# The Berenstains' B Book

*Stan Berenstain , Jan Berenstain*

**The Berenstains' B Book** Stan Berenstain , Jan Berenstain

In the B Book, the youngest child will be entertained by a hilarious build-up of words beginning with the letter B. It's an ideal introduction to the realisation that letters represent sounds, and end with a bang! Ages 3+

## **Professor says**

Fun and funny to read aloud, and a real tongue twister.

---

## **Stacy says**

Granddaughter- just learning to read- loved it.

---

## **Mark Baker says**

A fun book filled with B's. The story grows so absurd you can't help but laugh. My family can still quote this book 20+ years later, and we still love it.

Read my full review at [Carstairs Considers](#).

## **Melissa says**

A book reminiscent of the Dr. Seuss tongue twisters!

I love this book. My kids love to hear me read it as fast as I can.

Very easy read for new readers too!

The actual book we have is my book from when I was a child (um-hm the 1970's) but I was reintroduced to this particular book when my son was in Speech Therapy. This gave us B words to practice the Bah sound.

Love the Berenstains!

---

## **Arlene Ang says**

Fun and wacky book! I loved it as a kid and it still tickles me as an adult. No one should "B" without it!

---

## **Vic Thom says**

A family favorite with lines such as "Brother Bob's baseball bus" and many more "b" words. We read this to our daughters when they were young. We bought a copy for our grandkids. A fun book and a quick read!

---

## **Liz says**

Cute little book about the letter B with fun pictures.

---

## **Alyssa Ricard says**

This reminds me of the Dr. Seuss "flow" in his books. The build up of 'B' words are great for children just learning to read. The illustrations are great.

---

## **Rachael Fricke says**

Ever since I was a little girl, I've loved this book. It is however, a better "Read Aloud" book rather than a book a child should try to read on their own. Some of the words are a little tougher for younger kids. Yet still, the alliteration throughout this entire book is amazing! Every word in the book begins with the letter "B." The whole book is like a long tongue twister. It's a fun, short read that will delight young listeners. Illustrations provide a hilarious depiction of what the words are describing. Read it, even if you've read it before. I read it for the first time in probably 20 years, I still love it.

---

## **Zany says**

It's an automatic 5 stars for books from childhood, folks. No exceptions. In retrospect, these books seem as a capitalist marketing scam to me. Devoting an entire book to the letter 'B'. This means that if you want your kid to be well-rounded in the ways of the Englische alphabet, you have to get (translate: buy) 25 more books. Alas, mom could only afford this one book of 'B' words. As a result, ever since I was but a babe, my babbling speech was a bundle of blundering bumbles that baffled many. My bungles left me blue and my behaviour became bad. I fell behind, and had to bear the big burden of being badly beaten and berated by belligerent bullies.

My vocabulary began to sound Hispanic when I pronounced the letter 'V' as a 'B'. My berbiage made people think I was from Benezuela.

I was a bery bad boy. Boooo!

---

## **Michelle Carter says**

A wonderful book to introduce the letter B and all the silly and common words you can make starting with "B".

---

**Joy Keil says**

Hilarious. My toddler always enjoys this one - funny pictures to go along with the big bounding ballad beginning with all things B!

---

**Ashlin Edmisten says**

I love books like this. It seems like they're not going to make any sense, but somehow they do. They push you along to get you to read faster and you end up getting tongue tied. They might not be the greatest in literature, but they are fun.

---

**Caitlyn says**

This book is great for those who are just starting to read. Throughout the book they use the same words and add two or three more to the next page. Helping student become fluent with these few words.

---

**Netanella says**

The beautiful baboon ballerina is of course the favorite.

---
