Santa Fe Woman

Gilbert Morris

Santa Fe Woman Gilbert Morris

Ever since her mother's death, twenty-two year old Jori Hayden has lived safely under the shelter of her wealthy father. But when the severe economic depression of the 1800s destroys the family's fortune, the Haydens must venture west together along the Santa Fe Trail in search of a new livelihood.

With her father in poor health and her Aunt Kate—a dedicated Christian—keeping charge over the younger siblings, Jori hires Chad Rocklin right out of prison to lead their wagon train. And in a journey marked with danger at every turn, romance, faith, and family prove to be the biggest fortunes of all.

Haley says

Not as good as the other ones. I like them much better, but this was alright. ;0

Ronda Tutt says

What a delightful read - I love reading about how it was in the 1800's when wagons, horses, and the fear of indians were part of life. Economic times during the depression were hard on many folks, some survived and some didn't.

The ones who survived were the ones who usually sold everything they had and moved on to different parts of the country. The Hayden family did exactly that. From Little Rock Arkansas they ventured west to Santa Fe New Mexico in search of a new life and in search for a new business of transporting everyday goods to parts of the country where they werent in great supply of except when the French brought them across seas for trade.

The Hayden's grew closer to god, grew up for the wiser, and even found love.

I would definitely reread this book in the future.

Kathleen Gilbertson says

Sante Fe Woman

Book was a good easy read but there were a few things that weren't believable; first the reference to zombies....really did they even "know" about zombies back then? And brain surgery recovery was a little quick...but I guess if you chalk that up to another miracle it's believable.

Sandra Barnett says

Wonderfully

I loved this book! It's well written and showing the grace of God. It was heartfelt and exciting. Lot's of action! Sad how so many people go to church, only to be seen and never truly believe on Jesus Christ. How could that be?

Deidre says

Wonderful look back in time and an excellent story!

Kristine says

“A pretty nice standalone novel .”

Mary Ann says

This makes me wonder how sanitized this wagon train tale has been made; yes, there were a few trouble spots. However, I would expect many more on a 800+ mile journey by wagon train.

Elizabeth says

My favorite kind of story!

Frances Rogers says

Good Christian fiction

G Morris is one of my favorite authors. No surprises in this clean novel about three romances developed during wagon train trip to Santa Fe.

Tamara Tilley says

SANTA FE WOMAN is the story of Jori Hayden and her affluent family from Little Rock. Raised in the lap of luxury, Jori is stunned to find out the depression of the 1800's has ruined her father's financial status. With really no alternatives, the Hayden family plans to head west on the Santa Fe Trail in search of a new life. Chad Rocklin is recommended to the Hayden family as the man that could lead them safely across the rough and sometimes dangerous west, of course, Jori has to bail him out of jail first. Jori doesn't allow her instant dislike for Rocklin to alter her family's plans. They need to go west and Rocklin is the man that can take them there.

SANTA FE WOMAN was predictable but a good read nevertheless, filled with an array of characters you enjoy getting to know. Some of the plots and situations seemed to mirror those in A MAN FOR TEMPERANCE which I found a bit unoriginal, but my love for westerns allowed me to overlook the similarities and enjoy the story that unfolded between key characters.

Janell says

Predictable. An easy read. I still liked it.

Deliasue says

I love a western love story. This is a great one, a God fearing woman leaves with her family for santa fe after loosing their home and business, the depression did awful things to families. But this one stuck together and won, accepting strays along the way to add to their extended family.

Even Kate an older lady found love in Good News. A heartwarming story of love in the old west.

Julie Holdsworth says**Another good one**

Gilbert Morris. Has done it again. Interesting and likable characters that grow and improve through the plot. Worth the price and the time.

Barbara says

While this was a light reading, I enjoyed thinking about how it was in "pioneer" days from this story.

Blabby Gabi says

I LOVE THIS BOOK!!! The writing is great and really captures your attention:) A sweet, clean romance:) Recommend it!!
