Jason Donna Fasano

Desperate Daddy:

Widowed police officer Jason Devlin. Taking care of his baby girl was usually a piece of cake – until his housekeeper quit, leaving Jason desperate enough to hire the first qualified person who rang his doorbell.

Damsel in Distress:

Runaway heiress Katie Smythe. The pampered debutante was about to take on her greatest challenge—her first job...as a nanny.

Doorstep Deal:

Jason was thanking his lucky stars that Katie had shown up at his house. She was the perfect nanny for his little girl—and beautiful beyond belief, leading Jason to rethink his single status. But just wait until he discovered who this nick-of-time nanny really was!

In the second installment of the Single Daddy Club, Donna Fasano shares more of Jason's story with us. In the midst of yet another babysitter crisis, Katie appears at his door. With her reference from a friend at the hospital, and him nearly ready to drop from exhaustion if he doesn't break his neck on the clutter, he hires her instantly.

What Katie doesn't know is that Jason's in laws are the next door neighbors, and they have been badgering younger and capable sitters, and suggesting older women who are not able to keep up with his very active little girl, Gina. What Jason doesn't know is that Katie is hiding secrets of her own, and she has never been paid for any of the 'work' she has done.

Throughout the story, we get to see Jason's inability to move forward: the combination of his guilt at the death of his wife and his mother in laws constant intrusions, not to mention her harassment of his chosen babysitters. What was more telling was Katie's realization and pity for the monster that his mother in law had become; showing a great deal of sense and patience while logically attempting to address the misfires in the communication between them. Their attraction was instantaneous, but what drove and fueled their connection was the fact that they were developed as very real people, with real concerns that make mistakes, yet still have good hearts and intentions.

Each title that I read from Donna Fasano becomes my favorite, and this was no exception. Her characters, situations and her ability to incorporate real life family and child issues into her stories will have every parent empathizing and recognizing pieces of themselves. The bonus point is that her happy endings give us all hope for our own, even for the short while we are immersed in worlds of her creation.

I received an eBook copy from the author for purpose of honest review. I was not compensated for this review: all conclusions are my own responsibility.

Loving this series

These stories about single dad's are fantastic. They show dad's have the same problems that single moms do, only they don't express them as well.

Katrina Epperson says

Sweet Romance

This is the second installment in the series. It's lighthearted and brought a smile to my face. Lovable characters and a sweet plot. I would recommend this book to anyone who loves a good romance with a few twists.

Betty Reynolds says

A desperate police officer hires a babysitter for his young daughter, who is an heiress hiding from her family. The in-laws live next door and are determined to keep Jason and their granddaughter tied to them. It takes a patient and loving woman to change, not only her life, but the lives of those around her, and bring them all into a family.

Ellen White says

Nothing has been as demanding as taking care of his little girl, since his wife had died. In laws live next door, the house is disaster, and he is at a lost of what to do. Volunteering at the Children's hospital, Katerina, the main nurse had gotten her the address. Basically she was twenty five and a runaway. Her father would no doubt look for her, with this job, it wouldn't be easy. She wanted and needed to be on her own. Readers will love the story, and one little girl name Gina will steal your heart.

I love this series...first Derrick and Anna...and now Jason the cop, and Katie.

I like the strong characters the author has written. And I love the Epilogue that shows where the characters are 6-10 yrs later...and still deeply in love.

I'm now on to #3 in the Single Dad's Club...and Reece, the most cynical of the three friends.

This is a good read; but is a run of the mill scenario.

Cynthia says**Needing a Nanny**

Jason works as a police officer and they have decided to change the way they do their shifts. The nanny he has won't work overtime so he can get a little sleep. Gina is raring to go. At 20 months she is full of energy. Katherine "Katie" needs to get away from her family for a bit and figure out what she wants. A nurse at the hospital she volunteers at heard he might need a nanny. This see if this works.

Kathryn Munsell says**Good story.**

Katie and Jason have a slightly twisted road to follow but it's fun to go with them. You will find things to laugh at, feel sad, fear and love.

5 stars

I purchased a copy of the short novel Single Daddy Club book 2: Jason by Donna Fasano and this review was given freely.

Fatigued widowed police officer Jason reaches a crisis as he tries to juggle changing work shifts, the babysitter quitting, and taking care for his toddler Gina. Hiding out from her controlling family, socialite Katherine secretly takes the job as Gina's babysitter resulting in a complex and easy flowing story of coincidence, humor, jealousy, attraction at first sight, and family drama with a happy ending.

Sherry Sias says**Cute read**

First book I have read by this author. Loved Jason and Katie's story. The plot and characters were written beautifully. Recommend to anyone to pick up this story and can't wait to read more by this author.

Sherry Westendorf says

His wife had died and everything is a mess. He needs a nanny. She is hiding from her rich father and through someone else gets the job as nanny. If she can just handle it now. It is funny, exciting, dramatic and much more. I received a review copy and voluntarily review it.

This review was originally posted on Big Al's Books and Pals review blog on December 19, 2012

Widowed police officer Jason Devlin seems to be having trouble keeping a babysitter for his baby girl, twenty-month-old Gina. When Katie Smyth shows up on his doorstep looking for a nanny position he thinks he has hit the jackpot, not only is she beautiful, but she is willing to keep the house clean too. What Katie doesn't know is that Jason's previous in-laws live right next door. What Jason doesn't know is that Katie is hiding out and keeping a very big secret.

I really liked Jason and my heart ached for him and his situation. Not only for the loss of his wife, but for the fact that his previous in-laws lived next door. No wonder he was having such a hard time keeping a baby sitter. Katie was the perfect woman for Jason, she was smart and kind-hearted, but she was keeping some very big secrets from him. The struggles she had with her lies were very revealing of her character; you can tell this author has a very good understanding of human nature in many situations.

In each of the books of this series, there is at least one chapter devoted to the guys getting together to talk about kids, women, or whatever else is going on in their lives. The conversations between these three friends were very entertaining, they have known each other for several years and they don't hesitate to poke the bear, whoever that may be at the time. I found the dialogue realistic and quite funny.

The story moved at a nice steady pace and I found the dilemmas being faced real and quite engrossing. I love the way Ms. Fasano is turning up the heat in her stories. I am finding them very satisfying and I didn't want to put the book down.
