## **From Reader Review Tied to Murder for online ebook**

**barbara evans says**

**Still top notch**

I love starting a series I know is going to keep me wanting more. This author never let's you down.

---

**Walter Price says**

Light reading, entertaining, good mystery. The Christian aspect isn't pronounced.

---

**William Wygle says**

**Least favorite so far**

The thing that bothered me most about TIED TO MURDER is the dialogue. It ranged from forced to fake. That took away from the enjoyment with this installment of the Jason Strong series.

---

**Bryan Hovey says**

Needed something easy and breezy to read after the last book and this fit the bill to a tee. I received this as a giveaway right after signing on to goodreads. To quote Abraham Lincoln "The things I want to know are in books; my best friend is the man who'll get me a book I ain't read."

---

**Lisa Kinard says**

**Another great one!**

Tied to Murder was a face paced and good read.

I really love the characters. It is clean suspense. Even though I figured out the villains and the motive early in the story, I enjoyed reading it.

---

**Pat Whitworth says**

**Money. Or revenge or jealousy all motives for murder hang on to your seat on this one.**

Another one you can't put down! Vanessa and Jason have no leads but multiple murders. Who's behind the

deaths and who done it!!!

---

### **Donna Burrell says**

This is the 5th of the series I have read and I enjoyed this just as much as the others!  
Will be looking forward to reading more of your books.u

### **Harold says**

#### **Excellent Book/Series**

Jason Strong Series

I have finished the entire series and have nothing but praise for every one of them! It's wonderful to have an author who doesn't rely on bad language for "realism" yet peaks interest in both plot and characters.  
Excellent series; endearing characters; great reads.

---

### **James Mullen says**

I received this book as a free Goodreads giveaway. It was a breezy whodunit and interesting as it took place in a senior retirement complex. The plot kept me interested and I enjoyed the dialogue between the two detectives.

Perhaps a little for description would help. The setting is in San Antonio, but I missed that reference until deeper into the book. I kept looking at the cover photo and wondered why there was a cowboy on a horse. More sense of place in the story may be something to add. Just my opinion.

### **Rita McDowell says**

#### **Exceptionally Entertaining**

Once again another great book. These books are so good that before you realize it you will find yourself finishing it as they are basically a quick entertaining read. Again these books are excellent and I have recommended them to several close friends and relatives. Excellent work

---

### **Ryan says**

Great Mystery!

I have read the first four books in this series of police procedurals. The fifth installment of the series, Tied to Murder adds to the series so far. Detective Jason Strong and his partner Vanessa Layne of the San Antonio Police Department investigating a series of murders that take place in a retirement community, each of the victims are tied like cattle in a rodeo. Along with their colleagues in the department's, Lieutenant Patton in homicide, Dr. Davis in the medical examiner's office, along with newly added Detective Nina Jefferson. These books read like a law and order style police procedural, but are full of character development and character driven. There are also Christian, wholesome reads. so if you prefer books that are void of profanity, sex, or graphic violence, ( there is some because it is a murder mystery), this book and the others in the series would be a good read to try out.

---

### **Sheila Myers says**

I have been enjoying the Detective Strong series. Although I was able to figure out the motive early in the book, "Tied to Murder" wasn't a disappointment because John Dalglish managed to add some twists and turns to keep the reader guessing at who was committing the crimes. As always, he created a unique MO for the killer. Some readers may not like the parts describing the detective's personal life, but I think it adds to the character development and allows the reader to get a feel for the deeper aspects of what makes the man "tick".

---

### **Randy Tramp says**

Jason and Vanessa are chasing someone who is targeting seniors at a retirement complex.

I've enjoyed this series for a few reasons. 1. Great language and no rated "R" scenes.  
2. The characters are interesting and well-developed. Not only does Jason Strong solve crimes, he's a family man.  
3. The plot is interesting, keeping me reading. I find myself looking forward to the next time I could read, and in-between, thinking about the story.

I'm looking forward to the next book.

#### **Tied To Murder**

I have just finished reading book five of the Detective Strong books. This one was as good as all the rest. The only thing I do not like about these books is that there to short. They are well written .

---

**helen marie oldwin says**

**Great mystery**

I like to read a book that is not going to be full of dirty words that takes me away from the story. This was a very good story, read all the book at one setting
