## **Big Lake** Nick Russell

When an armored car hijacking leaves two men dead, Arizona Sheriff Jim Weber takes the crime personally, because one of the dead men is his brother-in-law. His hunt for the killers leads him into a world of sordid sex, deceit, and violence, with a suspect list that includes jilted women, a family of anti-government survivalists, and the beautiful wife of the richest man in town.

With a plot that has more twists and turns than an Arizona mountain road, a cast of characters you won't soon forget, and a shocking ending that shakes the town of Big Lake to its very foundation, this first book in the Big Lake series will keep you turning pages to the very end!

One reviewer has referred to the Big Lake mystery series as "Mayberry Meets Twin Peaks." It's a combination of humor and intrigue that launched author Nick Russell's first Big Lake book into Amazon's 100 Top Paid Kindle books for over 78 days!

**Great read**

Great story. Interesting, likable, characters. The story is suspenseful, with a little humor and romance. You'll be surprised at the ending on who pulled off the dirty deeds! Great book, Great author. On to Big Lake book 2....

**BigLake**

Now I get all the hype about this book. It was a solid storyline, and moved just fast enough to keep my attention. Pretty accurate portrayal of life in a small town. Didn't see the ending coming. I guess now I need to buy the rest of the series.

**Great**

You are an exceptional writer Mr. Russell! I not expect that ending. Whoa! This book was outstanding to the end.

---

**Jackie Roche says**

I thoroughly enjoyed this book and look forward to reading more in this series.

**Great mystery**

I never read books twice but thus was the exception. The images of the area are so real you feel you are

there. The plot is filled with twist and turns. The characters are vivid and you end up feeling you know them. Very entertaining.

**Surprising!**

Rare insight into a small town and the feelings of 'Locals'. "Big Lake" grabbed me from the beginning and just got better all the way to the end!

Good story written well.

**Good read**

I enjoyed this author . Book was well written. It has lots of twists and turns. I will read another of his books

This is a very interesting novel. The characters are well-drawn, although at times a little extreme; the plot is sufficiently complex and clearly presented; the writing style is mostly smooth and skilled; the surprise ending was quite sudden and not foreshadowed, but it worked. The author does need to hire an editor who will get rid of many of the extraneous apostrophes scattered throughout. Plural and plural possessive nouns were frequently miswritten; "it's" was used a number of times when the author meant "its." I expect to download more of this author's work.

Discovered this series through Kindle Unlimited and got hooked. I live in Arizona and love the White Mountains as the location. A good mix of characters men and women in strong roles and he captures the feel of the small towns in that area.

**Great Read! Twists and turns til the end!**

Very enjoyable! Great plot, characters and just enough twists to keep you guessing! Little romance, little humor, just enough of all the right components to make this a book a great read!

I received this book free for an honest review.

Love this series.

**Linda Pobanz says****Big**

This is the second time I have read this and realized I didn't remember much about the book. It's been over a year and a lot of books. It's just as exciting and intriguing as I remember. It was good the first time and even better the second. I can't wait for my husband to read them!

**Mguhlin says****Ugh**

Despite generally ok writing and few typos, there were really painfully misused words that speak to poor editing and beta reading. Unfortunately the plot was pretty transparent while the casual sexism of the characters was ultimately unbearable.

**Darcey Tomasino says****On the fence**

I liked the storyline and the characters, but feel like some scenes were irrelevant and others too rushed. I'm also baffled as to how a lifelong writer doesn't know how to use apostrophes correctly. I'm on the fence about getting the next book in the series.
