"Don't you want to tell me how much you love and adore me and how you can hardly wait to marry me?"

Coley asked mockingly. "I was so looking forward to that part."

Even though her own heart was breaking, she could still derive pleasure watching the angry scowl on Jason's face.

How upsetting for him and his plans for the Slash S ranch that Coley wasn't falling into his arms as he had thought she would!

This was quite tedious to read. Very dated in that the hero was all cool and masculine. You never knew what he was thinking really. The heroine was an annoying mess of a quivering, weepy, emotional, naive girl. Highly irritating. The book really didn't make sense to me and I didn't enjoy it unfortunately.

Jase kendini çok iyi tutuyor,buradan tebriklerimi yolluyorum valla.Okudu?um hiç bir Harlequin eserlerinde kendini bu kadar iyi tutan görmemi?tim. Gerçi +18'lik bir sahne yoktu ama neyse :)  
Kitap Annelerini kaybettikten sonra teyzelerinin yan?na ya?amaya giden iki karde?in hikayesi.Tabiki Eser, Bayan karakterinin gözünden anlat?l?yor.

Ah yes, a favorite type of read for me. A couple hours in a romantic place on a sunny afternoon. A story of misunderstanding, hatred, attraction and finally, Love. Just the way I like them.

### **Michelle ♣ Ndayeni says**

While this book, and the others like it in Dailey's Americana series, is fairly dated in many ways now, it still was an enjoyable read. As a formula romance, it's full of largely stereotypical characters, but each has enough personality to not just feel like the author just picked up the "naive young woman type" and "bitter Marlboro man type" puppets and put them on her stage. Most of the situations and misunderstandings that happen in the book are pretty predictable, and even a little bit tired, but that's mostly to be expected from the genre I believe. One doesn't pick up an old Harlequin looking for mind-bending, edge-of-the-seat reading after all. So for those who enjoy a good mindless formula romance either as steady reading fare, or just for an occassional light read in between other things, this book won't disappoint I think.

I had to keep checking who wrote this. It is totally Diane Palmer but no way it was Janet Dailey!!???!  
What?? Innocent child like virgin? Check. Mean older hero? Check. Purple prose? Check kind of. It was so DP it threw me off but it was a good Old story from the HP vault and I enjoyed it. Was it great? Not really but it was what I was teething on from my Mom, a certified Janet Daily/Diane Palmer aficionado, and the most awesome Mom ever. She introduced me to Harlequins and true love!! She always told me and my husband to always love each other. And never forget this; sex is fun and it's free. Lol. We were poor but she adored my Father. It's so funny because she had me when she was 39 and I always thought she was old because she had grey hair but OMG she was never old. She loved him until the day she died at 92! they were married 53 years before he died at 78. she missed him so much. Every day she would remember him. Sometimes he slept with her at the very end. She was so cute. She'd say he was there and slept with her, but they didn't have sex!!! She even told that tour family priest Father Burt!! I thought he was going to die. Lol. So funny.  
And her last words were, your Dad is here to take me to a big party. I need to get ready. She died 24 hours later. She went to the party at last. She was a true romantic and knew forever love. I have no idea why this book made me think of that but it did. Sorry I was a little sappy. It's that dang Janet Dailey!!!?
