After agonizing months of suppressing her true feelings, it took one passion-filled night for Teresa Bodnar to realize that she was in love with her friend, the deliciously dominant Eric Yun, a revelation that had her running scared. Months later, the two are closer than ever... and yet they couldn't be further apart. Feeling that keeping both Eric and herself in the dreaded "friend-zone" is the only way to save the man she loves from worse pain, Tera throws herself into her work, determined to turn The Loft into the BDSM paradise she envisioned it as, even if she's the only one in the club not getting any.

Ever since they met, Eric has only had eyes for Tera. Too stubborn to move on despite his better judgment, he'll take what he can get from the woman he's fallen in love with. But he's determined to be part of the happy ending he knows she deserves, even if she doesn't believe it herself. Two things he didn't count on? Some billionaire bastard way too interested in both Tera and The Loft, and the demons Eric thought he'd conquered years ago coming back to haunt him...

When a wealthy and mysterious patron turns up at The Loft with a tempting offer and eerie reminders of her past, Tera must confront her deepest fears. But it's not just her heart that's at stake. Friendships will be tested, limits will be pushed, and Tera will have to decide between taking a chance on love, and letting go of Eric forever...

One of the best romances I've read in a long time!

Chelsea Groff says

Wow

I love this book I fell in love with Tera and my heart aches for Eric. Hurting each other by not trying to hurt each other. Can't wait for the next book!

Excellent Read

The plot was hot but had smooth ease. Their story grew along with their love and adoration for each other. I can't wait to see where the third book takes them.

Jackie says

Different

Not being in the BDSM lifestyle, I know very little about it. I expected a rerun of 50 Shades. That's not what this is. As the second book of the series, it was a good stand-alone. I haven't read the others, but would be interested. The unfortunate thing is the typos. Giveaway win

Cindy says

Won a free copy of this book. Didn't like it. Writing could use some improvement and it just didn't appeal to me.

Mary says

Michelle Quintana says

Frustrating

Tera is still as frustrating as ever. Not only is she still whiney, but times is a whiney b****. Every time I thought FINALLY she and Eric would get together, she freaks, comes up with stupid excuses, and runs. Eric must really love her to put up with everything. This book took longer than normal to read because Tera was constantly getting on my nerves. I hope the last book is better and that Tera finally gets an attitude adjustment
