“When Marshal Kelleher draws his gun... the bad men either run... or die. Most die... badly!”

From John D. Fie Jr. comes “Liam Kelleher: United States Marshal: Sudden Justice.” The third, and latest Fie Western novel in “The United States Marshal Western Series.” This exciting new adventure novel brings you a Western in the style of C. Wayne Winkle, R.G. Yoho, and Scott Harris that is filled with action, adventure and plot twists such as C. K. Crigger, Chet Cunningham, and A.H Holt! This is a book that is filled with crime, corruption and a lot of crime to clean up!

Judge Clarkson has a problem. Border raiders crossed over the line into his territory, burning and looting towns. He has no choice but to send the most notorious Marshal Kelleher to bring back law and order.

This exciting new Western from John D. Fie Jr. takes the reader on a one-man rampage as a Marshal cuts through a deadly crime wave to bring a town back into the boundaries of law and order. The criminals will pay for what they’ve done in this territory!

Charles Castell says

The title says it all, as Liam believes in swift justice. There was no doubt when the bad guys create the problems, it is only the beginning for Liam's law. Great masterpiece by a master author.

Five stars, as we know, is all that's allowed, so the best deserves the max. If you love good guys versus bad guys this is a must for you. Plenty ogb

Deborah S. Lawson says

Great!

I really enjoyed- loved reading these stories. Liam and Luke are wonderful manly characters. I really Hope the series continues.

Linda L. Brand says

A different kind of western!

It took a smart man to solve a problem of a band of ruthless murderers. They had killed innocent men, women, and children. The Marshall put in charge of capturing them used some interesting methods, but got the job done.

Barbara Lee Wood says

U.S. MARSHAL LIAM KELLEHER, THE GRIM REAPER

This U.S. Marshal Liam Kelleher, is a humdinger, by golly, this man takes his job seriously. There isn't any gray areas, either black or white. A true lawman who did his job. Anytime Federal Judge Clarkson needed a Marshal to go after a particular type owlhoots, he sent for Marshal Kelleher he was known as "The Grim Reaper" by the gangs of robbers, rapist, murderers and those Deputies that accompanied him to capture these outlaws "Dead or Alive," didn't matter with U. S. Marshal Liam Kelleher of the State of Texas. So everyone make sure Stetson is on tight and cinch is tightened because we're in for a long one..PEACE

Casey says

Good story

While not quite up to God's usual work this tale is exciting and full of action. One can rejoice in the success of our hero. Not for the faint of heart.
