Todo por él (Multimillonario y dominador) - Vol. 1-3 Megan Harold

Adam Ritcher es joven, apuesto y millonario. Tiene el mundo a sus pies. Eléa Haydensen, una joven virtuosa y bonita. Acomplejada por sus curvas, e inconsciente de su enorme talento, Eléa no habría pensado jamás que una historia de amor entre ella y Adam fuera posible. Y sin embargo... Un deseo insaciable crece entre los dos jóvenes. ¿Sobrevivirá la apasionada relación a las trampas tendidas por aquellos que no tienen interés en ver al fogoso Adam y a la guapa Eléa juntos?

Susan says

The story COULD be good, but it isn't. Adam is closed off, won't let Elea into his life, even though there's stuff going on that REALLY concerns her. Elea is successful on her own, yet she'll throw caution to the wind for Adam, even knowing something isn't right with their relationship. She gets threatened and attacked because of him, yet doesn't tell him until she's almost forced to.

Characters are one-dimensional. There's no back story to their lives. You'll have to purchase 3 more volumes to come to the end of their story.

This book DOES end on a cliffhanger, which it doesn't specify. You need to have money to purchase the next 3 volumes. Lame.

Sal says

Really enjoyed this story. The characters are believable, right down to the lead female's self doubt, lead male...there's much more I would like to know about him as he is the typical closed book billionaire, still I liked him an awful lot. Plenty of twists and turns and the bad guys are intriguing. All in all a thoroughly enjoyable read.

Margaret says

Good story

I can't wait to see what happens next. Will elea and Adam get back together, what is up with his odd family?

Natasna says

so once again like most of the "Fifty Shades of Grey" billionaire books out there, it has an arrogant business man and a down to earth woman who is a very talented musician. She is curvy and unsure of herself and she wonders why does this man take such interest in her. But he is interested in getting to know her more and she loves it. His family on the other hand doesn't want him to have anything to do with her saying that she is not the type that he should be associating with and it will look bad on the business. He brings out a side of her that she didn't know she possessed. When things start to look great she starts getting threatening letters and was attacked it to herself but then once she get her favorite job with a music company in NY and the building goes up in flames she is terrified. Then tragedy strike with an earthquake and she has been temporarily paralyzed and has to rely on him to get her places, things become too complicated when his aunt and no good cousins comes and tells her she needs to leave him alone and they will do anything to make that happen. She decides that they need a break from one another and just when she was trying to regroup up pops his cousin

at her new job and then she gets some shocking news that the girl that has been playing her lovers decoy girlfriend is "pregnant" with his baby.. CLIFFHANGER

this was a quick read and I am interested in finding out what will happen next

Una grata sorpresa este libro. Muy lejano a lo que esperaba algo asi como tipo 50 sombras. No es de lo mejor es decir es el tipo comun hombre millonario etc. etc. pero se deja leer y no cansa. Escenas de sexo no jartan y no son la mayoria del libro cosas muy importante para mi en otras palabras tiene contenido, historia y accion.

Great Read

I read this set in 1 day . Looking forward to reading more of this story. Will read more of the authors books in the future.

Not what I expected

This series was kind of confusing. Crazy family dynamics that are never quite explained and they keep getting weirder. Bi-polar characters that just get worse. Best part of the book was.....the end. It ended as a cliffhanger and for once I don't care because it finally ended.

Stephanie (Between the Coverz) says

I couldn't get into this one at all. It just seemed like it was trying to hard to be like Fifty Shades of Gray but failed miserably. I didn't even make it through half of it before I had to stop reading. I love romance and erotic romance books, however this book just wasn't for me. It felt to choppy and I felt that it would just skip over things. The writing to me just wasn't very smooth or intriguing.

Adriana Buiuca says

It was pretty good and I really enjoyed it. It got me connected fast with the characters. It has potential. But then I saw that there are 3 or 4 more books in the series with them and I don't think I will pay all that money to buy them all. Part 10-12 is the last if I'm not mistaken. So Maybe some other time or when they are on sale (if they will ever be). But for the moment I will stop with this first part.

Rudee says

These book keep me wanting to read, love them and than it just ended like, whoops buy the next book..

Denita Kee says

I've th enjoyed this story so far. Adam is infatuated with Elea. He treats her with so much love and compassion. He wants to take care of her every need. He is so gentle, patient, loving, and compassionate. But His family is determined to tear them apart. So far it's working. Elea pushes Adam away because she doesn't want to cause him problems. But then she finds out the woman she's seen him with is pregnant with his baby. What the heck I'm shocked. Cannot wait to read the rest.

Tresylain says

Amazing

Loved every minute couldn't put it down. I? was pulled in by the twist and turns the story of Adam and elea just kept me intrigued and excited to find out what happens next

Rebecca Large says

This was a terrible set it wasn't well written as some people say it was very clunky and although I need to know what happens next I will not be spending my pennies on the next set I would have it was free but thats how they reel you in. There was no descriptive sex scenes and although these can get boring if there are too many there was none at all. There were too many things that weren't explained they just happened there was no background to any of the characters i'm sorry but I wouldn't recommend this book to anyone its a one from me

Michelle Padilla says

Good read

Enjoyed book but seemed to drag in some parts. The back story isn't explained enough. Wish there was a little more too it.
