that it really can only take one time. Her brother finds out about her positive answer, and then finds out the first name of the cause of this. Big brother is mad and "going to get him" attitude causes the voice of reason to be drown out. Snow does not mix well with irrational rage. An accident and a reminder of that Christmas party has Jordan's life pretty full.

A "forced" vacation has Lance staying in a beautiful old home with an associate's family member. He is settling in when the neighbor across the street draws his attention. It also draws his memories to the one he can never forget. When he gets a better look - she IS the one he can't forget. No chance of her getting away from him this time right now is the only plan he has. Going over to talk to her, a little something catches his eye, not to mention the big something throwing sparks at him, and not the good kind.

Jordan attempts to keep Lance away by any and all means. Which is completely silly when she can't fight the attraction towards him, even after all these years without him. Thinking quickly a small lie is made to keep Lance away, only that plan backfires, in fact it is only that much more of a challenge for Lance to win her over. Then a misunderstanding, a secret revealed, and some paparazzi's jaded story break the bubble of

happiness this little family have started. Wise words from an colleague help him with the decision he has been looking to make.

Christmas has arrived, an important question, and a surprise guest bring in more hurdles to jump. Only there seems to be a lot more riding on their shoulders during this time. The surprise guest is known to Lance, only this person isn't the same person from six years ago. Jordan tells him the other secret she has been keeping. Lance decides to move ahead with his plans, and accept this for what it is. Then a minor accident causes a hurdle that was unexpected. This hurdle though is different, this one seems to be the end of the road for Jordan and Lance.

Have no fear, because that person who is a part of the hurdle that separated them, turns out to be the very one who helps put the pieces back together, and help Jordan and Lance (along with Claus) begin the making up for good and the traveling down the road of happily ever after.

## **Michelle Quintana says**

### **Delightful read**

At first I thought this would be the rypical, predictable story of guy knocking up girl and then girl trying to get something out of rich guy. However, this was not that kind of book. There were some twists that I was not expecting and that just made the book even more interesting. Lance owns his own company in a tall building where he is competing with another guy named Kevin for the best programmers. It's the Christmas season and Lance is anti-Christmas while Kevin is all into it. Kevin throws a Christmas party and invites his sister Jordan to it. She attends but is miserable so she slips away from the party. Lance runs into her and not knowing who she is, one thing leads to another. She ends up pregnant and when her brother finds out who the father is, he is livid. He rushes out to confront Lance but never gets the chance when tragedy strikes. Fast-forward six years later and it's Christmas time again. Lance is staying at a client's house when he runs into Jordan again. He still feels drawn to her but when he thinks he might get lucky again, he discovers she has a son. He doesn't know what to think or how to feel but he decides to pursue her anyway. In her desperation to keep him from chasing after her, she decides to have Lance babysit her son. She thinks Claus will drive Lance away. The plan backfires because Lance slowly starts to build a relationship with him. Just when things start to work out for them as a family, another twist happens. I enjoyed reading this book and even though I liked the ending, I just wish it would have had Claus's reaction to his Christmas present

---

## **L M says**

3.5 stars. Not a fan of jerk hero's.

Like trying out new authors in KU.

Found this an okay read, even though I liked the plot, I found Lance quite callous and never found he really redeemed himself. His womanising and smoking was annoying too.

Did think it unfair him being blamed for Claus's (stupid name) accident.

Jordon is a typical virginal heroine in her attitude. Has unsafe sex with a stranger, gets pregnant and 6 years later has not been with another man.

The ending felt very cliché and wrapped up quickly.

---

### **Caroline Doig says**

This is the story of Lance and Jordan, Lance is being a real Scrooge this Christmas and he makes the female employees cry but he doesn't care he's a real hard arse. The company across from him is having their Christmas party but he's not interested all he cares about is getting a cup of coffee in the employees lounge. There is a gorgeous woman sitting in the lounge she looks like a model so why not, Jordan only went to the party to make her brother happy and to get her cheating ex boyfriend out of her head and what a way to do it by having sex with a stranger. Lance claimed Jordan's virginity that night then they went their separate ways but Lance left Jordan a very special gift. That's all I'm going to give you guys but there is so much more to this story to keep you entertained and turning the pages. A fantastic story and I highly recommend this book it's definitely well worth the read.

---

### **Ellen Shannon says**

I always enjoy reading anything by this author and this book was no exception.

Jordan and Lance shared a passionate encounter at her brother's Christmas party never expecting to see each other again. Jordan ends up pregnant but didn't tell him. Fast forward to a couple years and Lance ends up across the street to spend Christmas at a friend's house. There he meets Jordan and her son, Claus. Jordan is shocked to see him again and doesn't know if she should tell him about his son. Their chemistry is still there and Jordan tries to resist. Lance wants to rekindle their past and won't let her resist him for long. When he finds out about his son, he tries to make it right. Somewhere along the way they fall in love. Will they get their happy ever after?

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

### **Raecharmed says**

Jordan's brother is really in the Christmas spirit and talks his sister into coming to his office party. Jordan isn't really in the mood after a recent break up so she goes off somewhere alone in the building. Lance owns his own business which also is in the same building as Jordan's brother and comes across Jordan. They talk for a bit and then one thing leads to another and they have sex. Only knowing each other's first names and nothing else they figure it's a one time thing. Six years later when Lance is on vacation he is drawn to the neighbor next door that turns out to be Jordan. That should be a surprise in itself but she is also a single mother. Is the baby his? What will happen between them when he learns the truth?

This is a great story and once I started it I couldn't put it down. The chemistry between Lance and Jordan is off the charts hot. This is a well written and very entertaining story. I would recommend this book to any book lover.

## **LMR says**

This Holiday Season, He's Gonna Be Rocked By "His Gift," While Rockin' Her With "His Gift!"

At an Office Christmas Party, she gives him her Innocence as "His Gift;" Unfortunately, he doesn't Treasure it, he doesn't protect it, & he tosses it aside like a cheap bobble!

She's left holding the bag full of consequences for "His Gift," which have far reaching effects for her family...

Years later, he walks back into her life & wants to Claim HER as HIS OWN...

NOW, "His Gift" has New meaning as he's ready to bestow the full Billionaire blessings upon her life!

Only, once again his presence in her life has heralded consequences...

Will everyone SURVIVE exposure to "His Gift" this time unscathed?!

AND, how will he like "His Gift" once she finally delivers the NEWS!!

I was gifted an ARC of Ashlee Price's "His Gift: A Billionaire Bad Boy Christmas Romance" via

Booksprout; I recommend this book to others based upon its own merits. All opinions expressed within this review are uniquely my own & freely given!

Until next time... Happy Reading!

## **M Hurford says**

Author, Ashlee Price, has written a wonderful contemporary Christmas Romance story. We have Lance the CEO who has the personality of Scrooge and Jordan, on the rebound from a bad boyfriend. She decides to attend her brother's Kevin (also a CEO) Christmas Party located in the same building where Lance's business is located. Topsy Jordan and Lance meet in an abandon coffee break room on another floor and end up doing the dirty deed on the couch. She barely gets it out in time that she's a virgin...he doesn't get it out in time.

They only get out their first names.

Flash forward six years to another Christmas this time in Dover. Serendipitous events occur when Lance accepts a clients home to stay for the holiday. While looking across the street who does he see? Jordan. What proceeds is a series of events and decisions as they weigh their choices to define roles, define family, become a father, a family.

I love this story therefore am recommending this book. The author wrote a wonderful message about family at Christmas time and the importance of fatherhood. This is not a G-rated story. There are very steamy sex scenes that clouded up my iPad. I am volunteering to leave a review.

## **Caroline Doig says**

This is the story of Lance and Jordan, Lance is being such a Scrooge this Christmas he makes the female employees cry but he doesn't care he's a real hardarse. The company across from him are having their Christmas party he's not interested he just wants a cup of coffee, in the employees lounge there is a gorgeous woman just sitting there. Jordan only went to the party to make her brother happy plus she needed to get out and get over her cheating ex, and what a way to do it by having sex with a stranger. Lance claimed Jordan's virginity that night then they went their separate ways but Lance left a gift behind in Jordan. That's all I'm going to give you guys but there is so much more to this story to keep you entertained and turning the pages. A fantastic story a 5 plus ?? read and I highly recommend this book it's definitely well worth the read.

---

## **Colleen says**

### **Much too long**

The whole story was okay but much too long. Jordan may have ended up a devoted Mother but she remained too immature. Way too much gratuitous sex interspersed in a story that did not require it.

---

## **Jenny Brightman Harris says**

I received this book with the understanding that I could leave a voluntary and honest review.

In this book we meet Jordan and Lance. Lance is a no nonsense business kind of boss. Either you can do your job or you can do it somewhere else. Plus if anyone could be called scrooge it would be Lance. Jordan on the other hand was looking forward to Christmas. That is before she learned her boyfriend was cheating on her with one of her friends no less. While neither of them feel like attending the Christmas party that is currently going on in the building getting up to something else doesn't sound like a bad idea. Now years later they meet up again but this time Jordan has a little someone with her. Can these two find a way to have a HEA or will one bad Christmas ruin everything?

This is a great book. It does have its up and downs I really want to tell you about. However I don't want to ruin it for any other readers. I will say this book will take you on a journey where you will find yourself cheering one moment for these characters and wanting to smack them the next. I would however highly recommend it to anyone and everyone.

---

## **Jennifer says**

You can never go wrong with Ms Ashlee Price as she quite honestly is a superb Author to me and her amazing releases prove it time and again. Within the unique pages of His Gift, you are introduced to Lance and Jordan. Naturally, this is a creatively crafted addictive romance and just when all looks lost between these two, fate has a way of stepping in and they do get their happily ever after but trust me, it truly takes a creative mind to keep you as engaged as I was along the way. Read this book and discover for yourself just how talented Ms Price is.

I voluntarily requested an advanced reader's copy of His Gift in exchange for my honest opinion and I highly recommend this book as well as anything written by Ms Price. I am impatiently waiting for what she'll gift us with next.

---

## **Michele says**

A modern day twist on Scrooge

I have read many books by Ashlee, as one of my top 10 authors! Jordan breaks up with her cheating

boyfriend just before the holidays. Jordan's brother gets her to come to his company Christmas party, where she later hides from the party in the break room. Lance is a billionaire working late to finish a new project when he goes in search of coffee where he meets Jordan in the break room. Well things get naughty and nice between them, but Jordan will leave with a surprise. Six years later, Lance goes to a friend's house for the Christmas holidays and who does he see across the street, but his long lost Jordan. Lance is beside himself trying to get Jordan to let him in. Finally, when he spends time with Claus, Jordan seems to let him in. But when an accident happens at a neighbor's Christmas party, will their budding love fall apart? You have to read to find out, and won't want to put the book down.

---

### **Julianne Macneil says**

This is the second chance romance between Lance and Jordan. Jordan had just broken up with her cheating boyfriend and her brother Kevin wanted her to go to his company's Christmas party. Jordan agrees, even though she doesn't want to, and she has too much to drink. When Jordan goes to a break room to brood, she meets Lance, the owner of another tech company. Lance was working late and wanted coffee, but when he sees Jordan, he wants her more. They hook-up, even though Jordan was a virgin and then Lance is a jerk and she tells him off. When she learns she is pregnant, she has no way of finding Lance and when Kevin learns about it, he is angry and goes to confront Lance, only things don't go as planned. Six years later, Jordan is raising Claus, her son and Lance is now a successful billionaire. When a client offers Lance the use of his home for the holidays, Lance thinks it will be the quiet he craves. Lance is shocked to see Jordan living next door and vows to have her again. When Jordan sees Lance, she wants to keep him from finding out about Claus, but Lance is determined to win her over. I liked this book. I liked how much Lance changed and how he seemed to love Jordan and Claus. Lance and Claus had a great connection from the start and bonded like father and son. i think Jordan always loved Lance and i think she really wanted to be together, only she was scared he didn't love her. Good one.
