The Boss: Book Three Cari Quinn , Taryn Elliott

Librarian's Note: This is an alternate cover edition for ASIN: B0186NFYOO

I used to be a good girl. Until he tempted me to be bad...

Just one night.

It only took one night to lose my grandmother, the most important person in my life.

Just one night.

That mind-blowing night locked in with my alphahole boss, Blake Carson, made me start to crumble. To forget why I'd made the choices I had and what was at stake.

Just one night.

I risked everything in our seductive game of cat and mouse. Until he cut me loose.

Just one night.

Now he's back, and he's the only one who can save me...or let me fall.

A SIX PART SERIAL with dual points of view, lots of bad words, the creative use of glass-walled rooms, and a beach house that holds a whole lot of secrets. There are all sorts of cliffs in these books, some even include actual rocks. You have been warned.

Elizabeth Neal says

I'm just going to say now that I may not make it until the fourth installment. Cari and Taryn are killing me.

So at the end of volume two, Blake fired Grace because some truths were revealed. Granted not all of them, but enough to make Blake second guess everything that happened between them.

This installment is back to Grace's point of view and oh man, does she break my heart. I think she's close to just being emotionally done in. She misses her Grandma, she lost her house, she's illegally living in the maid's quarters (it's an old house) on the property, she lost her job, and she lost Blake. I think that's around the time your heart just says "Screw it, I'm done. I'm going into hibernation." Grace, however, funnels all that pain into her artwork and ends up creating a completely different style with her "Fallen Angel" piece. Of course, days later when she comes up for air, the pain is still there and so is Thanksgiving. A day she would always spend with her Grandma and now she's spending it alone.

Her friend and former boss, Philomena, calls needing Grace to work an event and Grace jumps at the chance. It gives her something to focus on and as she's unemployed, she could really use the money. Grace should know by now things don't always go as planned.

Here's Blake. He's actually there for such a sweet reason (nope, not telling) and he and Grace end up doing what they do best together. Flipping hot! I swear Cari and Taryn write some fire starting sex scenes. *fans herself*

But is that it? Will they really leave things that way? What does Blake do at the gallery showing that sends Grace over the edge? It seems Blake wants so much more from Grace, with Grace. Can Grace come clean and tell him everything? Blake has alluded numerous times that he's always known who Grace is and has always wanted her. Yet, Blake doesn't know everything and if there's any chance for a future between them, he needs to.

The night doesn't end like either one expected it to. Yes, they talked and yes, they both seem to want to see where this can go and you mentally do a fist pump in excitement that they just may make it. Then real life interrupts and that future may be taken away from them. Three words - epic plot twist.

I highly recommend this to everyone. I'm not usually a fan of serials, yet The Boss quickly won me over. Read them people. *whispers* Make sure your significant other will be home soon, otherwise you will be hurting. *wink*

I received a copy in exchange for an honest review.

Lisa says

Billionaire, Blake Carson has shaken Grace Copeland's world in several ways. She's definitely not complaining about the mind-blowing sex, but the rest is the problem. The plot thickened in Volume 3 and Grace is wondering what Blake's intentions are. New elements have come into the story and I'm dying to

read the next installment. Did Blake leave Grace homeless intentionally? What did he know and when? And what are those tattoos about? This is a fantastic serial. The installments alternate between his and her points-of-view and I love it. There will be six parts total.

Morilyn says

The Boss: book 3 by Cari Quinn & Taryn Elliot just blew me away (again)! I received an ARC from the authors in exchange for an honest review but I would have bought it even so. It was very short, so it only took an hour or so to read! I was amazed when it was finished so quickly, so I went back & read it again. This book is from Grace's POV & just once in awhile she needs a push in the right direction.

Blake & Grace are a mystery, waiting to explode. She's "always" been his - What does that mean? Grace doesn't seem to recognise him, but he knows who she is & what she's hiding from him. These two authors know how to tantalise the reader so well - the carrot dangles before our eyes... so close but just out of reach. Now I'm desperate for the next book, hopefully in Blake's pov. Make sure you read this serial, you won't be disappointed.

Lana ❄️Dirty Girl Romance❄️ says

4 Stars

*He filled me up, demanded everything. He even barked orders for my orgasms.
I wanted to give it to him.
I wanted to give him everything.*

This series is going to drive me to drink and I'm planning on making the sadists that are Taryn and Cari my sponsors, because that's the least of what they owe me for putting me through these cliffhangers. But then again, I'm a willing victim, because these books are my crack. Just as I think I got one thing figured out, a whole new twist is thrown into the game and it leaves my mind reeling once more.

Volume two ended with Blake firing Grace after their turbulent and explosive affair. Grace is dealing with the aftermath of not only realizing that what she ultimately went to Blake for, she'll never get. And what she wants from him now, he'll never give.

But a fire that rages between them is too hot to resist, and it's not long before Blake is following after Grace once more and the passion between them ignites once more.

I want to use you until we both can't breathe again. I want to fuck you so hard that I forget who and what we are.

I'm not typically a reader that enjoys serials, because more often than not they're missing that character and

relationship development that makes me truly invested in a couple. This is what I've come to really appreciate in The Boss. Cari and Taryn give you multi faceted characters and a superbly developed story that goes far beyond just an erotic tryst. There's mystery, intrigue, a bit of suspense, and of course the hot and sexy loving.

"I'm not what you think I am."

"I'm not WHO you think I am."

In just under 100 pages, the authors manages to hook me each and every time and leave me salivating for more. There's more pieces added to the puzzle. And the fact that each installment is told in either Grace or Blake's POV allows you to really get to know them and get in their heads.

Then of course they hit you with that cliffy with all the impact of a damn two by four, and leave you rocking in a dark corner while crying for your mama in the wait for the next book.

Nickcole says

Stars: 4

Overall: Blake has just fired Grace and she is in a state of shock because she thought they finally had something good going on. After a few days Blake comes looking for Grace and they hook up again and clues start to come together about why Blake knows Grace and Blake finally learns with Grace lives. The end leaves you with a HUGE cliffhanger.

Characters: Grace and Blake

Page Turner: Yes

Series Cont: Yes

lovestoread says

This is definitely a case of going in knowing there is going to be more and knowing it is going to be really hard having to wait for more. However, I'm glad I read it. Grace and Blake can't stop...hating so much and knowing they want each other. It is so hard...these two are smoking hot together. This one focused more on Grace this time around. Her creative juices are flowing and WOW. You really have to read this series. Start at 1 and slowly work your way to the end - Just like I am!

J. Kahele says

Um

In this part of the series, Blake is a little better.

After being fired by Blake, Grace goes back to doing what she does best, creating art. When her friend Philomena calls and ask for her help at an art show Grace is more than willing. Little does she know that Blake is going to creep in and why? Because he thinks it's where she lives because she never told him that she was secretly staying in the maids quarters of her grandmas house, that now belongs to Blake.

They end of having sex again and Blake tries to pull away, but she holds on, needing him to know that it's just not sex to her anymore and he allows her to.

Louise says

3.5 stars :3

Moon Love says

Things get even more interesting in the third installment of The Boss! Just when I thought things had become clearer between Blake and Grace, a new turn of events has them both stumped! And that ending is so horrible it's wonderful!

Amelia says

With each book in the series, I'm more and more invested in the characters. And live tweeting my reads, slowed my reading pace which in turns makes me appreciate the flow of the story. The full review of these books can be found on my blog!

The Boss Vol. 3 by Taryn Elliott & Cari Quinn

litljen says

The Boss: Book Three was fan-freakin-tastic!!! I truly LOVE this series!!! Book 3 is told from Grace's pov and picks up immediately from where book 2 left off. Grace and Blake have broken up and he has fired her. After some time apart, they can't stay away from each other. Both still have secrets but Grace finally reveals some of hers to Blake. These two still have unbelievable chemistry and in this book, it goes deeper than before. There are some major shockers at the end that had me on the edge of my seat. As with the other

books in this series, this one has a MAJOR cliffhanger that made me want to throw my device across the room in frustration at having to wait to read the next installment releasing in a month. Cari Quinn and Taryn Elliot are the absolute queens when it comes to the art of a cliffy and they have lived up to that title with this one! They leave you craving the next book ASAP! The Boss: Book Three is another awesome read.

Dali says

Blindingly hot and gripping. I've reached to point of no return, the only reason I'll be able to put this serial down is because it's not yet complete.

"He filled me up, demanded everything. He even barked orders for my orgasms. I wanted to give it to him. I wanted to give him everything."

She used to live in her grandmother's house, now he owns it but someone has been breaking in and is willing to get shot at to find its secrets. But not even its past resident or current owner knows what its hiding.

While the push and pull between Blake and Grace continues to grow in its intensity, so does the intrigue. Grace had gone to Blake in order to try and somehow convince him to return her grandmother's house to her but got caught in his seductive vortex and left her original plan in the background. She found out that she not only wanted to be his lover, but also work for the "alphahole." But his hot and cold attitude has reminded Grace of what's at stake for her.

"You push me away, then pull me so close that I can't even see around us. All I do is feel. And it's too much, Blake. You can't make me a part of something, then keep taking it away from me."

This third part of the serial picks up right where the previous left off, when Blake fires Grace right after they have mind blowing, soul shattering sex on Blake's office building rooftop. Now told from Grace's point of view, she's picking up the pieces and realizes that getting her grandmother's house back is as futile as getting her brooding ex-boss to open up and give in.

"I just wanted to be a part of your world... Then I just wanted you, but I didn't know how to tell you... I didn't even know how to tell myself."

Like a moth to a flame though, Blake simply can't resist staying away from Grace especially when she's had enough and finally reveals her true intentions.

"I don't know why you want to be with me... I'm not fishing for compliments, and I don't even want to know why right now. I'm just thankful." He cupped my face. "So, goddamn thankful, because wanting you is the only thing I understand."

Even though the fabulous Cari-Taryn duo have provided more pieces to the puzzle, it's still not complete and I suspect it won't be until we get to the very end. I'm completely hooked with yet another twist, these

fascinating characters and of course more incredibly sexiness to this well-crafted mystery.

This is the third volume of six in The Boss serial. It is a short read, told from the heroine's point of view with a cliffhanger. It is strongly advised that these be read in order.

Erica says

It's official: I might die waiting for part four. Like for seriously. If Cari Quinn and Taryn Elliott were any more awesome as a writing duo, I don't think I could handle the awesome. The Boss Part 3 picks up where 2 left off and instantly captures readers, urging them to keep reading on. This serial keeps getting more and more awesome. I am rooting for Blake and Grace, and I cannot WAIT to see how things continue in the next installment.

Bec says

Review to come

Jen says

Book 3 alternates and is told from Grace's POV. She now has to deal with the fallout and breakdown of her and Blake's relationship. The only good thing about their breakup is that it's given her inspiration to finish the sculpture she's been working on.

Her old boss at the art gallery request her help with a show. When one artist doesn't show up with his art there is an opening and a chance for her to show off her new piece, "Fallen Angel." But when she finds out who buys her sculpture, she loses it. When she heads over to confront him her secrets come out instead. If she's going to lose him at least he will know everything.

Just as they seem to be working through their differences a curve ball is thrown at them and we are left with another cliffhanger and more questions. Now unfortunately for me, I read too fast and have to wait a few more weeks before the next book is released. I'm really enjoying this series so far and hope that if you pick it

up you will too.
