**Jailbait** Alexis Angel

**I'm a bad man. That's why I'm in jail. And I'm gonna use her as my ticket out...**

She's sexy, sassy, and cute. But she's never met anyone like me. I should have no trouble getting what I need from her and moving on.

I've done it before. Broken hearts when I left 'em after I got what I needed. I can do it again.

I can't let that curvy body sway me from my goal. I can't let those wide eyes and beautiful lips make me forget what I am – an inmate looking to escape.

Ain't no way I'm falling in love while I'm using her if I know what's good for me.

There's just one problem. I've never done what's good for me. That's why I'm in jail, remember?

*Incarcerate yourself with this secret baby bad boy romance—filled with brooding bad boy alpha-males and the women they love! No cliffhangers, but it's a scorcher with super-steamy scenes. Happily Ever After? You know it.*

**Good read.**

I enjoyed the story of Kerri and Lucien, though not likely to really happen. The thought of a convicted but innocent person finally being vindicated is a nice change. I do believe there are women who fall for inmates but typically they aren't serving a life sentence, and they do have some semblance of a happy -ever-after. Again, a good read as a whole.

### **Malika-Liki says**

I liked the stortline but I didn't know that it was so hot, almost too much scenes.

I would have loved more details about his life, who was after him?, who was the deputy warden's boss?, why him? his case, their life after they escaped.

I loved the final, the fact they made a happy life in mexico but I would have preferred more story apart their hot scenes.

### **Lamar says**

I have really enjoyed this story a lot more than I have expected and I wasn't expecting a story with a silver platter but exciting enough to enjoy the plot, characters and the sex scenes! Great read and well done, Alexis!

#### **Beautiful story**

I enjoyed reading this novel. It was surprisingly good. I thought it was going to be about Kerri and her cheating boyfriend but it wasnt. I enjoyed all the steamy sex and passion they had for one another. Not very realistic about a romance in jail but the fantasy was great. The only negative remark in have to make is that I wish the epilogue was a little longer.

#### **Jails**

Fairytales and unicorns does not exist in the life of a prisoner. Neither does it in the prison nurse's life. Lucien Stone is innocent, but is serving a life sentence for murder. He was framed. Illicit sex in the prison. Oh my that is wild. Kerri got pregnant and is fired

He plans to break out. An attempted escape by other prisoners helped by a dirty deputy warden fails and he escapes with Kerri.

All charges against Lucien were dropped and they live freely with a baby girl now

This review will contain certain spoilers

This is the kind of book I normally love. I have a thing for secret babies but this book was not the one for me. Around 20% in we learn that the H found out someone he was seeing was pregnant and he left her crying on the floor. I hate deadbeat dad's. This point I wanted to dnf but I stuck with it because it is a shorter book and I wanted to like it. I just couldn't connect to the H at all. The h was fine. The whole where they meet up to have sex everyday made me roll my eyes. No one noticed? No one heard anything even when she cannot contain how loud she is. None of this could happen in a jail. I think this book needs editing in a few spots I found some mistakes and that's not normally something I catch. I wish I liked this book like I said this is the type of book that I normally devour but I just couldn't stand the H.

#### **Holy Hotness... you'll need a cold shower**

Kerri is a medical assistant in a jail where Lucien Stone is serving a double life sentence but he's innocent... Really he's been framed by the mob & he's innocent of murder but he sure is a bad boy. He wants Kerri and she knows it's wrong but he's so right! Their love affair is a mutual explosion of want and need and Alexis Angel makes sure that her readers understand the heat of their passion on every page.

#### **5 stars for spiciness!**

The sex scenes in this book are super steamy! The story line isn't too bad either. The main character Kerri ends up falling for a prisoner, Lucien ( who claims to have been wrongly accused of murdering a mother and child). In the end the truth is revealed. Overall a good read!

## **Good book**

Bad boy meets good woman, decides to use her for his own gains, the twist being he's currently in prison. Good book, I like the variety of him currently being locked up.

Slight spoiler ahead:

My one issue is this is billed as a "secret baby" story, and for me, that means the daddy doesn't find out until mom is a out to give birth, or after she has given birth. Finding out a week (or whatever the timeline is) later does not, IMO, make this book a "secret baby" book.

### **What A Great Story**

I drank a lot of water reading this one. It has everything love, sex, action, adventure. Lucien and Kerri I love their story. Yes the met in prison not ideal but that what makes it hot. The sex scenes like all of Alexis's books are steamy. I loved how they saved each other and made it work.

### **Sexy Jailbird**

This was my first Alexis Angel book which lead me to read a great many of her works.

Sexy, dirty, man candy. I loved the Dirty talk and the instant spark of attraction between the two. I couldn't put it down, devouring it within a few hours while having my fan on high to try keeping me cool.

## **Wanda Ladd says**

### **Low grade entertainment**

Simplistic and predictable. Not believable. Needs more development and research. Never happen in prison . Probably won't look for other books .

**T Van says**

**The Medical Assistant is in the Danger Zone**

Kerri's a medical assistant at a maximum security prison, and Lucien is an inmate she treats. Their attraction threatens both of them. There weren't a lot of new elements to this story, and there were enough spelling errors to justify an additional copy edit. The steam is high in this taboo romantic adventure, and although the scope of Lucien's world made sense given his situation, Kerri remained a little underdeveloped and she kept the naïveté longer than expected.
