New Testament For Everyone Collection, 18 Volumes Tom Wright , N.T. Wright

N. T. Wright has undertaken a tremendous task: to provide guides to all the books of the New Testament, and to include in them his own translation of the entire text. Each short passage is followed by a highly readable discussion, with background information, useful explanations and suggestions, and thoughts as to how the text can be relevant to our lives today. A glossary is included at the back of the book. The series is suitable for group study, personal study, or daily devotions.
