**A Moonlit Night Saga: The Vampire Hunter** Adrianna White

Start from the beginning at no cost – A Moonlit Night #1 is currently FREE!

Emily and her friends have survived the night, believing that the worst has passed. They couldn't be more wrong.

A vampire hunter has arrived in town, searching for the culprit of vicious attacks in the area. His sights are set on Xander, and will stop at nothing to claim his bounty. The only question is, who exactly is behind the attacks?

The Vampire Hunter is a paranormal tale of romance and suspense. Two men stand across from each other, and Emily must put her feelings aside and choose between the two of them. Even if it means life and death.
